Hi Do you mind taking a look at REF-00000345 when you can. I am thinking of forwarding this to ISPguidelines@aer.gov.au . Do you think this is the most suitable team? Otherwise, I can see there is some info on our submissions page in OneNote advising to send to and Cc Compliance issues register: ISP and Actionable RIT-Ts complaint

Hmm - go the email first then follow up with and if we don't receive a response

Thanks.
