Dear Anthony

Re: GrainCorp Operations Limited Proposed 2011 Port Terminal services Access Undertaking

We refer to the ACCC's correspondence of 16 May 2011, and to our discussions with the ACCC ("Commission") this morning.

As permitted by section 44ZZBC(4) of the *Competition and Consumer Act 2010* (Cth), we seek the Commission's agreement to stop the clock on the period for the Commission's consideration and determination of our proposed 2011 Undertaking from 18 May 2011 until 21 June 2011 inclusive ("Period"). The calculation of time is to restart on 22 June 2011.

We look forward to your response and agreement to disregard this Period in working out the expected period under section 44ZZBC(4).

Yours faithfully
