

FREIGHT AND LOGISTICS COUNCIL OF WESTERN AUSTRALIA

Mr Anthony Wing
General Manager
Transport and General Prices Oversight
ACCC
GPO Box 520
MELBOURNE VIC 3001

Dear Mr Wing

***Cooperative Bulk Handling Limited Proposed Port Terminal Services
Access Undertaking***

Thank you for the opportunity to make submission to this enquiry on behalf of the Freight and Logistics Council of Western Australia.

The Council advises the Minister for Transport in Western Australia on matters relating to policy and planning of infrastructure and operational issues impacting on the movement of freight in this State.

Consistent with its charter, the Council would like to support Cooperative Bulk Handling Limited's proposal to the ACCC on this matter on the grounds that it will promote operational and economic efficiencies in both the State's port system and the land-side supply chain serving it.

The Council's support is predicated on the presumption that the proposed arrangements are open, commercial and to do not impede entry into the State's grain supply chain in respect of both ship and landside port operations.

We would be pleased to elaborate on this submission as appropriate.

Yours sincerely

Dr Fred Affleck
Chairman
