Dear Jennifer

**Re: Schedule 1 – standard processes for disconnection of copper services (other than special services)**

I refer to your letter of 8 July 2016 advising that Telstra intends to publish a replacement for this schedule in accordance with clause 5.2(e) of the Migration Plan in the form that Telstra proposed on 25 May 2016.

I note your advice that Telstra has consulted wholesale customers and NBN Co over this proposed replacement schedule and they did not raise concerns over Telstra proceeding to publish it.

The ACCC considers that the Replacement Schedule 1 is compliant with the Migration Plan Principles and does not object to Telstra publishing it.

I note that Telstra is also to develop Replacement Schedule 2 (Telstra existing standard processes for disconnection of HFC services).

Please contact Ed Seymour on (03) 9290 1886 if you would like to discuss this matter further.

Yours sincerely

Sean Riordan
