Dear Mr Little

Replacement Required Measures 5(A), 5(C) and 5(D) under the Migration Plan

I refer to your letter dated 20 April 2021 advising that industry consultation for proposed amendments to Required Measures (RM) 5(A), 5(C) and 5(D), in relation to the disconnection and migration of Telstra legacy business services in 2022 under the Migration Plan, concluded on 6 April 2021.

I note that there were no objections to the proposal and Telstra and NBN Co have agreed to the amendments.

We consider that the replacement Required Measures are consistent with the Migration Plan Principles and do not object to their publication on Telstra's Wholesale Customer Portal in accordance with clause 5.2(e) of the Migration Plan.

We encourage Telstra to continue working closely with NBN Co and retail service providers throughout the migration window to maintain service continuity for customers and enable a smooth transition to alternative services.

Please contact Ifa Rushdi if you would like to discuss this matter further.

Yours sincerely

Sean Riordan
General Manager
Communications Markets and Advocacy Branch
