Dear Ms van Beelen

Required Measures 1(b) and 6 under Telstra's Migration Plan

I refer to your letter of 20 July 2012 seeking approval to amend Telstra's work plans for the development of Required Measures 1(b) (Notification of Pull Through Exception Events) and 6 (Information Security Plan for NBN Co Migration Information) to reflect updated timeframes for filing these required measures with the Australian Competition and Consumer Commission (ACCC).

The ACCC understands that there are ongoing discussions between Telstra and NBN Co Limited (NBN Co) on the development of these Required Measures. As the operation of these Required Measures is impacted by NBN Co processes, the ACCC considers that NBN Co's input is important to ensure the objectives of the Migration Plan are satisfied.

In respect of Required Measure 1(b), I encourage Telstra to continue to work with NBN Co to develop this Required Measure as soon as reasonably practicable. To this end, I agree to Telstra's request to amend the work plan for Required Measure 1(b) to reflect that consultation will commence at a later date. However, I request an update on the development of this Required Measure by no later than 13 August 2012.

In respect of Required Measure 6, I agree to Telstra's request to amend the work plan to reflect that this Required Measure will be filed with the ACCC in mid August. As you are aware, the ACCC intends to undertake public consultation on this Required Measure.

Should you have any questions, please contact Ed Seymour on (03) 9290 1886 or Evan Marginson on (03) 9658 6416.

Yours sincerely
