Dear Mr Cosgrave,

Consultation on Required Measure 5(E)

In accordance with clause 5.2 of the Migration Plan, we are writing to notify you that Telstra has now commenced consultation on the proposed Required Measure 5(E) (**RM5(E)**). RM5(E) reflects the disconnection processes that will apply to Wholesale Transmission, Managed Leased Line and Data Carriage Service Direct Special Services (when delivered over copper) and Special Service Inputs that are certified as being used to provide an equivalent product. The development of RM5(E) was triggered by Telstra announcing a national product exit for the relevant products on 6 October 2016.

Please find attached the RM5(E) and our submission in support.

We have advised Wholesale Customers and NBN Co of the consultation on RM5(E). In line with that consultation we also request that any feedback you have on RM5(E) be provided to us by 20 March 2017.

Please do not hesitate to contact Matthew Scott on (03) 8649 7651 if you have any comments in the meantime.

Yours sincerely

Jane van Beelen
