Dear Jane

Re: Replacement of Required Measures 1, 2, 3 and 4

Thank you for providing the ACCC with the final form of replacement Required Measures 1, 2, 3 and 4, and a summary of the related feedback from wholesale customers and NBN Co.

The ACCC considers that the replacement Required Measures are compliant with the Migration Plan Principles and does not object to Telstra publishing them in accordance with clause 5.2(e) of the Migration Plan.

We note Telstra has advised the ACCC that it's still developing some operational processes relating to Required Measures 2 and 3 and that, once finalised, may need to update these Required Measures and/or seek approval for a variation to the Migration Plan.

Similarly, we note that there could be a need for Telstra to revisit these processes in light of subsequent operational experience.

Please contact Ed Seymour on (03) 9290 1886 if you would like to discuss this matter further.

Yours sincerely
