Dear Mr Cosgrave,

**Notification of completion of consultation on Required Measure 5(A) (previously Required Measure 5) and Required Measure 5(B) and intention to publish RM5(A) and RM5(B).**

In accordance with clause 5.2 of the Migration Plan, we are writing to notify you that consultation periods for the proposed Required Measure 5(A) (**RM5(A)**) and Required Measure 5(B) (**RM5(B)**) have now concluded.

We are pleased to advise that we have not received any concerns from Wholesale Customers on either RM5(A) or RM5(B).

nbn co. identified several minor drafting points in each RM5 that ensured consistency with other relevant documents. These have largely been accepted and can be seen in the marked-up versions of RM5(A) and RM5(B) attached.

Telstra has decided to rename the first Required Measure 5 to Required Measure 5(A). This change has been made to avoid confusion with subsequent RM5s that will be published for other Special Services.

We note that the ACCC is not required to approve RM5(A) or RM5(B), but may object to either of them if they are not compliant with the Migration Plan Principles. Subject to any objections from the ACCC, Telstra proposes to publish these Required Measures on 27 February 2017.

Clean and marked-up versions of RM5(A) and RM5(B) are attached to allow you to publish them on the ACCC's website.

Please do not hesitate to contact Matthew Scott on (03) 8649 7651 if you would like to discuss any of these documents.

Yours sincerely
