Port Terminal Services Access Undertaking

General terms

1 Background

1.1 Introduction

- (a) GrainCorp operates the Port Terminal Facilities at the Port Terminals.
- (b) The Port Terminal Facilities provide services relating to the export of Bulk Wheat and other commodities.
- (c) GrainCorp has historically provided access to services provided by the Port Terminals to third parties under open access policies.
- (d) GrainCorp exports Bulk Wheat using the Port Terminal Services.
- (e) Under section 8 of the WEMA, a person who is the provider of one or more port terminal services (as defined under that Act) must satisfy the 'access test' if the provider, or an associated entity (as defined in the Act) of the provider, also exports Bulk Wheat using the port terminal services.
- (f) At the Variation Date, the 'access test' under the WEMA requires:
 - (i) the person to comply with the continuous disclosure rules in relation to a port terminal service; and
 - (ii) either there is:
 - (A) an access undertaking in operation (under Division 6 Part IIIA of the *Competition and Consumer Act 2010*) relating to the provision to wheat exporters of access to the port terminal service for purposes relating to export of Bulk Wheat and the access undertaking obliges the person to comply, at that time, with the Continuous Disclosure Rules; or
 - (B) a decision in force that a regime established by a State or Territory for access to the port terminal service is an effective access regime (under Division 2A Part IIIA of the CCA) and under that regime wheat exporters have access to the port terminal service for purposes relating to the export of Bulk Wheat.
- (g) GrainCorp has submitted this Undertaking to the ACCC for approval under Part IIIA of the CCA for the purpose of satisfying the 'access test'.
- (h) The ACCC monitors compliance of undertakings accepted under Part IIIA of the CCA.
- (i) The ACCC may approve the Regulated Access, Pricing and Monitoring Committee or a member of the ACCC to exercise a decision making function under this Undertaking on its behalf and that approval may be subject to any conditions which the ACCC may impose.

1.2 Objectives

The Undertaking has the following objectives:

- (a) providing a framework to manage negotiations with Applicants for access to services provided by certain facilities at the Port Terminals in relation to the export of Bulk Wheat;
- (b) establishing a workable, open, non-discriminatory and efficient process for lodging and processing Access Applications;
- (c) providing a non-discriminatory approach to pricing and the provision of Port Terminal Services under which GrainCorp publishes reference prices annually and offers access to standard services on the terms and conditions contained in Schedule 5;
- (d) operating consistently with the objectives and principles in Part IIIA of the CCA and the Competition Principles Agreement;
- (e) reaching an appropriate balance between:
 - (i) the legitimate business interests of GrainCorp, including:
 - (A) the recovery of all efficient costs associated with the granting of access to the Port Terminal Services;
 - (B) a fair and reasonable return on GrainCorp's investment in the Port Terminal Facility commensurate with its commercial risk;
 - (C) GrainCorp's business interests relating to the export of grain other than Bulk Wheat and to the export of non-grain commodities using the Port Terminal Facilities; and
 - (ii) the interest of the public, including:
 - (A) ensuring efficient use of resources; and
 - (B) the promotion of economically efficient investment, use and operation of the Port Terminals; and
 - (iii) the interests of Applicants wanting access to the Port Terminal Services, including providing access to the Port Terminal Services:
 - (A) on non-discriminatory price and non-price terms; and
 - (B) in a transparent, open, efficient and non-discriminatory manner;
- (f) providing an efficient, effective and binding dispute resolution process in the event that GrainCorp and the Applicant are unable to negotiate a mutually acceptable Access Agreement; and
- (g) in accordance with the objective in s44AA(b) of the CCA, providing for a uniform approach to access to the Port Terminal Services at the

different Port Terminals to the extent practicable having regard to the different characteristics of the Port Terminals.

2 Structure

2.1 Components

This Undertaking applies in relation to access to Port Terminal Services provided by means of Port Terminal Facilities at a number of Port Terminals (listed in Schedule 1). The Port Terminal Facilities are geographically separate and have different physical and operating characteristics and modes of operation.

2.2 Priority

To the extent of any inconsistency between the General Terms and the Schedules, they are to apply in the following order of priority:

- (a) Schedule 1 and Schedule 2;
- (b) the General Terms; and
- (c) Schedules 3 to 5.

2.3 Obligation to procure

If the performance of an obligation under this Undertaking requires a Related Body Corporate of GrainCorp to take some action or refrain from taking some action, GrainCorp must procure that Related Body Corporate to take that action or refrain from taking that action.

3 Term and variation

3.1 Commencement Date

For the purposes of the WEMA:

- (a) all provisions of this Undertaking other than clauses 5.5(b), 5.5(c), 9, 10, 11 and 12 and Schedule 6 commence on 1 August 2011 and GrainCorp will comply with those provisions on and from this date; and
- (b) clauses 5.5(b), 5.5(c), 9, 10, 11 and 12 and Schedule 6 commence on 1 October 2011 and GrainCorp will comply with those provisions on and from this date.

3.2 Expiry

This Undertaking expires on the earlier of:

- (a) 30 September 2014 ~~2015~~;
- ~~(a)~~(b) the date on which the WEMA (including the “access test”) is repealed and; the Code, having been declared by regulations under section 51AE of the CCA as a mandatory industry code, comes into effect; or
- ~~(b)~~(c) the day the ACCC consents to GrainCorp withdrawing the Undertaking in accordance with Part IIIA of the CCA (including under clause 3.3).

3.3 Early withdrawal of the Undertaking

GrainCorp may seek the approval of the ACCC to the withdrawal of this Undertaking on the occurrence of any of the following events:

- (a) GrainCorp or a Related Body Corporate ceases to export Bulk Wheat using the port terminal service; or
- (b) the WEMA, and/or any other applicable legislation from time to time, is amended such that there is no longer any legislative requirement for GrainCorp to have in place an access undertaking under Part IIIA of the CCA in relation to access to any of the Port Terminal Services in order for GrainCorp or its Related Bodies Corporate to export Bulk Wheat.

3.4 Variation for a particular Port Terminal

GrainCorp may seek the approval of the ACCC to the variation of this Undertaking by removing the Port Terminal Services provided at a particular Port Terminal on the occurrence of any of the following events:

- (a) the Port Terminal is disposed of to a person who is not a Related Body Corporate of GrainCorp and GrainCorp ceases to operate or control the Port Terminal Facilities at that Port Terminal; or
- (b) there is in force under Division 2A Part IIIA of the CCA a regime established by a State or Territory for access to services provided at the Port Terminal and under that regime persons seeking to export Bulk Wheat have access to Port Terminal Services (or services substantially similar to the Port Terminal Services) for purposes relating to the export of Bulk Wheat.

3.5 Other variations

- (a) If, during the term of the Undertaking, GrainCorp is of the opinion that circumstances have changed such that this Undertaking:
 - (i) is no longer commercially viable for GrainCorp or becomes inconsistent with the objectives set out in clause ~~1.21-2~~; or
 - (ii) is no longer consistent with the Continuous Disclosure Rules as a result of changes to the WEMA or any other applicable legislation,

GrainCorp may seek the approval of the ACCC to vary this Undertaking.

- (b) Prior to seeking the approval of the ACCC under clause ~~3.5(a)~~^{3.5(a)}, GrainCorp will first consult with counterparties to Access Agreements and Applicants regarding the proposed variation.

4 Scope

4.1 Application of Undertaking

- (a) This Undertaking applies to:
 - (i) the negotiation of any new Access Agreement entered into, or to be entered into, by the Port Operator and a User in respect of Port Terminal Services to be provided by the Port Operator at

any time during the period 1 October 2011 to 30 September 2014;

- (ii) the negotiation of access to Port Terminal Services in addition to Port Terminal Services already the subject of an executed Access Agreement; and
 - (iii) a decision by GrainCorp to unilaterally vary the prices at which Port Terminal Services are provided under an executed Access Agreement.
- (b) This Undertaking does not apply to the negotiation of any Access Agreement which will have a commencement date before 1 October 2011 or after the expiry of this Undertaking.
- (c) Clauses 5 – 7, clause 8.2, clause 9.2(c), clauses 9.3 – 9.5, clause 10.1, clause 11 and Schedule 6 of this Undertaking do not apply to Port Terminal Services provided by means of a Port Terminal Facility at the Carrington (Newcastle) Port Terminal, or, to avoid doubt, the Newcastle Port Terminal Services Protocols.

4.2 Meaning of Port Terminal Services

- (a) This Undertaking applies only to access to Port Terminal Services.
- (b) “**Port Terminal Services**” means the services described in Schedule 2 in relation to Bulk Wheat provided by means of a Port Terminal Facility, and the use of a Port Terminal Facility and use of all other associated infrastructure owned, operated or controlled by GrainCorp at a Port Terminal which in each case is necessary to allow Applicants and Users to export Bulk Wheat through that Port Terminal.

4.3 Meaning of Port Terminal Facility

“**Port Terminal Facility**” means a ship loader that is:

- (a) at a Port Terminal; and
 - (b) capable of handling Bulk Wheat;
- and includes any of the following facilities:
- (c) an intake/receival facility;
 - (d) a grain storage facility;
 - (e) a weighing facility;
 - (f) a shipping belt;
- that is:
- (g) at the Port Terminal; and
 - (h) associated with the ship loader; and
 - (i) capable of dealing with Bulk Wheat.

The Port Terminal Facilities at each Port Terminal are described in Schedule 1.

4.4 Nature of Port Terminal Services

The Port Terminal Services may include:

- (a) intake and receival services;
- (b) storage and handling services;
- (c) ship nomination, acceptance, booking, cancellation and preparation of a Site Assembly Plan; and
- (d) ship loading.

4.5 What this Undertaking does not cover

- (a) The grain supply chain comprises the following activities:
 - (i) intake and receival services (inland);
 - (ii) grain storage and handling (inland);
 - (iii) transportation (from inland facilities to at port facilities);
 - (iv) services at port terminals (at port); and
 - (v) shipping services (at port).
- (b) To avoid doubt, this Undertaking does not apply:
 - (i) to access to services not being Port Terminal Services provided by GrainCorp in relation to Bulk Wheat; or
 - (ii) in relation to other facilities owned by GrainCorp which are part of the grain supply chain such as up country receival and accumulation facilities; or
 - (iii) to the transportation of Bulk Wheat to port; or
 - (iv) to grains which are not wheat; or
 - (v) to wheat which is not Bulk Wheat.
- (c) Nothing in this Undertaking prevents GrainCorp from agreeing with an Applicant or User to provide access to port terminal services for grains other than Bulk Wheat and other services related to Port Terminal Services.

5 Price and non-price terms

5.1 Access to Standard Port Terminal Services

On request by an Applicant in accordance with clause 6, GrainCorp will offer to supply the Standard Port Terminal Services to the Applicant:

- (a) at the Reference Prices published under clause 5.3; and
- (b) on the Standard Terms under clause 5.4,

and this Undertaking recognises the ability of an Applicant to negotiate for, and an arbitrator to arbitrate on, access to:

- non Standard Port Terminal Services (that are nonetheless within the ambit of Port Terminal Services);
- non Standard Terms (for Port Terminal Services or Standard Port Terminal Services);
- prices other than Reference Prices (for Port Terminal Services or Standard Port Terminal Services); or
- any combination of the above.

5.2 Standard Port Terminal Services

- (a) The Standard Port Terminal Services for each Port Terminal are set out in Schedule 2.
- (b) GrainCorp is under no obligation to provide access to a Standard Port Terminal Service (or to enter into an Access Agreement for them) beyond the term of this Undertaking unless GrainCorp chooses to do so in its absolute discretion.

5.3 Reference Prices

- (a) By no later than 31 August of each year, GrainCorp must, for access to each Standard Port Terminal Service, publish reference prices (“**Reference Prices**”) on GrainCorp’s website.
- (b) Unless varied in accordance with clause 5.6 the Reference Prices must apply for a period not ending before 30 September of the next year.
- (c) If GrainCorp has not already complied with clause ~~5.3(a)~~5.3(a) at the commencement of this Undertaking, then it must do so within three Business Days of its commencement.
- (d) GrainCorp must give the ACCC copies of Reference Prices within three Business Days following publication.

5.4 Standard Terms

- (a) The Standard Terms are the terms and conditions set out in the Indicative Access Agreement in Schedule 5 to this Undertaking (“**Standard Terms**”).
- (b) Unless varied in accordance with clause 5.6, the Standard Terms must apply for the term of the Undertaking.
- (c) The Standard Terms offered to an Applicant must include the Port Terminal Services Protocols, as varied from time to time.
- (d) Nothing in this Undertaking prevents the parties agreeing to include terms relating to access to the Port Terminal Services in an agreement also applying to access to other services provided by GrainCorp but, to avoid doubt, this Undertaking (including clauses 6 and 7) will only apply to the terms relating to the provision of access to Port Terminal Services.

5.5 Non-discriminatory access

- (a) In providing access to Port Terminal Services, GrainCorp must not discriminate between different Applicants or Users in favour of its own Trading Division, except to the extent that the cost of providing access to other Applicants or Users is higher.
- (b) For the avoidance of doubt, Shipping Stem Maintenance is a Port Terminal Service, to which clause 5.5(a) applies.
- (c) Within five Business Days of executing an Access Agreement with its own Trading Division, GrainCorp must provide to the ACCC a copy of that Access Agreement.
- (d) During the term of this Undertaking, but not more than twice in every 12 month period, the ACCC may require GrainCorp to appoint an Independent Auditor to provide a report in relation to GrainCorp's compliance with clause ~~5.5(a)~~5.5(a). If the ACCC requires GrainCorp to appoint an Independent Auditor, the provisions set out in Schedule 6 will apply.
- (e) The ACCC may approve a member of the ACCC to exercise any powers under clause 5.5(d) or Schedule 6 of this Undertaking on behalf of the ACCC.

5.6 Variation to Reference Prices and Standard Terms

- (a) GrainCorp may vary the Reference Prices from time to time. GrainCorp must provide the ACCC with copies of variations to the Reference Prices within three Business Days following publication.
- (b) GrainCorp may vary the Standard Terms with approval from the ACCC in accordance with the procedure in Division 6 of Part IIIA of the CCA.
- (c) Any variation under clause ~~5.6(a)~~5.6(a) or ~~5.6(b)~~5.6(b) must be published at least 30 days prior to the date on which it is to become effective in the same locations as it publishes its Reference Prices and Standard Terms.
- (d) To avoid doubt, any variations to the Reference Prices or Standard Terms do not automatically override the terms of existing access agreements.

5.7 Request for Information

- (a) The ACCC may, by written notice, request GrainCorp to provide information or documents that are required by the ACCC for the reasons specified in the written notice to enable it to exercise its powers or functions in relation to this Undertaking.
- (b) GrainCorp will provide any information requested by the ACCC under clause 5.7(a) in the form and within the timeframe (being not less than 14 days) specified in the notice.

6 Negotiating for access

6.1 Good faith negotiation

GrainCorp will negotiate with an Applicant for the provision of access to Port Terminal Services in good faith in accordance with the terms of this Undertaking.

6.2 Framework

- (a) This part of the Undertaking outlines the process to be followed for an Applicant to gain access to the Port Terminal Services. It provides for:
- (i) **Preliminary inquiry**- preliminary exchanges of information and meeting to enable an Access Application to be lodged;
 - (ii) **Access Application**- submission of a formal Access Application by the Applicant;
 - (iii) **Negotiation**- negotiating an Access Agreement;
 - (iv) **Access Agreement** – acceptance and execution of an Access Agreement.
- (b) If, at any time during this process, a Dispute arises between the parties, then either party may seek to resolve the Dispute in accordance with the Dispute resolution process outlined in clause 7.

6.3 Preliminary inquiry

(a) Provision of information

- (i) Subject to clause ~~6.3(a)(iv)~~~~6.3(a)(iv)~~, GrainCorp will provide any information requested by an Applicant which is related to access to the Port Terminal Services and which is reasonably required by the Applicant to assist in negotiations in relation to an Access Application within five Business Days of receiving the request.
- (ii) If the Applicant's request for information is not sufficiently clear or detailed to enable GrainCorp to identify and collate the information sought by the Applicant, GrainCorp must notify the Applicant within three Business Days and seek further clarification of the Applicant's request.
- (iii) Upon receiving clarification from the Applicant, GrainCorp will provide the information requested to the Applicant within a further four Business Days. To avoid doubt, the Applicant may seek further information in accordance with clause 6.3(a)(i) at any time prior to the completion of an Access Agreement.
- (iv) GrainCorp's obligation under clause ~~6.3(a)(i)~~~~6.3(a)(i)~~ and ~~6.3(a)(iii)~~~~6.3(a)(iii)~~ is subject to:
 - (A) GrainCorp not disclosing any information which would breach a confidentiality obligation binding on it or which it considers (acting reasonably) is commercially sensitive in relation to its own operations; and

- (B) GrainCorp being able to refuse the request if:
- (aa) it is unduly and manifestly onerous to GrainCorp, having regard to the following:
- the operational, commercial and logistical information that is required by grain exporters around the world for use of port terminal services for the exporting of Bulk Wheat;
 - whether GrainCorp has access to and control of the information requested, or whether compliance with the Applicant's request would require GrainCorp to engage third party consultants or advisers in order to gather, collate or present the information;
 - GrainCorp's staffing, technical and financial capability to obtain and provide the information requested by the Applicant;
 - the volume of, and timeframe within which, information is requested by the Applicant; or
- (ab) the information requested by the Applicant is not ordinarily and freely available to GrainCorp.

(b) **Parties to Negotiation**

- (i) GrainCorp reserves the right to negotiate only with an Applicant who complies with the requirements and processes set out in this Undertaking. If an Applicant does not comply with the relevant obligations and processes, and such non-compliance is material, GrainCorp will not be obliged to continue negotiations regarding the provision of access for that Applicant.
- (ii) At the date of this Undertaking, an Applicant is required to be an Accredited Wheat Exporter. However, if the requirement to obtain accreditation under the WEMA, or any other applicable legislation, is removed at any time during the term of this Undertaking, an Applicant must otherwise be entitled to export Bulk Wheat. It is the responsibility of the Applicant to ensure that they are in compliance with the relevant legal requirements for the purposes of exporting Bulk Wheat.
- (iii) If GrainCorp refuses to negotiate, or ceases to negotiate, with an Applicant, for any reason, it will, on the day of the decision to refuse or cease to negotiate, provide to the Applicant written reasons for such refusal.

- (iv) If the Applicant considers that GrainCorp has unreasonably refused to commence, unreasonably delayed or unreasonably ceased negotiations for any reason, then the Applicant may refer the matter to the arbitrator in accordance with clause 7.4. If the arbitrator determines that GrainCorp has unreasonably refused to commence, unreasonably delayed or unreasonably ceased negotiations, GrainCorp will recommence negotiations immediately, subject to any other determination the arbitrator makes.
- (v) If at any time, GrainCorp is of the view that an Applicant's request for access is not in good faith or the Applicant is not negotiating in good faith, GrainCorp may refer the request to the arbitrator in accordance with clause ~~7.47.4~~ for determination. If the arbitrator determines that the request or negotiation is not in good faith, then GrainCorp will be entitled to cease negotiations, subject to any other determination the arbitrator makes. The arbitrator may consider whether or not an Applicant is negotiating in good faith as a preliminary or threshold question in any arbitration.

6.4 Access Application

(a) Application process

- (i) Requests for access to the Port Terminal Services are to be submitted to GrainCorp and must include the information contained in Schedule 4.
- (ii) Prior to an Applicant submitting an Access Application, GrainCorp will, if requested conduct initial meetings with the Applicant within three Business Days of the request, to discuss the Access Application and to provide clarification of the process as outlined in this Undertaking and in particular, the information requirements set out in Schedule 4.

(b) Acknowledgment

- (i) Upon receiving an Access Application from an Applicant, GrainCorp will acknowledge receipt of the Access Application in writing (or electronically) to the Applicant within three Business Days of its receipt, or such longer period in accordance with clause ~~6.4(b)(iv)~~~~6.4(b)(iv)~~.
- (ii) If the Application is incomplete, prior to acknowledging the Access Application, GrainCorp may seek in writing:
 - (A) such additional information; or
 - (B) clarification of the information that has been provided in the Access Application,

to the extent that such additional information or clarification is reasonably required to enable GrainCorp to consider the Access Application.

(iii) If GrainCorp seeks additional information or clarification in accordance with clause ~~6.4(b)(ii)~~~~6.4(b)(ii)~~, it will advise the Applicant of the additional information or the clarification required within three Business Days of receipt of the Access Application.

(iv) Upon receiving the required information or clarification from the Applicant, GrainCorp will provide written acknowledgment of the receipt of the completed Access Application within three Business Days.

6.5 Access to Standard Port Terminal Services before an Access Agreement is executed

(a) If an Applicant lodges an Access Application, and requests access to Port Terminal Services prior to finalising and executing an Access Agreement, GrainCorp will, subject to the Applicant satisfying the Prudential Requirements, within three Business Days of receiving the request, offer to provide access to the Standard Port Terminal Services on the Standard Terms and at the Reference Prices.

(b) The Applicant may accept GrainCorp's offer to provide access to the Standard Port Terminal Services on the Standard Terms and at the Reference Prices by executing an "Interim Agreement" consisting of the Standard Terms and Reference Prices.

(c) The Interim Agreement will terminate on the earlier of:

(i) the date on which an Access Agreement is entered into;

(ii) the date on which the parties agree otherwise;

(iii) a date determined by an arbitrator under clause 7; or

(iv) if, by the end of the Negotiation Period, neither party has lodged a Dispute Notice, the end of the Negotiation Period.

(d) To avoid doubt, the Interim Agreement does not preclude the parties from entering into an Access Agreement.

(e) If an Interim Agreement terminates under clause ~~6.5(c)~~~~6.5(e)~~, and an Applicant lodges a new Access Application, an Applicant may again request access to Port Terminal Services and clauses ~~6.5(a)~~~~6.5(a)~~ to ~~6.5(d)~~~~6.5(d)~~ and clause ~~6.5(f)~~~~6.5(f)~~ will apply.

(f) An Access Agreement once executed will apply retrospectively from the later of:

(i) the date on which the Interim Agreement was executed; or

(ii) a date determined by an Arbitrator under clause 7,

and will replace the Interim Agreement.

6.6 Negotiation of Access Agreement

(a) Following GrainCorp's acknowledgment under clause ~~6.4(b)~~~~6.4(b)~~, GrainCorp will offer to commence negotiations as soon as reasonably

possible, but no later than five Business Days (or such longer period as agreed between the parties), to progress towards an Access Agreement.

- (b) The Negotiation Period (“**Negotiation Period**”) will commence upon GrainCorp acknowledging the Access Application under clause ~~6.4(b)~~~~6.4(b)~~ and will cease upon any of the following events:
- (i) execution of an Access Agreement in respect of access sought by the Applicant;
 - (ii) written notification by the Applicant that it no longer wishes to proceed with its Access Application;
 - (iii) the expiration of three months from the commencement of the Negotiation Period, or if both parties agree to extend the Negotiation Period, the expiration of the agreed extended period;
 - (iv) following referral to arbitration in accordance with clause ~~6.3(b)(v)~~~~6.3(b)(v)~~, the arbitrator determines that the Applicant is not negotiating in good faith;
 - (v) following a determination or direction by the arbitrator in accordance with clause 7, where an Applicant does not comply with a determination or direction of the arbitrator, and that determination or direction is not the subject of review; or
 - (vi) a notice issued by GrainCorp under clause ~~6.7(e)~~~~6.7(e)~~ becomes effective.
- (c) Upon cessation of the Negotiation Period, GrainCorp will be entitled to cease negotiations with the Applicant.
- (d) If, for any reason, the Negotiation Period ceases and an Access Agreement has not been executed, the Applicant may submit a new Access Application at any time and this Undertaking will apply to the new Access Application.

6.7 Prudential requirements

- (a) Within seven Business Days of receiving an Access Application, or a request for access to the Standard Services under clause ~~6.5~~~~6.5~~, GrainCorp may require the Applicant to demonstrate to GrainCorp that it is able to meet the Prudential Requirements and to undertake that it can meet the Prudential Requirements for the duration of the Negotiation Period.
- (b) Upon receiving a request by GrainCorp under clause ~~6.7(a)~~~~6.7(a)~~, the Applicant must demonstrate that it can satisfy the Prudential Requirements within seven Business Days.
- (c) GrainCorp will assess whether the Applicant satisfies the Prudential Requirements within five Business Days of receiving all of the required documents or evidence from the Applicant.
- (d) In the event the Applicant cannot satisfy the Prudential Requirements, GrainCorp may issue a notice of intent to end the negotiation period, to become effective 10 Business Days after the issue of the notice.

- (e) If, at any time, GrainCorp receives evidence confirming that the Applicant no longer satisfies the Prudential Requirements, on receiving such evidence GrainCorp will advise the Applicant of such evidence and issue a notice of intent to end the negotiation period, to become effective 10 Business Days after the issue of the notice.
- (f) If GrainCorp issues a notice of intent GrainCorp will provide to the Applicant written reasons for its decision to end the Negotiation Period, including reasons why the Applicant does not meet the Prudential Requirements at the time it issues the notice.
- (g) For the purposes of clause ~~6.7(a)~~6.7(a) the Applicant will be required to satisfy the following Prudential Requirements:
 - (i) the Applicant must be Solvent; and
 - (ii) the Applicant, or a Related Body Corporate of the Applicant, must not be currently, or have been in the previous two years, in Material Default of any agreement with GrainCorp based on financial issues; and
 - (iii) the Applicant must be able to demonstrate to GrainCorp that it has a legal ownership structure with a sufficient capital base and assets of value to meet the actual or potential liabilities under an Access Agreement, including timely payment of access charges and payment of insurance premiums and deductibles under the required policies of insurance or otherwise provides Credit Support acceptable to GrainCorp (acting reasonably).
- (h) For the purposes of clause ~~6.7(g)~~6.7(g), GrainCorp may:
 - (i) require the Applicant to provide:
 - (A) details of the Applicant's credit rating (if applicable);
 - (B) the Applicant's most recent financial statements;
 - (C) commercial trade references (if available);
 - (ii) consider the Applicant's previous credit history with GrainCorp;
 - (iii) engage an external credit review company to undertake a credit review.

6.8 Access Agreement

- (a) The granting of access will be finalised by the execution of an Access Agreement. The parties to the Access Agreement will be GrainCorp and an Accredited Wheat Exporter.
- (b) Once the Applicant has notified GrainCorp that it is satisfied with the terms and conditions of the Access Agreement as drafted, GrainCorp will within two Business Days, provide a final Access Agreement (or, if applicable, an amendment to an existing Access Agreement) to the Applicant for execution.

- (c) If GrainCorp offers an Access Agreement and the Applicant accepts the terms and conditions offered in that Access Agreement, GrainCorp will execute the Access Agreement within five Business Days of GrainCorp providing a final Access Agreement to the Applicant under clause ~~6.8(b)~~6.8(b), or such longer period as is agreed by the parties.

7 Dispute resolution

7.1 Disputes

- (a) This clause 7 applies to any Dispute arising in relation to:
- (i) the negotiation of new Access Agreements;
 - (ii) the negotiation of access to Port Terminal Services in addition to Port Terminal Services already the subject of an executed Access Agreement; and
 - (iii) a decision by GrainCorp to unilaterally vary the prices at which Port Terminal Services are provided under an executed Access Agreement provided the User issues a Dispute Notice within 30 days of the publication of the variation in accordance with clause 5.6(c).
- (b) An Applicant is not entitled to raise a Dispute in relation to:
- (i) the terms of the Initial Port Terminal Services Protocols or the Port Terminal Services Protocols applying at the time of the Access Application; or
 - (ii) a decision by GrainCorp to vary the prices at which Port Terminal Services are provided to reflect changes to the Consumer Price Index.
- (c) Any Dispute will, unless otherwise expressly agreed to the contrary by both parties, be resolved in accordance with this clause 7 and either party may give to the other party to the Dispute notice in writing ("**Dispute Notice**") specifying the Dispute and requiring it to be dealt with in the manner set out in this clause 7. The parties must act in good faith to settle the Dispute in accordance with this clause 7.
- (d) Other than as set out in clause 7.1(a)(ii) and ~~7.1(a)(iii)~~7.1(a)(iii), any disputes in relation to an Access Agreement once executed (including the application of the Port Terminal Services Protocols) will be dealt with in accordance with the provisions of that Access Agreement.
- (e) GrainCorp will by 31 July of each year provide a report to the ACCC on any material disputes in relation to an Access Agreement and any Disputes raised by Applicants or Users or GrainCorp in the last 12 months (except for the first year in which case the report will apply to the period from the commencement of this Undertaking) including the details of any resolution and the status of unresolved matters.

7.2 Negotiation

Within five Business Days of a party giving the other a Dispute Notice, senior representatives from each party will meet and use reasonable endeavours acting in good faith to resolve the Dispute by joint discussions.

7.3 Mediation

- (a) If the Dispute is not resolved under clause [7.27.2](#) within five Business Days after the date of the Dispute Notice then:
- (i) if the parties agree, they will attempt to resolve the Dispute by mediation pursuant to this clause [7.37.3](#); or
 - (ii) if the parties do not wish to resolve the Dispute by mediation, either party may by notice in writing to the other, refer the Dispute to be determined by arbitration under clause [7.47.4](#).
- (b) If the parties agree to attempt to resolve the Dispute by mediation, the Dispute will be referred to the chief executive officers of both parties who will attempt to resolve the Dispute, including by informal mediation.
- (c) If the Dispute is not resolved within 5 Business Days after being referred to the chief executive officers under clause [7.3\(b\)](#)/[7.3\(b\)](#), GrainCorp will refer the Dispute to formal mediation in New South Wales to be mediated by a single mediator appointed by agreement of the parties or if they fail to agree within three Business Days, a mediator appointed by either:
- (i) the President of the New South Wales Chapter of the Institute of Arbitrators and Mediators of Australia (“**IAMA**”); or
 - (ii) CEO of Grain Trade Australia (“**GTA**”).

If the parties fail to agree on an organisation to appoint a mediator under clause [7.3\(c\)](#)/[7.3\(e\)](#) within three Business Days, a mediator will be appointed by the President of the New South Wales Chapter of IAMA.

- (d) Unless the parties agree otherwise:
- (i) the mediation will be conducted by a mediator (howsoever appointed under clause [7.3\(c\)](#)/[7.3\(e\)](#)) under either the IAMA Mediation Rules or the GTA Trade and Dispute Resolution Rules (whether or not the mediator is a legal practitioner);
 - (ii) the parties may appoint a person, including a legally qualified person to represent it or assist it in the mediation;
 - (iii) each party will bear their own costs relating to the preparation for and attendance at the mediation; and
 - (iv) the costs of the mediator will be borne equally by the parties.

7.4 Referral to arbitration

- (a) Notwithstanding any other provision of this Undertaking, either party may, by notice in writing to the other, (“**Arbitration Notice**”), refer a Dispute to arbitration in accordance with this clause [7.47.4](#) at any time following the issue of a Dispute Notice. The Arbitration Notice must specify the nature of the Dispute, the matters in respect of which the party is seeking arbitration and the contact details of both parties and whether the parties have agreed or are likely to agree upon a private arbitrator if the ACCC does not arbitrate the Dispute.

(b) If the Dispute referred to in the Arbitration Notice is already the subject of mediation in accordance with clause 7.3, that mediation will cease immediately.

(c) Any arbitration will be conducted in accordance with clauses [7.57.5](#) to [7.77.7](#).

7.5 Appointment of arbitrator

(a) If a Dispute is referred to arbitration in accordance with clause [7.47.4](#), GrainCorp must, within two Business Days, provide the ACCC with a copy of the relevant Dispute Notice and Arbitration Notice. All correspondence with the ACCC under this clause 7 must be addressed to:

The General Manager
Fuel, Transport and Prices Oversight
Australian Competition and Consumer Commission
Level 35, The Tower
360 Elizabeth Street
Melbourne VIC 3000
Email: transport@acc.gov.au

(b) If within five Business Days of receiving notice in accordance with clause 7.5(a), the ACCC advises GrainCorp and any other party to the Dispute in writing that it wishes to be the arbitrator in respect of the Dispute, then the ACCC will be appointed to arbitrate the dispute and the arbitration will be conducted in accordance with clause 7.6. The ACCC may approve a member of the ACCC to make a decision under this clause 7.5(b).

(c) If the ACCC:

(i) advises GrainCorp and any other party to the Dispute in writing within five Business Days of receiving notice in accordance with clause 7.5(a) that it does not wish to be the arbitrator in respect of the Dispute; or

(ii) does not advise GrainCorp and any other party to the Dispute in writing within five Business Days of receiving notice in accordance with clause 7.5(a) that it wishes to be the arbitrator in respect of the Dispute,

then, subject to clause [7.5\(e\)](#), the arbitration will be conducted by an arbitrator appointed by the agreement of the parties to the Dispute.

(d) Within two Business Days of the parties agreeing an arbitrator, GrainCorp must notify the ACCC of the name of the arbitrator.

(e) If the parties fail to agree an arbitrator within five Business Days of the expiry of the five Business Days referred to in clause 7.5(c)(i) or (ii) respectively, or such longer period as may be agreed by the parties, then either party may request the President of the NSW Chapter of IAMA to appoint an arbitrator.

7.6 Arbitration procedure if the ACCC is the arbitrator

(a) If the ACCC is the arbitrator, then except as set out in clause 7.6(b), the arbitration will be conducted in accordance with the procedures, and the

ACCC will have the powers, set out in Subdivisions C-E and G of Division 3 of Part IIIA of the CCA and any references to a “final determination” or “interim determination” in those Subdivisions will be taken to mean a final or interim determination made by the ACCC under clause 7.6 of this Undertaking.

- (b) In any arbitration conducted by the ACCC in accordance with this Undertaking:
 - (i) the ACCC may not make a determination which would have any of the effects described in section 44W of the CCA;
 - (ii) the ACCC may not make a determination which would have the effect of setting the terms and conditions of access to a Port Terminal Service in respect of any period following the expiry of this Undertaking;
 - (iii) the ACCC must have regard to the provisions of this Undertaking (including clause 5.5);
 - (iv) sections 44ZO(1)-(4) of the CCA will not apply. A determination or direction of the ACCC will be final and binding, subject to any rights of review, and will have effect on and from the date specified by the ACCC. Any or all of the provisions of a final determination may be expressed to apply from a specified day that is earlier than the day on which the final determination is made. However, that specified day may not be earlier than the date of the Access Application.
- (c) Other than in circumstances where the determination or direction is the subject of review, if an Applicant or User does not comply with a determination or direction of the ACCC, GrainCorp will not be obliged to continue negotiations for the provision of access to Port Terminal Services for that Applicant.

7.7 Arbitration procedure if the ACCC is not the arbitrator

- (a) If the arbitrator of a Dispute is not the ACCC, the arbitration will be conducted in accordance with the following procedures:
 - (i) the arbitrator will not be required to proceed with the arbitration unless and until the party that issued the Arbitration Notice has agreed to pay the arbitrator’s and other costs as determined in accordance with clause ~~7.7(h)~~7.7(h) and provided any indemnity as required in accordance with clause ~~7.7(i)~~7.7(i);
 - (ii) the arbitrator may make an interim determination granting access but only to Standard Port Terminal Services on the Standard Terms and at the then current Reference Prices;
 - (iii) subject to the involvement of and disclosures to the ACCC, unless GrainCorp and the Applicant agree otherwise, the arbitration must be conducted in private;
 - (iv) a party may appoint a person, including a legally qualified person, to represent it or assist it in the arbitration;

- (v) the arbitrator must observe the rules of natural justice but is not required to observe the rules of evidence;
 - (vi) the arbitrator must act as speedily as a proper consideration of the Dispute allows, having regard to the need to carefully and quickly enquire into and investigate the Dispute and all matters affecting the merits, and fair settlement, of the Dispute;
 - (vii) the arbitrator may determine the periods that are reasonably necessary for the fair and adequate presentation of the respective cases of the parties to a Dispute, and may require that the cases be presented within those periods;
 - (viii) the arbitrator may require evidence or argument to be presented in writing, and may decide the matters on which it will hear oral evidence or argument;
 - (ix) the arbitrator may call on any party the arbitrator believes necessary to give evidence;
 - (x) the arbitrator will present its determination in a draft form to the parties and give the parties opportunity to comment before making a final determination;
 - (xi) the arbitrator will hand down a final determination in writing which includes its reasons for making the determination and findings on material questions of law and fact, including references to evidence on which the findings of fact were based;
 - (xii) unless the parties to the Dispute agree otherwise, any determination by the arbitrator will be confidential;
 - (xiii) the arbitrator may make any determination or direction in relation to the Dispute that it considers appropriate. For the avoidance of doubt, such determination or direction may include making a binding determination in relation to the Dispute, or requiring the parties to continue or re-commence negotiations.
- (b) The arbitrator may at any time terminate arbitration (without making an award) if it thinks that:
- (i) the notification of the Dispute is vexatious;
 - (ii) the subject matter of the Dispute is trivial, misconceived or lacking in substance; or
 - (iii) the party who notified the Dispute has not engaged in negotiations in good faith.
- (c) In deciding a Dispute, the arbitrator must have regard to:
- (i) the provisions of this Undertaking (including clause 5.5); and
 - (ii) the matters set out in section 44X(1) of the CCA;
 - (iii) any guidance published by the ACCC;

- (iv) any submissions provided by the ACCC;
 - (v) the objectives and principles in Part IIIA of the CCA.
- (d) In deciding a Dispute, the arbitrator may have regard to any other matters that it thinks are relevant.
- (e) In deciding a Dispute, the arbitrator must not:
- (i) without the consent of all parties, make a determination which relates to matters which were not specified in the Arbitration Notice;
 - (ii) make a determination which would have the effect of setting the terms and conditions of access to a Port Terminal Service in respect of any period following the expiry of this Undertaking;
 - (iii) make a determination which would have any of the effects described in sections 44V(2)(d) or (da) of the CCA; or
 - (iv) make a determination which would have any of the effects described in sections 44W of the CCA.
- (f) A determination or direction of the arbitrator will be final and binding, subject to any rights of review by a court of law, and will have effect on and from the date specified by the arbitrator. Any or all of the provisions of a final determination may be expressed to apply from a specified day that is earlier than the day on which the final determination is made. However, that specified day may not be earlier than the date of the Access Application.
- (g) Other than in circumstances where the determination or direction is the subject of review by a court of law, if an Applicant or User does not comply with a determination or direction of the arbitrator, GrainCorp will not be obliged to continue negotiations for the provision of access to Port Terminal Services for that Applicant.
- (h) The arbitrator's costs and the costs of the parties to the arbitration will be borne by the parties in such proportions as the arbitrator determines. Each party may make submissions to the arbitrator on the issue of costs at any time prior to the arbitrator's costs determination.
- (i) The parties' appointment of the arbitrator must provide that:
- (i) the arbitrator must keep the ACCC advised, not less frequently than fortnightly, about the progress of the arbitration, including timelines and processes;
 - (ii) the arbitrator must provide a copy of any correspondence between the arbitrator and the ACCC relating to procedural or other matters to the parties within three Business Days; and
 - (iii) the ACCC will have the right to make submissions to the arbitrator in respect of the Dispute (subject only to complying with the procedures and timeframes for submissions determined by the arbitrator).

- (j) The arbitrator may require the parties to indemnify it from any claims made against the arbitrator arising in connection with the performance by the arbitrator of its duties under this clause 7, such indemnity excluding circumstances where the conduct of the arbitrator constitutes negligence (whether wilful or otherwise), dishonest or unlawful conduct.
- (k) GrainCorp must send a copy of any determination made by the arbitrator to the ACCC within two Business Days of the determination being made.
- (l) The *Commercial Arbitration Act 1984 (NSW)* will apply to any arbitration undertaken in accordance with this clause 7.7. To the extent of any inconsistency, the provisions of the Undertaking will have priority over the provisions of the *Commercial Arbitration Act 1984 (NSW)*.
- (m) A determination may conclusively resolve all disputes in a matter referred to it, rather than requiring recommencement of negotiations.

8 Confidentiality

8.1 Treatment of Confidential Information

- (a) Subject to clause 8.1(b), if a party provides, or has previously provided, Confidential Information to another party either:
 - (i) as part of the negotiation process for access to the Port Terminal Services; or
 - (ii) for the purpose of resolving any Dispute,the recipient of that Confidential Information will treat that Confidential Information as confidential, the property of the provider of that information, and will use that information solely for the purpose of negotiating access to the Port Terminal Services or resolving any Dispute in accordance with this Undertaking.
- (b) A party is permitted to disclose Confidential Information:
 - (i) to the extent necessary for the provision of advice from legal advisers, financiers, accountants or other consultants or professional advisers, provided they are under a legal obligation not to disclose the Confidential Information to any third party;
 - (ii) to any mediator or arbitrator appointed in accordance with clause 7 of this Undertaking for the purposes of that mediation or arbitration (and, if the ACCC is the arbitrator, subject to the ACCC's standard confidentiality protocols and procedures);
 - (iii) to the ACCC to the extent necessary for a party to comply with any written request by the ACCC, (subject to the ACCC's standard confidentiality protocols and procedures); or
 - (iv) if and to the extent required by law, provided that it first consults with the party that provided the Confidential Information in relation to the manner and timing of that disclosure.

8.2 Dispute resolution

- (a) If Confidential Information is provided to a mediator or arbitrator for the purpose of assisting in the resolution of any Dispute in accordance with clause 7, the mediator or arbitrator must (and the terms and conditions of appointment of the mediator or arbitrator must require them to) take all reasonable steps to protect the confidentiality of information that any party to the dispute has identified as confidential or commercially sensitive. This clause 8.2 is subject to the ACCC's obligations under legislation.
- (b) For the purpose of clause 8.2, any arbitrator appointed in accordance with clause 7 may require the parties to a Dispute to comply with rules and orders aimed at protecting the confidentiality of information provided by the parties, including:
 - (i) requiring each party and their advisers to give confidentiality undertakings to each other party; and
 - (ii) limiting access to Confidential Information to specified individuals subject to confidentiality undertakings provided by those individuals.
- (c) Any arbitrator appointed in accordance with clause 7 may make confidential and non-confidential versions of its determination and limit access to the confidential versions to specific individuals.

9 Capacity management

9.1 Continuous Disclosure Rules

GrainCorp must, as a condition of this Undertaking, comply with the Continuous Disclosure Rules from time to time, which, as at the Variation Date, is to publish on its website in relation to Port Terminal Services:

- (a) A current statement setting out GrainCorp's policies and procedures for managing demand for the port terminal service (including GrainCorp's policies and procedures relating to the nomination and acceptance of ships to be loaded using the port terminal service) (in the case of the Carrington (Newcastle) Port Terminal, the "**Newcastle Port Terminal Services Protocols**" and in the case of all other Port Terminals, the "**Port Terminal Services Protocols**"); and
- (b) a Shipping Stem (to be updated each Business Day) setting out a unique slot reference number for each ship scheduled to load grain using the port terminal service (**Loading Ship**), together with the following for each Loading Ship:
 - (i) the name (if known);
 - (ii) the time when the ship was nominated to load grain using a port terminal service;
 - (iii) the time when the ship was accepted as a cargo scheduled to load grain using a port terminal service;
 - (iv) the estimated time when the ship will arrive at the port terminal;

- (v) the estimated time when grain is to start being loaded by the ship using the port terminal service;
- (vi) the estimated time when the ship will leave the port terminal service;
- (vii) the name of the exporter of the grain;
- (viii) the quantity of grain to be loaded into the vessel using a port terminal service;
- (ix) the type of grain to be loaded by the ship using the port terminal service;
- (x) if grain has started to be loaded by the ship, but the loading has not been completed – that fact; and
- (xi) if the ship has completed loading grain using the Port Terminal Service – the time when the loading was completed
- (xii) the estimated date on which grain is to be loaded into the ship using a port terminal service.

As at the Variation Date, the Continuous Disclosure Rules also require GrainCorp to provide a copy of the information set out in the most recently updated Shipping Stem to the ACCC (in the manner and form approved in writing by the ACCC).

The Shipping Stem is available at www.graincorp.com.au.

9.2 Port Terminal Services Protocols

- (a) As at the Variation Date, the Port Terminal Services Protocols which apply to the provision of Port Terminal Services at Port Terminals (other than at the Carrington Port Terminal) owned or operated by GrainCorp are set out in Schedule 3.
- (b) The Port Terminal Services Protocols and the Newcastle Port Terminal Services Protocols must be, and continue to be, a comprehensive statement of GrainCorp's policies and procedures for managing demand for Port Terminal Services.
- (c) GrainCorp must comply with the Port Terminal Services Protocols as varied from time to time.
- (d) In the Port Terminal Services Protocols and the Newcastle Port Terminal Services Protocols, the term 'Client' includes a person who is a User within the meaning of this Undertaking.
- (e) To avoid doubt, as at the Variation Date, the provision of Port Terminal Services at the Carrington (Newcastle) Port Terminal will be governed by the Newcastle Port Terminal Services Protocols.

9.3 Variation of Port Terminal Services Protocols

- (a) GrainCorp may vary the Port Terminal Services Protocols from time to time subject to clause 9.3(b) and subject to the following conditions:

- (i) any variations to the Port Terminal Services Protocols must be consistent with:
 - (A) the objectives of this Undertaking set out in clause 1.24.2;
 - (B) GrainCorp's obligations to provide non-discriminatory access in accordance with clause 5.55.5;
 - (ii) the Port Terminal Services Protocols must include an expeditious dispute resolution mechanism for dealing with disputes relating to decisions made by GrainCorp under the Port Terminal Services Protocols (but need not include independent binding dispute resolution);
 - (iii) before GrainCorp can vary the Port Terminal Services Protocols, it must conduct a consultation process which involves:
 - (A) preparing and circulating proposed changes to interested parties, and to the ACCC, along with an explanation for the amendment;
 - (B) allowing Users and Applicants at least 10 Business Days to review and respond to the proposed changes;
 - (C) GrainCorp collating, reviewing and considering the responses from interested parties in good faith;
 - (D) subject to clause 9.3(a)(iv), GrainCorp publishing on its website any written submissions received from interested parties under this clause 9.3(a)(iii) within 5 Business Days of receiving that submission;
 - (E) at any time during the consultation process under this clause 9.3(a)(iii) GrainCorp may prepare and circulate a further variation to the proposed changes to take into account feedback from interested parties or from the ACCC. To avoid doubt, this clause 9.3(a)(iii)(E) does not require GrainCorp to recommence the consultation process under clause 9.3(a)(iii).
 - (iv) GrainCorp is not required under clause 9.3(a)(iii)(D) to publish on its website any written submissions which are offensive, abusive or inappropriate for publication. GrainCorp will however provide any such submission to the ACCC within 5 Business Days of receiving the submission.
 - (v) any variation must be published at least 20 Business Days prior to the date on which it is to become effective in the same locations as GrainCorp publishes its Port Terminal Services Protocols.
- (b) This clause 9.3 does not prevent GrainCorp unilaterally amending the Port Terminal Services Protocols on a temporary basis during the period of Force Majeure, as defined in the Standard Terms.

- (c) GrainCorp must provide the ACCC with copies of variations to the Port Terminal Services Protocols promptly following publication.
- (d) The Port Terminal Services Protocols (as varied from time to time) are available at www.graincorp.com.au.

9.4 Objection notice

- (a) If GrainCorp seeks to vary the Port Terminal Services Protocols in accordance with clause 9.3, the ACCC may object to the proposed variation (or part thereof). If the ACCC objects to a proposed variation (or part thereof), it must issue a notice to GrainCorp stating that it objects to the proposed variation and providing reasons for its objection. The ACCC will publish any notice issued under this clause 9.4(a) on the ACCC website;
- (b) Any notice issued under clause 9.4(a) must be issued at least 10 Business Days prior to the date on which the variation is proposed to become effective.
- (c) At least 5 Business Days before issuing a notice under clause 9.4(a), the ACCC must provide GrainCorp with a draft notice stating that it objects to the proposed variation and providing reasons for its objection.
- (d) In issuing a draft notice under clause 9.4(c) or a final notice under clause 9.4(a), the ACCC must have regard to whether the proposed variation:
 - (i) is material; and
 - (ii) amounts to a breach of the anti-discrimination provision in clause 5.5 and/or the no hindering access provision in clause 9.5.
- (e) The ACCC may withdraw a draft notice issued under clause 9.4(c) or a notice issued under clause 9.4(a) if in all the circumstances it becomes aware that the reasons specified in the draft notice issued under clause 9.4(c) or the notice issued under clause 9.4(a) no longer exist.
- (f) If the ACCC issues a notice under clause 9.4(a), GrainCorp will, within 3 Business Days:
 - (i) withdraw the proposed variation and commence a new variation process and place a notice to that effect in a prominent place on the GrainCorp website and notifying the ACCC in writing; or
 - (ii) withdraw the proposed variation and confirm the status of the existing Port Terminal Services Protocols by publishing a notice in a prominent place on the GrainCorp website and notifying the ACCC in writing.

9.5 No hindering access

- (a) GrainCorp, or a Related Body Corporate of GrainCorp, must not engage in conduct for the purpose of preventing or hindering access to the Port Terminal Services by any other User in the exercise of a right of access under this Undertaking
- (b) GrainCorp, or a Related Body Corporate of GrainCorp, may be taken to have engaged in conduct for the purpose referred to in clause 9.4(a) even

though, after all the evidence has been considered, the existence of that purpose is ascertainable only by inference from the conduct of GrainCorp, or a body corporate related to GrainCorp, or from other relevant circumstances. This clause 9.5(b) does not limit the manner in which the purpose of GrainCorp may be established for the purposes of clause 9.4(a).

10 Publication of other information

10.1 Information on stock at the port

- (a) In order to expressly satisfy ACCC's requirements GrainCorp will publish and update weekly in a prominent position on its website the following:
 - (i) total stocks of Bulk Wheat held at each Port Terminal;
 - (ii) The three (3) grades of Bulk Wheat contributing the largest tonnage at each Port Terminal; and
 - (iii) total stocks of barley, sorghum, canola and an aggregate of all other grain held at each Port Terminal.
- (b) In order to expressly satisfy ACCC's requirements GrainCorp will publish and update monthly in a prominent position on its website the following:
 - (i) cargo nominations; and
 - (ii) Nominated Elevation Capacity of each Port Terminal.
- (c) To avoid doubt, GrainCorp will not publish information in relation to up country services.

10.2 Publication of vessel booking applications

- (a) GrainCorp will publish the following details of any booking applications that it receives for the export of grain on the Shipping Stem on the day that the Shipping Stem is next updated:
 - (i) the name of the exporter; and
 - (ii) the volume of grain to be exported.
- (b) The Shipping Stem must be updated each Business Day.

11 Report on Performance Indicators

- (a) GrainCorp will publish the following key service performance indicators in a prominent position on its website:
 - (i) in the case of the period from 1 October 2011 to 31 March 2012, by no later than 31 May 2012;
 - (ii) in the case of the period from 1 April 2012 to 30 September 2012, by no later than 30 November 2012;

- (iii) in the case of the period from 1 October 2012 to 31 March 2013, by no later than 31 May 2013;
- (iv) in the case of the period from 1 April 2013 to 30 September 2013, by no later than 30 November 2013;
- (v) in the case of the period from 1 October 2013 to 31 March 2014, by no later than 31 May 2014; and
- (vi) in the case of the period from 1 April 2014 to 30 September 2014, by no later than 30 November 2014.

in each case, providing details on the following key service standards in respect of the provision of Port Terminal Services for Bulk Wheat at each Port Terminal during the relevant period:

- (vii) vessels failing survey;
 - (viii) average daily road receival rate (to be provided monthly);
 - (ix) CNA's rejected;
 - (x) monthly tonnes shipped;
 - (xi) port lockouts; and
 - (xii) average CNA assessment times.
- (b) GrainCorp will notify the ACCC within five Business Days of publication that it has published a report on the GrainCorp website under clause 11(a).

12 Contact details

- (a) Persons wishing to contact GrainCorp for further information or to apply for access to the Port Terminal Services should contact GrainCorp at the following address:

*General Manager, Ports and New Business

BULK WHEAT and BULK GRAIN PORT TERMINAL SERVICES PROTOCOLS

Document Date:	Effective from JUNE 2014
Season:	2013 / 14
Appended as Annexure B to:	2011 / 14 Bulk Wheat Port Terminal Services Agreement 2013 / 14 Bulk Grain Port Terminal Services Agreement (Non-wheat) 2013 / 16 Long Term Port Terminal Services Agreement

These Port Terminal Services Protocols apply to the provision of access to Port Terminals owned by GrainCorp, and the handling of regulated grain (bulk wheat) and other non-regulated grains through the Port Terminals.

These Port Terminal Services Protocols are structured as follows:

Part A – Terms and Acronyms

Part A sets out terms and acronyms used in the Port Terminal Services Protocol.

Part B – Long Term Elevator Access Protocols

Part B sets out the methodology by which GrainCorp will provide Customers with access to Long Term Capacity at Port Terminals operated by GrainCorp.

Part C – Terminal Operating Protocols

Part C applies to the handling of regulated grain (bulk wheat) and other non-regulated grains handled through Port Terminals owned by GrainCorp.

PART A – TERMS AND ACRONYMS

Any terms not defined in these Port Terminal Services Protocols have the same meaning as those defined in the *GrainCorp Bulk Wheat Port Terminal Services Agreement* and / or the *Bulk Grain Port Terminal Services Agreement (Non-Wheat)* and / or the *Long Term Port Terminal Services Agreement* for the relevant season.

Acknowledgement of Acceptance (AOA). GrainCorp will forward an AOA to a customer following receipt and approval of a CNA. By sending an AOA to a customer, GrainCorp is making an 'offer' to confirm the booking of Elevation Capacity at a particular terminal during a particular Elevation Period. By accepting an AOA, the customer is agreeing to pay the relevant Booking Fee and assuming responsibility for advising GrainCorp of the manner in which Elevation Capacity is to be supplied.

Assigned Load Date (ALD). This is the date allocated by GrainCorp following receipt of advice from a customer of a vessel ETA, and which determines the order in which vessels will be loaded within a Confirmed Elevation Period.

Booked Elevation Capacity (BEC). This is the number of tonnes of grain cargo elevation GrainCorp agrees to provide to a customer at a particular time during the Confirmed Elevation Period, following completion and return to GrainCorp of an AOA. Booked Elevation Capacity can consist of one or more 'lifts' of 'cargos' onto vessels.

Booking Fee. Subject to Part C clause [1242](#), this is the non-refundable per tonne fee a customer is liable to remit to GrainCorp once they acknowledge and accept an offer of Elevation Capacity by completing and returning an AOA.

Category A Port Terminal. Port Terminals at Port Kembla and Geelong.

Category B Port Terminal. Port Terminals at Fisherman Islands and Carrington.

Category C Port Terminal. Port Terminals at Mackay, Gladstone and Portland.

Cargo Nomination Application (CNA). This is the application submitted to GrainCorp via the Workflow Online Platform by customers seeking to book grain Elevation Capacity at one or multiple GrainCorp grain export Port Terminals.

Confirmed Elevation Period (CEP). This is the Elevation Period in which Elevation Capacity is confirmed as being accepted by a customer, and will be available at a particular Port Terminal.

Customer. This is a customer that has entered into or intends to enter into a *Bulk Wheat Port Terminal Services Agreement*, *Bulk Grain Port Terminal Services Agreement* or a *Long Term Port Terminal Services Agreement* with GrainCorp.

Elevation Capacity. This is the number of tonnes of grain cargo elevation GrainCorp agrees to provide to a customer at a particular time during a particular period.

Elevation Period. A period of one (1) calendar month.

Estimated Time of Arrival (ETA). This is the estimated time provided by the customer for the cargo's arrival at the Load Port.

ETA Nomination. This has the meaning given in Part C clause [1747](#).

Indicative Elevation Capacity. This means the capacity at GrainCorp's Port Terminals for a period of three (3) Shipping Years announced under Part B clause 2.

Indicative Long Term Nomination. This is a nomination for Long Term Capacity for a period of three (3) years under Part B clause ~~3.23.2~~ in accordance with Part B clause ~~3.33.3~~.

Insufficient Capacity. This means that there is insufficient Elevation Capacity available at a Load Port to meet demand sought under Long Term Nominations in accordance with Part B clause ~~2.22.2~~.

Load Port. This has the meaning given in Part C clause 1.

Long Term Allocated Capacity. This is the Long Term Capacity which is allocated to a Customer at each Port Terminal under a *Long Term Port Terminal Services Agreement*.

Long Term Capacity. This is capacity for a period of three (3) years which is offered by GrainCorp to Customers under a *Long Term Port Terminal Services Agreement*.

Long Term Nomination Year. This is a year in which GrainCorp enters into *Long Term Port Terminal Services Agreements* and will occur every three (3) years commencing in 2013.

Maximum Vessel Tonnage. This has the meaning given in Part C clause ~~2.42.4~~.

Mtpa. Million tonnes per Shipping Year.

Nominated Elevation Capacity. This is the tonnage of Elevation Capacity published on the GrainCorp website that is available during any one Elevation Period at a particular port.

Nominated Vessel. This has the meaning given in Part C clause ~~1~~[Error! Reference source not found.](#).

Port Blockage. This is a situation where a Port Terminal is unable to either receive additional grain and/or load grain onto a waiting vessel due to a delay in the loading of the previous vessel caused by circumstances such as the previous vessel(s) failing regulatory survey, the grain to be loaded failing AQIS requirements or a disruption in the upcountry supply chain.

Port Terminal. This means each of GrainCorp's:

- (a) Fisherman Islands Terminal;
- (b) Geelong Terminal;
- (c) Gladstone Terminal;
- (d) Mackay Terminal;
- (e) Port Kembla Grain Terminal; and
- (f) Portland Terminal.

To avoid doubt, a reference to a Port Terminal in these Protocols does not include the Carrington (Newcastle) Terminal.

Requested Elevation Period (REP). This is the Elevation Period in which a customer has requested Elevation Capacity.

Shipping Stem. This has the meaning given in Part C clause 0.

Shipping Year. This has the meaning given in Part C clause [10.310.3](#).

Short Term Capacity. This is capacity which is offered by GrainCorp to Customers under either a *Bulk Wheat Port Terminal Services Agreement* or a *Bulk Grain Port Terminal Services Agreement*.

Site Assembly Plan (SAP). This has the meaning given in Part C clause [2525](#).

Sufficient Capacity. This means that there is sufficient Elevation Capacity available at a Load Port to meet demand sought under Long Term Nominations in accordance with Part B clause [2.22.2](#)

Transfer Fee. This has the meaning given in Part C clause [11.2.511.2.5](#).

Vessel Nomination. This has the meaning given in Part C clause [1818](#).

Workflow Online Platform or Workflow. This means the platform for booking Elevation Capacity on GrainCorp's website.

1. INTRODUCTION

- 1.1 Part B of these Port Terminal Services Protocols sets out the methodology by which GrainCorp will provide Customers access to Long Term Capacity at Port Terminals.
 - 1.2 GrainCorp will offer to supply Customers with access to Long Term Capacity at its Port Terminals under a *Long Term Port Terminal Services Agreement*.
 - 1.3 Long Term Capacity will be offered to Customers:
 - (a) at a minimum of one (1) Port Terminal;
 - (b) for a minimum of 30,000 tonnes per nominated Port Terminal on an even monthly spread basis for a:
 - minimum of ten (10) months per Shipping Year over three (3) Shipping Years, being a minimum of 0.3 Mtpa per nominated Category A Port Terminal; or
 - minimum of five (5) months per Shipping Year over three (3) Shipping Years, being a minimum of 0.15 Mtpa per nominated Category B Port Terminal; or
 - minimum of three (3) months per Shipping Year over three (3) Shipping Years, being a minimum of 0.09 Mtpa per nominated Category C Port Terminal;
 - (c) for a maximum of 50,000 tonnes per nominated Port Terminal on an even monthly spread basis for a minimum of ten (10) months per Shipping Year over three (3) Shipping Years, being a maximum of 0.5 Mtpa per nominated Port Terminal; and
 - (d) for a minimum total volume of 0.30 Mtpa if the capacity includes a Category A or Category B Port Terminal or 0.09 Mtpa if the capacity does not include a Category A or B Port Terminal and maximum total volume of 2.0 Mtpa.
 - 1.4 At all times GrainCorp will reserve at least 40% of Nominated Elevation Capacity at each Port Terminal for supply to all Customers under Short Term Agreements .
 - 1.5 Every three (3) years GrainCorp will undertake a demand assessment process with Customers and enter into *Long Term Port Terminal Services Agreements* under which GrainCorp will provide access to Long Term Capacity at its Port Terminals.
 - 1.6 GrainCorp will accept Indicative Long Term Nominations and allocate Long Term Capacity to Customers in accordance with Part B of these Protocols.
-

2. ANNOUNCEMENT AND VARIATION OF CAPACITY

- 2.1 GrainCorp will set the Indicative Elevation Capacity for each Port Terminal by 31 December in each year prior to the Long Term Nomination Year, for the next three (3) Shipping Years. For example, GrainCorp will set the Indicative Elevation Capacity for the three (3) Shipping Years commencing on 1 October 2013 by 31 December 2012.
- 2.2 The Indicative Elevation Capacity of Port Terminals:
 - (a) will at all times be set at a level where no more than 60% of the Indicative Elevation Capacity and Nominated Elevation Capacity for each Port Terminal is allocated to Customers under *Long Term Port Terminal Service Agreements*.

- (b) may be varied from time to time by GrainCorp, provided that no more than 60% of the Indicative Elevation Capacity and Nominated Elevation Capacity for each Port Terminal is allocated to Customers under *Long Term Port Terminal Service Agreements*.

- 2.3 GrainCorp will publish the Indicative Elevation Capacity and any variations to the Indicative Elevation Capacity on its website.

3. NOMINATION AND ALLOCATION PROCEDURE

Invitation of Indicative Long Term Nominations

- 3.1 In each Long Term Nomination Year immediately after the announcement of Indicative Elevation Capacity in Part B clause [2.12-1](#), GrainCorp will invite Indicative Long Term Nominations from all grain exporters who have exported from Port Terminals in the previous year, as well as other grain exporters who make themselves known to GrainCorp.
- 3.2 An Indicative Long Term Nomination must be submitted to GrainCorp no later than ten (10) business days following the invitation.
- 3.3 In order to be valid, an Indicative Long Term Nomination submitted under Part B clause [3.23-2](#) by each Customer must be in the form determined by GrainCorp and must comply with the following:
- (a) Port Terminals sought for Long Term Capacity: The Long Term Capacity sought must be at a minimum of one (1) Port Terminals;
 - (b) Distribution of Long Term Capacity sought: The Long Term Capacity sought must be for a minimum of 30,000 tonnes per nominated Port Terminal on an even monthly spread basis for a:
 - minimum of ten (10) months per Shipping Year over three (3) Shipping Years, being a minimum of 0.3 Mtpa per nominated Category A Port Terminals;
 - minimum of five (5) months per Shipping Year over three (3) Shipping Years, being a minimum of 0.15 Mtpa per nominated Category B Port Terminals;
 - minimum of three (3) months per Shipping Year over three (3) Shipping Years, being a minimum of 0.09 Mtpa per nominated Category C Port Terminal;
 - (c) Maximum monthly volume of Long Term Capacity sought: The Long Term Capacity sought at each Port Terminal must be for a maximum of 50,000 tonnes per nominated Port Terminal, being a maximum of 0.5 Mtpa tonnes per nominated Port Terminal; and
 - (d) Total volume of Long Term Capacity sought. The total volume of Long Term Capacity sought must be for a minimum volume of 0.30 Mtpa (if the capacity includes a Category A or Category B Port Terminal) or 0.09 Mtpa (if the capacity does not include a Category A or B Port Terminal) and a maximum volume of 2 Mtpa.

Assessment of Indicative Long Term Nominations

- 3.4 GrainCorp will complete an assessment of Indicative Long Term Nominations by no later than forty (40) business days following the last day for submission under Part B clause [3.23-2](#).
- 3.5 Following receipt of an Indicative Long Term Nomination under Part B clause [3.43-4](#), if there is Sufficient Capacity, GrainCorp will accept the Indicative Long Term Nomination.

- 3.6 Following receipt of an Indicative Long Term Nomination under Part B clause ~~3.43-4~~, if there is Insufficient Capacity, GrainCorp has full discretion to either:
- (a) consult with the Customer, and the Customer may re-submit its Indicative Long Term Nomination with a reduced monthly tonnage at a Port Terminal(s) or move its tonnage to another Port Terminal(s), subject to Part B clause ~~3.33-3~~, which GrainCorp will assess within forty (40) business days from the last day for submission of the original Indicative Long Term Nomination under Part B clause 3.2;
 - (b) accept the Indicative Long Term Nomination following a variation in the Indicative Elevation Capacity in accordance with Part B clause ~~2.22-2~~; or
 - (c) following consultation with the customer, accept the Indicative Long Term Nomination following the pro rata reduction of each Customer's Indicative Long Term Nomination on a Port Terminal by Port Terminal basis and on a non-discriminatory basis. To ensure capacity for shippable parcels in each month at each Port Terminal, the reduction may be applied by regularly spacing the provided capacity, such as every second month.
- 3.7 GrainCorp will notify each Customer of the result of GrainCorp's assessment of their Indicative Long Term Nomination and any pro rata reduction under Part B clause 3.6(c) and the Customer's Long Term Allocated Capacity on the date of completion of the assessment in accordance with Part C clause 3.4 or the following business day.
- 3.8 The Customer will be required to confirm the Long Term Allocated Capacity and enter into a *Long Term Port Terminal Services Agreement* within two (2) business days of GrainCorp accepting the Indicative Long Term Nomination.
- 3.9 If a Customer does not confirm the Long Term Allocated Capacity and enter into a *Long Term Port Terminal Services Agreement* within two (2) business days of GrainCorp accepting the Indicative Long Term Nomination, the Customer will forfeit their Long Term Capacity Allocation. This capacity will be made available to any Customers whose Indicative Long Term Nomination was reduced under Part B clause ~~3.6(c)3-6(e)~~, up to the tonnage in their original Indicative Long Term Nomination.
- 3.10 GrainCorp will publish each Customer's Long Term Allocated Capacity on its website within five (5) business days of GrainCorp accepting the Indicative Long Term Nomination.

4. ELEVATION OF GRAIN USING LONG TERM CAPACITY

- 4.1 GrainCorp will advise Customers with Long Term Allocated capacity when the Shipping Stem in respect of Long Term Capacity for each Shipping Year will open.
- 4.2 Upon the opening of the Shipping Stem for Long Term Capacity under Part C clause 2, if a Customer requests elevation of grain onto a vessel at a Port Terminal using its Long Term Allocated Capacity:
- (a) the Customer must submit a Cargo Nomination Application (**CNA**) to GrainCorp under Part C clause 3.1 up to the Long Term Allocated Capacity; and
 - (b) upon the Customer submitting a CNA, the procedures under Part C of these Port Terminal Services Protocols for requesting Elevation Capacity and an Elevation Period, accepting or declining a CNA, modifying a CNA and for managing the allocation of Terminal Elevation Capacity at Port Terminals will apply.

- 4.3 A Customer must submit a CNA under Part C clause 3.1 for use of its Long Term Allocated capacity by 7 Business Days prior to the opening of the Shipping Stem in respect of Short Term Capacity. A customer failing to do this will forfeit that Long Term Allocated Capacity (but will remain liable for the Booking Fee in respect of that Long Term Allocated Capacity). Any Long Term Allocated Capacity for which a CNA is not submitted will be returned to the Shipping Stem and made available as Short Term Capacity.

5. BOOKING FEE

- 5.1 Despite anything in Part C of these Port Terminal Services Protocols, a Customer which enters into a *Long Term Port Terminal Services Agreement*, will be liable to GrainCorp for the Booking Fee in respect of its total Long Term Allocated Capacity.
- 5.2 Where a Customer requests elevation of grain onto a vessel using its Long Term Allocated Capacity, and books Elevation Capacity under the Cargo Nomination Procedure in Part C clause 2.1, the Customer will be liable to pay the Booking Fee in accordance with Part C clauses [9.39-3](#), [9.59-5](#) and [9.69-6](#).

PART C – TERMINAL OPERATING PROTOCOLS

Part C of these Port Terminal Services Protocols apply to the handling of regulated grain (bulk wheat) and to other non-regulated grains handled through the Port Terminals.

1. Application and Notices

- 1.1 If the customer requests GrainCorp to load grain on a vessel at a Port Terminal owned by GrainCorp, the customer must seek to book Elevation Capacity and indicate their Requested Elevation Period by submitting a CNA. The following procedures apply to requesting Elevation Capacity and an Elevation Period, accepting or declining a CNA, modifying a CNA and for managing the allocation of Terminal Elevation Capacity at GrainCorp’s Port Terminals.
- 1.2 All CNA applications, Acknowledgements of Acceptance (AOA), amendments to CNAs, 21 to 42 day ETA nominations, 10 day Vessel Nominations, and other related matters and modifications and other relevant notices, must be completed using the GrainCorp Workflow Online Platform. Customers will receive a Workflow online login. The Workflow Online Platform is operated through a web browser. Any notices and applications pursuant to these Protocols and directed to GrainCorp that cannot be completed on the Workflow Online Platform are to be sent to the email addresses for the applicable Port Terminal(s) set out below. GrainCorp will make available on its website PDF document versions of all forms relevant to these Protocols. These forms should only be used if the Workflow Online Platform is not available.

To avoid doubt, notices and applications other than those required to be completed on the GrainCorp Workflow platform are to be directed to the email addresses of any relevant Port Terminal.

Note – vessels requiring two port loading should forward relevant information to BOTH ports.

- 1.3 As a provider of port terminal services, GrainCorp is subject to audit by the Australian Competition & Consumer Commission (ACCC). Therefore, GrainCorp must ensure that all actions relating to the provision of port terminal services are recorded and that an 'audit trail' is established.
- 1.4 GrainCorp staff have been instructed not to act on, or confirm, any verbal instruction from customers unless those instructions are confirmed in writing or via the Workflow Online Platform system.

2. Shipping Stem

Pursuant to the obligations of Wheat Export Port Terminal service providers under the Wheat Export Accreditation Scheme 2008 established under the *Wheat Export Marketing Act 2008 (Cth) (Act)*, GrainCorp will publish Shipping Stem information on its website in accordance with Section 24(4) of the Act (**Shipping Stem**).

2.1 Opening of the Shipping Stem

2.1.1 GrainCorp **will** open the Shipping Stem in respect of both Long Term Capacity and Short Term Capacity by the end of June each year for the following Shipping Year.

2.1.2 GrainCorp will open the Shipping Stem in respect of Long Term Capacity at least two (2) weeks prior to the date on which it opens the Shipping Stem in respect of Short Term Capacity.

2.2 Provision of Announcement of Stem Opening

At least two (2) weeks prior to the day on which the Shipping Stem will be opened either for Long Term Capacity or for Short Term Capacity, GrainCorp will provide all customers with current *Bulk Wheat or Bulk Grain Port Terminal Services Agreements* or *Long Term Port Terminal Services Agreements* with a notice in writing of the date and time upon which the stem will open, and will place a copy of the announcement on the Shipping Stem web page.

2.3 The Indicative and Nominated Elevation Capacity of GrainCorp port infrastructure will be determined from time to time, and the Indicative and Nominated Elevation Capacity of each facility will be published on the GrainCorp website.

2.3.1 GrainCorp will inform customers in writing of any changes to Indicative Elevation Capacity two (2) weeks prior to any capacity change being implemented.

2.4 For each Port Terminal, GrainCorp will publish the maximum tonnes that can be loaded per vessel (Maximum Vessel Tonnage).

3. Cargo Nomination Application Procedure

3.1 If a customer requests elevation of grain onto a vessel at a Port Terminal operated by GrainCorp, the customer must submit a Cargo Nomination Application (CNA) to GrainCorp via the Workflow Online Platform.

Twenty-eight (28) Day Rule

- 3.2 A CNA must be submitted to GrainCorp by a date not less than twenty-eight (28) days prior to the commencement date of the **Requested Elevation Period**.
- 3.3 For the avoidance of doubt, the customer is responsible for nominating the Requested Elevation Period.

Variation of the twenty-eight (28) Day Rule

- 3.4 The customer may submit a CNA less than twenty-eight (28) days prior to the commencement date of the **Requested Elevation Period**, but should only seek to do so after consulting with GrainCorp.

3.4.1 Should a client fail to consult with GrainCorp in compliance with Part C clause [3.43.4](#), any CNA submitted within the twenty-eight (28) day period will be automatically rejected.

- 3.5 Acceptance of a CNA is subject to meeting all of the relevant criteria in this Protocol.

4. Cargo Nomination Application

- 4.1 A CNA submitted under Part C clause [2.12.1](#) must include the following minimum information.

- 4.1.1 The port at which the cargo is to be loaded (**Load Port**).
- 4.1.2 A separate CNA is required for each port if a customer requires a two port load.
- 4.1.3 A **Requested Elevation Period**
- 4.1.4 The volume of the nominated cargo.
- 4.1.5 Whether the CNA relates to Long Term Capacity or Short Term Capacity.

- 4.2 The CNA may include other information (if known) as outlined in Part C clause [16.416.4](#).

- 4.3 Each cargo nominated under a CNA must have an upper tonnage limit equal to the Maximum Vessel Tonnage for the relevant Load Port.

5. Cargo Nomination Application – Time of Lodgement

- 5.1 A CNA sent to GrainCorp outside business hours (8:00 am to 4:00 pm AEST) Monday to Friday or on public holidays, is taken to have been received at the commencement of the next business day.
- 5.2 GrainCorp will place all CNAs received on the Shipping Stem the next business day following receipt. Each CNA will be noted as 'Pending Assessment'.
- 5.3 All matters related to the management of CNAs will be recorded in an individual 'shipping file', which will include a copy of the original CNA upon which the date and time of receipt of the CNA will be recorded.

6. Cargo Nomination Application Assessment Timing

- 6.1 CNAs will be assessed in chronological order of receipt, where the chronology will be determined by the time and date allocated to a CNA by the Workflow system.

- 6.2 GrainCorp will complete an Assessment of a CNA within a maximum of five (5) business days following receipt, commencing from 8.00 am on the first business day following receipt of a CNA.

7. Cargo Nomination Application - Assessment Criteria

The initial CNA assessment will take consideration of the following:

- 7.1 That the customer has used the approved method of lodging a CNA (Part C clause 2.1).
- 7.2 That, in the case of the export of regulated grain (bulk wheat), the customer has signed and lodged with GrainCorp a *Bulk Wheat Port Terminal Services Agreement* or a *Long Term Port Terminal Services Agreement*.
- 7.3 That, in the case of the export of non-regulated grain, the customer has signed and lodged with GrainCorp a *Bulk Grain Port Terminal Services Agreement (Non-wheat)* or a *Long Term Port Terminal Services Agreement*.
- 7.4 Whether GrainCorp has available sufficient intake, grain segregation, storage and Elevation Capacity at the Port Terminal that will allow accumulation of the cargo at the Port Terminal, taking into account, other Booked Elevation Capacity previously accepted by GrainCorp that appears as 'accepted' on the GrainCorp Shipping Stem.
- 7.5 Any Regulatory and Market risks (Refer to relevant definition in the GrainCorp *Bulk Wheat Port Terminal Services Agreement*, *Bulk Grain Port Terminal Services Agreement (Non wheat)*) and / or *Long Term Port Terminal Services Agreement*.
- 7.6 Confirmation that the customer will/has contract(ed) sufficient rail and/or road transport prior to the Requested Elevation Period to accumulate the grain tonnage at the Port Terminal for the Booked Elevation Capacity.
- 7.7 If the CNA relates to Long Term Capacity, that the customer has sufficient Long Term Allocated Capacity for the relevant period.

8. Notification of a CNA Acceptance or Rejection

- 8.1 If GrainCorp completes the assessment of a CNA and accepts it, on the same day GrainCorp will notify the customer by forwarding to the customer an **Acknowledgement of Acceptance of a CNA (AOA)** (Part C clause 9).
- 8.2 If GrainCorp completes the assessment of a CNA and rejects the CNA, GrainCorp will, on the day of rejection, notify the customer of the decision to reject and will provide to the customer in writing reason(s) for the decision.

9. Acknowledgement of Acceptance of a CNA

- 9.1 To confirm the booking of Elevation Capacity and the Confirmed Elevation Period, the customer must complete and return to GrainCorp an AOA within two (2) business days of 5.00 pm AEST of the day of notification of acceptance of a CNA (Part C clause 8).
- 9.1.1 If a customer fails to submit an AOA within the time specified in Part C clause [9.19.1](#), the CNA will lapse and become invalid as a consequence of not having been confirmed by the customer. The Booked Elevation Capacity related to a lapsed CNA will become available for booking by another customer from the commencement of the first business day following the end of the period specified in Part C clause [9.19.1](#).

- 9.2 A customer is only able to either **accept or reject** the offer of Elevation Capacity and the Confirmed Elevation Period made by GrainCorp. No amendments to the requested Elevation Capacity or Confirmed Elevation Period can be made on an AOA.
- 9.3 Upon returning to GrainCorp an AOA in accordance with Part C clause [9.19-1](#), the customer will be liable for the Booking Fee and will agree to the payment terms of Booking Fee invoicing and payment contained within Annexure A of either the *Bulk Wheat Port Terminal Services Agreement*, *Bulk Grain Port Terminal Services Agreement (Non wheat)* and/or *Long Term Port Terminal Services Agreement*.
- 9.4 On the business day following the receipt of an AOA from the customer, GrainCorp will change the status of any relevant CNA(s) on the Shipping Stem, from 'Pending Assessment' to 'Accepted'.
- 9.5 The Booking Fee payable upon the return of an AOA to GrainCorp is in addition to any other fees that may be applicable to the receipt, storage, and elevation of grain for the Booked Elevation Capacity.
- 9.6 Failure to make payment in cleared funds within seven (7) days of the date on which a tax invoice for a Booking Fee is provided to the customer by email will cause the customer to lose any allocated Booked Elevation Capacity and Confirmed Elevation Period relevant to the unpaid invoice(s).
- 9.7 In a circumstance where the customer
- (a) provides an AOA but subsequently fails to comply with the requirements of Part C clauses [9.69-6](#), [1616](#), [1818](#), [2020](#), [2121](#), [21.421-4](#), [2323](#), [2424](#), [2525](#) or **Error! Reference source not found.**, or
 - (b) cancels the Booked Elevation Capacity;
- the Booked Elevation Capacity and Confirmed Elevation Period may be cancelled by GrainCorp and the customer will forfeit any Booking Fee previously paid, and / or remain liable for any Booking Fee agreed to under Part C clauses [9.39-3](#), [9.59-5](#) and [9.99-9](#) (even if not yet invoiced).
- 9.8 Where a customer executes Booked Elevation Capacity and the total tonnage elevated is **less** than the booked tonnage for which a Booking Fee has been paid, GrainCorp will rebate to the customer an amount at the relevant Booking Fee rate equivalent to the difference between the booked tonnage and the actual tonnage elevated, up to an amount not exceeding 10% of the original Booking Fee amount.
- 9.9 Where a customer executes Booked Elevation Capacity and the total tonnage elevated is **more** than the booked tonnage for which a Booking Fee has been paid, GrainCorp will invoice the customer an amount at the relevant Booking Fee rate equivalent to the difference between the actual tonnage elevated and the original Booking Fee.

10. Execution of Booked Elevation Capacity

- 10.1 Booked Elevation Capacity will not be executed prior to the first day of a Confirmed Elevation Period, and (subject to clause [2323](#)) must be executed before the last day of a Confirmed Elevation Period.
- 10.2 If due to factors within the control of the customer that customer is unable to execute Booked Elevation Capacity within the Confirmed Elevation Period (plus five (5) business days from the last day of that Period), or the Elevation Period to which Booked Elevation Capacity has been moved, the Booking Fee related to any unused Booked Elevation Capacity will be forfeited.
- 10.3 Elevation Capacity booked between 1st October and 30th September (**the Shipping Year**) **must be used** within that Shipping Year.

- 10.4 Elevation Capacity not executed during a Shipping Year **cannot be carried** forward into the next Shipping Year.
- 10.5 Any Booking Fees related to unused Booked Elevation Capacity **will be forfeited** after the end of a Shipping Year (30th September) and Booking Fees relating to forfeited Booked Elevation Capacity will also be forfeited.

11. Reallocation of Confirmed Elevation Capacity

11.1 A customer that has been allocated

11.1.1 non-commercial or non-standard ship size capacity under the pro rata reduction rules contained in Part B clause 3.6(c); or

11.1.2 Booked Elevation Capacity based on its good faith forecasts but which, for reasons beyond its control, it does not foreseeably require;

may request GrainCorp to transfer, by way of reallocation, Booked Elevation Capacity for a Load Port to another customer that agrees to accept that allocation by amending the relevant CNA(s) using Workflow.

11.2 GrainCorp will update the Shipping Stem to reflect a requested reallocation under clause 11.1 within 5 business days of GrainCorp being reasonably satisfied that the following conditions have been met:

11.2.1 The customer transferring the Booked Elevation Capacity no later than 42 days prior to the first day of the Confirmed Elevation Period; or

11.2.2 The customer transferring the Booked Elevation Capacity between 42 and 21 days prior to the first day of the Confirmed Elevation Period subject to GrainCorp approval. GrainCorp will approve (at its sole discretion) the transfer of Booked Elevation Capacity if the customer has not received an ALD under Part C clause 17 and it will not impact the efficient provision of Port Terminal services to all customers; and

11.2.3 The customer advising GrainCorp the details of the new customer receiving the Booked Elevation Capacity; and

11.2.4 The customer receiving the transferred Booked Elevation Capacity having agreed to accept that Booked Elevation Capacity and having in place a *Bulk Wheat Port Terminal Services Agreement* or *Bulk Grain Port Terminal Services Agreement* or *Long Term Port Terminal Services Agreement* with GrainCorp; and

11.2.5 The customer requesting the transfer of the Booked Elevation Capacity having paid to GrainCorp a fee of \$250 for the transferred Booked Elevation Capacity (**Transfer Fee**),

11.3 If GrainCorp receives a request to transfer Booked Elevation Capacity to another customer and GrainCorp reasonably determines the requirements of clause 11.2 have been met, the request will be deemed final and cannot be reversed by the requesting customer.

11.4 For the avoidance of doubt;

11.4.1 Booked Elevation Capacity reallocated to a new customer under this clause ~~11.1.1~~, is not considered a 'new' booking.

11.4.2 Booked Elevation Capacity transferred from another Load Port under clause ~~12.1.2~~, or from another Elevation Period at the same Load Port, by a customer is not considered a 'new' booking.

12. Request for a change to Load Port and/or Confirmed Elevation Period

- 12.1 A customer may seek to make a Load Port and/or Confirmed Elevation Period change to a CNA shown as 'Approved' on the GrainCorp Shipping Stem (other than a change to the Newcastle Port Terminal) by,
- a. Consulting with GrainCorp Logistics and discussing the details of the change to the Load Port and/or Confirmed Elevation Period required by the customer.
 - b. Amending the relevant CNA in Workflow and submitting the request to GrainCorp.
- 12.2 A request to change a Confirmed Elevation Period and/or Load Port must be lodged no later than the date on which the customer provides an ETA Nomination and associated information under Part C Clause [1616](#) (being no later than twenty-one (21) days prior to the first day of the Confirmed Elevation Period. Refer to Part C clause [99](#) and [1414](#) of the Protocols).
- 12.3 Assessment of a request to make a Load Port or Confirmed Elevation Period change will be made subject to all relevant Part C clauses in these Protocols, including Part C clause [66](#).
- 12.4 Requests to change the Load Port to the Newcastle Port Terminal are governed by the GrainCorp Newcastle Port Terminal Services Protocol.

13. Managing Elevation Capacity

- 13.1 Once Elevation Capacity has been booked, the period of time in which the capacity is to be delivered becomes the Confirmed Elevation Period.
- 13.2 A customer that has accepted Elevation Capacity by accepting any or all AOAs sent to them by GrainCorp, has 'Booked Elevation Capacity'.
- 13.3 Booked Elevation Capacity can be divided by the customer into more than one parcel during the Confirmed Elevation Period. For example, if a customer has Booked Elevation Capacity of 50,000 tonnes, in a Confirmed Elevation Period, they can elect to have that capacity delivered as multiple lifts into multiple vessels. Booked Elevation Capacity **cannot be increased by dividing the booked capacity into multiple lifts and adding the +10% cargo elevation allowance to each multiple**. Multiple lifts shall collectively equal no more than the sum of the Booked Elevation Capacity. If a customer wishes to divide Booked Elevation Capacity into multiple lifts, they must,
- a) Contact GrainCorp shipping operations in Toowoomba and provide advice on their intentions.
 - b) Amend existing CNAs to reflect the change in vessel tonnes.
 - c) Submit new 'supplementary' CNAs via Workflow for the relevant tonnages, making note of the reference number of the existing original CNA that refers to the Booked Elevation Capacity that appears on the Shipping Stem.
 - d) Ensure that GrainCorp shipping operations in Toowoomba is aware of the request of the customer. GrainCorp will then assess the 'supplementary' CNA(s) against Part C clause [7.47-4](#) of the Protocols.
- AOA(s) will be forwarded to the customer after the assessment of the CNAs is complete.

- 13.4 The ability of GrainCorp to divide Booked Elevation Capacity into multiple lifts during the Confirmed Elevation Period will depend upon other elevation bookings during that period.

14. Reducing Booked Elevation Capacity

- 14.1 To **decrease** the Booked Elevation Capacity requested for a particular Elevation Period, a customer must firstly accept an AOA and then submit an amended CNA via the GrainCorp Workflow system to reflect the reduced Elevation Capacity required. GrainCorp will then assess the amended CNA against criteria noted in Part C clause 7 of the Protocols, with particular reference to Part C clause [7.47.4](#).

Note.

Reducing the Booked Elevation Capacity does not reduce the liability for the Booking Fee applied to the original CNA. The amount that represents the difference between the CNA tonnage accepted by the customer through the submission of an AOA and any subsequent reduction to Booked Elevation Capacity made by a customer **will be forfeited**.

Where a customer requests a reduction in the Booked Elevation Capacity and the actual tonnage elevated to vessel is more than 10% above the Booked Elevation Capacity, the customer will be liable to pay a Booking Fee on the difference between the Booked Elevation Capacity plus 10%, and the actual tonnage elevated to vessel.

15. Increasing Booked Elevation Capacity

- 15.1 To **increase** the Booked Elevation Capacity requested for a particular Elevation Period, a customer must firstly submit a CNA, then accept the related AOA and then submit an amended CNA via the GrainCorp Workflow system requesting that additional Elevation Capacity be added to the Booked Elevation Capacity. Customers should consult the GrainCorp shipping stem prior to submitting additional requests for Elevation Capacity, to ensure that the relevant Port Terminal has sufficient Elevation Capacity to meet additional demand in the Requested Elevation Period.
- 15.2 GrainCorp will assess an amended CNA against the criteria noted in Part C clause 7 of the Protocols, with particular reference to Part C clause [7.47.4](#). Should sufficient grain Elevation Capacity be available, GrainCorp will send to the customer an AOA relating to the CNA requesting additional Elevation Capacity.
- 15.3 If a customer accepts the offered Elevation Capacity, they will be **liable to pay a Booking Fee** equal to the total of the additional elevation tonnage requested (refer to Part C clause 9).

16. Estimated Time of Arrival (ETA) Nomination – 21 to 42 Day Notice

- 16.1 Subject to Part C clause [16.216.2](#), following the return of an AOA to GrainCorp by a customer (Part C clause 9), but no earlier than forty-two (42) days up to and no later than twenty-one (21) days prior to the first day of the nominated Confirmed Elevation Period, the customer must lodge a formal **ETA Nomination** by updating the information in the original CNA (refer to Part C clause 4).
- 16.2 A customer may lodge a formal ETA Nomination earlier than forty-two (42) days prior to the first day of the Confirmed Elevation Period, but in doing so forfeits its right to request a transfer of its Booked Elevation Capacity to another customer under Part C clause [1111](#).
- 16.3 Customers are encouraged to lodge an ETA Nomination forty-two (42) days before the first day of the Confirmed Elevation Period to enable GrainCorp to commence a stock and logistics risk assessment for the vessel.

- 16.4 The ETA Nomination must contain the following information (unless already provided in the CNA):
- 16.4.1 Estimated Time of Arrival (ETA) for the vessel;
 - 16.4.2 The grain and grade(s) (if known) (refer to Part C clause [2525](#));
 - 16.4.3 The name of the Nominated Vessel (if known) (refer to Part C clause [1818](#)); and
 - 16.4.4 Whether the vessel involves a two port load.
- 16.5 The ETA nominated by the customer must be within the Confirmed Elevation Period.
- 16.6 Should a customer fail to comply with this minimum notice period, the customer will forfeit their Booked Elevation Capacity and Booking Fee (Part C clause [9.79-7](#)).
- 16.7 An ETA nomination received by GrainCorp outside business hours (8:00 am to 4:00 pm AEST) Monday to Friday or on public holidays is taken to have been received at the commencement of the next business day.

17. Assigned Load Date

- 17.1 Following the nomination of a vessel ETA (Part C clause 16.1) and within one (1) business day of receipt of an ETA Nomination, GrainCorp will notify the customer of an **Assigned Load Date**, as close as possible to the ETA provided in Part C clause [16.416-4](#)), which is the date on which GrainCorp has scheduled the commencement of vessel loading. On provision of such advice to a customer, GrainCorp will update the shipping stem with the relevant information.
- 17.2 Where required and in the order in which ETA Nominations were received and with reference to Part C clauses [2124](#), [21.421-4](#), [2323](#), [2424](#), [2525](#), [3636](#), [3737](#), and 37.5 **Error! Reference source not found.**, GrainCorp will update the Assigned Load Date taking into account:
- 17.2.1 Other Booked Elevation Capacity previously accepted by GrainCorp that appear as 'accepted' on the GrainCorp shipping stem, and
 - 17.2.2 The sufficiency of capacity to receive and handle the customer's grain at the time of the anticipated commencement of cargo accumulation at the port.
- 17.3 GrainCorp will provide Assigned Load Dates to customers on a first-come first-served and non-discriminatory basis. If the Assigned Load Date is not acceptable to the customer, the customer can request another Assigned Load Date and GrainCorp, subject to availability, may provide another Assigned Load Date.
- 17.4 In order to maximise port elevator efficiency, the Assigned Load Dates will be provided on an even spread basis for each Elevation Period at each Load Port that takes into account vessel size, port capacity and other operating factors (such as planned non-grain ships at the berth and planned port elevator maintenance).
- 17.5 Where a customer seeks an Assigned Load Date in the final seven days of the Confirmed Elevation Period, and that capacity is not available, GrainCorp (at its sole discretion) can provide an Assigned Load Date in the following Elevation Period on a first come first served and non-discriminatory basis.
- 17.6 If there is a change to the ETA for a vessel, customers are encouraged to provide an updated ETA for the vessel to enable GrainCorp to efficiently manage port capacity. The Assigned Load Date, provided under this clause, will not be changed.

- 17.7 GrainCorp reserves the right to change the Assigned Load Date and will immediately notify the customer of any such decision, taking into account factors mentioned in Part C sub clauses [17.2.147.2.1](#), [17.2.217.2.2](#) and other relevant factors.

18. Vessel Nomination – Minimum 10 Day Notice

- 18.1 At any time from the ETA Nomination (Part C clause [16.146.1](#)) up to but no later than ten (10) days prior to the date of the ETA, the customer must lodge a **Vessel Nomination** by adding the information required in Part C clauses [18.1.148.1.1](#) to [18.1.418.1.4](#) to the original CNA.

18.1.1 The name of the Nominated Vessel;

18.1.2 Details of the vessel length, depth, and maximum air draft, or any other vessel characteristic that may inhibit or affect loading performance;

18.1.3 Details of the last three (3) cargoes carried and the last three (3) ports of call,

18.1.4 Information relating to any preparations made to the vessel to ensure it passes the regulatory marine and AQIS pre-loading surveys.

- 18.2 Should a customer fail to comply with this minimum notice period, the customer will forfeit their Booked Elevation Capacity and Booking Fee.

- 18.3 A Vessel Nomination received by GrainCorp outside business hours (8:00 am to 4:00 pm AEST) Monday to Friday or on public holidays is taken to have been received at the commencement of the next business day.

19. Variations to ETA Nomination or Vessel Nomination Notice Periods

- 19.1 At the request of a customer GrainCorp may vary or waive the minimum notice periods noted in Part C clauses [1616](#) and / or [1818](#) following consultation with a customer.

- 19.2 GrainCorp will not consider any variation to, or waiving of, the notice periods noted in Part C clauses [1616](#) and / or [1818](#) unless a customer provides a written request seeking GrainCorp to do so, before the notice period expires.

- 19.3 The action of submitting a request under Part C sub clause [19.149.1](#) does not guarantee that GrainCorp will grant a variation or waiver. In making any decision to vary or waive the minimum notice periods noted in Part C clauses [1616](#) and / or [1818](#), GrainCorp will consider the extent to which customer's inability to comply with the notice periods is within the customer's control and the impact of the variation on the efficient operation of the Port Terminal and will notify the customer in writing of the relevant decision within one (1) business day of receipt of a request.

20. Substituting Nominated Vessels

- 20.1 Subject to Part C clause [1818](#), the customer may, by submitting amendments to Section 1 of the relevant CNA, substitute a Nominated Vessel with another vessel at the nominated Port Terminal for the Booked Elevation Capacity (+/- 10% tolerance on elevated tonnes), provided the substituted vessel is a 'similar performing' vessel¹.

¹ 'Similar performing' is a vessel of similar size and capacity, with similar rates of ballasting and loading capability, as the originally nominated vessel.

- 20.2 The customer will not be required to pay a new Booking Fee, or to submit a new CNA if a vessel substituted under Part C clause [20.120.1](#) will arrive within five (5) days of the most recent nominated ETA (Part C clause [1616](#)).
- 20.3 If the customer's substitution involves an increase in Booked Elevation Capacity of more than 10%, commodity or grade substitution, or any alteration to the Site Accumulation Plan that will impact upon the accumulation or elevation of other customers' cargo, the customer, if demand for elevation at the Port Terminal is committed to other customers or if the substitution request requires activities that will decrease the efficiency of grain elevation at the Port Terminal, may be required to pay a new Booking Fee and / or may be required to submit a new CNA (Part C clause 4).
- 20.4 Notification of a request for substitution of a Nominated Vessel received by GrainCorp outside business hours (8:00 am to 4:00 pm AEST) Monday to Friday or on public holidays is taken to have been received at the commencement of the next business day.

21. Changing a Load Port

- 21.1 If the customer has received an Assigned Load Date under Part C clause [1717](#), the customer must inform GrainCorp no later than twenty-one (21) days from the Assigned Load Date of the customer's desire to change the Load Port. If a customer wishes to submit a request to change a Load Port, and to secure a new Assigned Load Date (refer to Part C clauses 2.1 through 9) the request can only be processed by updating the relevant CNA by updating the original CNA using the GrainCorp Workflow Online Platform.
- 21.2 Any notification of a change in Load Port must be submitted to GrainCorp during business hours (8:00 am to 4:00 pm AEST). Any notification received outside business hours (as specified elsewhere in this Protocol) will be deemed to have been received at the commencement of the next business day.
- 21.3 Any grain accumulated by a customer that is stored in a Port Terminal for a cargo **for which the Load Port has been changed**, will accrue storage charges in addition to the standard storage charges detailed in Annexure A of either the *Bulk Wheat Port Terminal Services Agreement*, *Bulk Grain Port Terminal Services Agreement (Non wheat)* or the *Long Term Port Terminal Services Agreement*.
- 21.3.1 Charges mentioned under Part C clause [21.221.2](#) will apply from the 6th day after the Assigned Load Date, until the grain is either loaded to a vessel, or removed from the Port Terminal. Any additional fees accrued are payable prior to the elevation of the grain to a vessel or to other transport.
- 21.4 If a change in Load Port creates operational efficiencies for GrainCorp, GrainCorp in its sole right and discretion may elect to waive some (or all) of Part C clauses [21.121.1](#) and [21.221.2](#) and assign a new Load Date for the new Load Port with the agreement of the customer.
- 21.5 This clause 21 does not apply to requests to change the Load Port to the Newcastle Port Terminal. Requests to change the Load Port to the Newcastle Port Terminal are governed by the Newcastle Port Terminal Services Protocols.

22. Vessel Loading Order

- 22.1 Where a customer's vessel is delayed due to late arrival or is cancelled (Part C clause 37.5), where a customer notifies GrainCorp of a requirement to change a Load Port (Part C clause [2124](#)), where a customer's vessel fails regulatory or related surveys (Part C clause [3737](#)), or where a customer has failed to accumulate sufficient grain at a Port Elevator to complete loading (Part C clause [2727](#)), GrainCorp shall have the right to change the Assigned Load Date or ETA (Part C clause [1717](#)) of a vessel or to change the order in which vessels are loaded from the order shown on the shipping stem. GrainCorp will only make changes to the vessel loading order to:

- 22.1.1 Ensure efficient provision of Port Terminal services to all customers.
- 22.1.2 Avoid situations arising where a customer or customers with a vessel or vessels scheduled to load after a vessel that is affected by occurrences noted under Part C clauses [2626](#), [2727](#), [2929](#), [3535](#), [3636](#), [3737](#), or 37.5 would suffer delays and / or additional costs that could be avoided by changing the order in which vessels are loaded.
- 22.2 In making a change to vessel loading order, GrainCorp shall notify all affected parties in writing, where such notice will contain details of:
- 22.2.1 The specific changes to vessel loading order and the affected parties.
- 22.2.2 The reason(s) for the changes made to vessel loading order.
- 22.3 Where GrainCorp changes an Assigned Load Date, or changes the order in which vessels are loaded, GrainCorp shall make appropriate changes to the shipping stem on the next business day after the notification referred to in Part C clause [22.1.122-1.1](#) has been issued.

23. Late Vessels Arriving Outside the Confirmed Elevation Period

- 23.1 If a vessel presents for loading more than five (5) days after the end of a Confirmed Elevation Period, and ***no amendment to the Confirmed Elevation Period or Assigned Load Date has been requested***, the following will apply.
- a) If there is sufficient capacity in the following Elevation Period, GrainCorp may, in its sole discretion, load the vessel in the next Elevation Period. Where a vessel is loaded in the following Elevation Period, GrainCorp will not be required to comply with Part C, clauses 10, 13-15, 17, 22-25, 27, 33 or 35-38 of the Port Terminal Services Protocols, so long as GrainCorp does not discriminate between customers in favour of its own trading division
 - b) If there is insufficient capacity in the following Elevation Period, the customer will forfeit their Assigned Load Date and, the Booking Fee will also be forfeited.
 - c) Loading priority will be given to vessels that already have Booked Elevation Capacity in the relevant Elevation Period.
 - d) GrainCorp will apply the Additional Terminal Storage Fee detailed in Annexure A of either the *Bulk Wheat Port Terminal Services Agreement* or the *Bulk Grain Port Terminal Services Agreement (Non wheat)* to the total tonnage of an assembled cargo for each day **from the first day of the Elevation Period following** the Confirmed Elevation Period until the commencement of vessel loading.
- 23.2 GrainCorp **will not** apply the abovementioned fee where delays caused by rain, elevator mechanical failure or other factors that can reasonably be described as relating to the failure of GrainCorp to meet the Assigned Load Date may be the cause of a vessel rolling back into the following Elevation Period.

24. Two Port Loading

- 24.1 Where Booked Elevation Capacity requires loading from two Port Terminals, an Assigned Load Date will be allocated at both Port Terminals after the customer's ETA Nomination (Part C clause [1616](#)) is received.

Two Port Loading Delay – no customer fault

- 24.2 Providing that all cargo tonnage has been accumulated at the second Load Port, Assigned Load Date priority at the second Port Terminal will be retained if a delay during loading at the first Port Terminal is no fault of the customer, where delays may include but are not limited to those caused by weather, mechanical breakdown of Port Terminal equipment, or AQIS rejection of infested grain.

Two Port Load Delay – customer's fault

- 24.3 The Assigned Load Date of a vessel at a second Load Port will lose priority if, during loading at the first Port Terminal, the vessel is delayed due to the customer's fault, including but not limited to, the customer's vessel being late, the customer's failure to accumulate sufficient cargo tonnage at the first Port Terminal, failure of the customer's vessel to pass relevant marine, AQIS and any other survey required by regulation.

- 24.4 Should priority at a second Load Port be lost due to circumstances noted in Part C clause [24.324.3](#), GrainCorp will review the original Booked Elevation Capacity and will allocate a new Assigned Load Date in the chronological order in which the CNA was originally received, taking into account other Elevation Capacity booking(s) previously accepted by GrainCorp that appear as 'accepted' on the GrainCorp Shipping Stem and the sufficiency of capacity to receive and handle the customer's grain.

25. Cargo Assembly Planning – Site Assembly Plan

- 25.1 The customer will work with GrainCorp Logistics and will be required to compile the detailed content of a **Site Assembly Plan (SAP)** prior to commencement of accumulation of a cargo tonnage at the nominated Port Terminal at any time from the date on which the customer is notified of its Assigned Load Date (Part C clause 9), up to, but no later than, and twenty-eight days (28) before the Assigned Load Date (Part C clause [1616](#)).

- 25.2 Should a customer fail to comply with this minimum notice period, the customer will forfeit their Booked Elevation Capacity and Booking Fee (Part C clause [9.79.7](#)).

- 25.3 The Site Assembly Plan will contain details of,

25.3.1 The grain and grade(s),

25.3.2 The location of the commodity(s), and

25.3.3 The method of accumulation of the cargo tonnage.

- 25.4 GrainCorp is under no obligation to receive grain at any of its Port Terminals for Booked Elevation Capacity more than twenty-one (21) days in advance of the Assigned Load Date.

- 25.5 Where both GrainCorp and the customer agree, an SAP may allow for the accumulation of cargo tonnage at a Port Terminal more than twenty-one (21) days in advance of an Assigned Load Date.

26. Cargo Assembly by Road from non GrainCorp Storage

- 26.1 Where a customer intends to accumulate cargo tonnage by road from bulk grain storages not managed by GrainCorp, the customer may request to accept sampling and testing services offered by GrainCorp at a site other than the nominated Load Port.

27. Insufficient Grain Accumulated to Load Vessel

- 27.1 A customer shall accept full responsibility for the accumulation of all cargo tonnage at a GrainCorp Port Terminal and for procuring all transport for the accumulation of such cargo tonnage.
- 27.2 Recognising the responsibilities of the customer for the accumulation of cargo(s) (Part C clause [3434](#)) GrainCorp is not liable for, and does not guarantee, that individual cargo tonnage will be available at a Port Terminal by the Assigned Load Date, regardless of the date(s) upon which CNA(s) were lodged by the customer.
- 27.3 If a customer has not accumulated sufficient grain to complete loading of the vessel at a Port Terminal by the Assigned Load Date, and the vessel has berthed and passed all required marine, AQIS or other relevant surveys, GrainCorp may commence to load the vessel with any and all applicable grain owned by the customer at the Port Terminal, in such a manner as to comply with the directions of the captain of the vessel and / or stevedore that will ensure the stability of the vessel. GrainCorp may then request the movement of a part loaded vessel off the berth at the customer's expense, if the next vessel on the Shipping Stem is ready to berth and has sufficient cargo tonnage assembled to commence and complete loading.
- 27.4 A relocated vessel may be allowed back on the berth for the recommencement of loading when the balance of the cargo tonnage has been accumulated at the Port Terminal, taking into account:
- 27.4.1 Other Booked Elevation Capacity
- 27.4.2 The sufficiency of capacity to receive and handle the customer's grain at the time of the anticipated commencement of cargo tonnage accumulation at the Load Port.

28. Port Terminal Stock Swaps

- 28.1 Should a customer fail to accumulate sufficient cargo tonnage in a timely manner (Part C clause [2929](#)), the customer is permitted to 'swap' stock with another customer holding title to suitable grain at the Port Terminal.
- 28.2 When a 'stock swap' occurs, all transactions related to such a swap(s) must be completed prior to completion of elevation of grain to a vessel.
- 28.3 Charges described in Annexure A of either the *Bulk Wheat Port Terminal Services Agreement* or the *Bulk Grain Port Terminal Services Agreement (Non wheat)* will apply to all stock swaps involving the transfer of title of grain held in storage at all Port Terminals.

29. Grain Origination – Ex GrainCorp Storage

- 29.1 If grain arriving at the Port Terminal from a GrainCorp country site cannot be elevated to a Nominated Vessel due to quality reasons that are no fault of the customer (excluding infestation or where the customers cargo quality / grade specifications vary from the relevant Grain Trade Australia receival standards) GrainCorp will:
- 29.1.1 Replace that grain with grain of the nominated grade at GrainCorp's cost, or

- 29.1.2 Deem the customers 'Grain Accounting Stock Tonnes' in the GrainCorp storage network for that component of stock outside of the quality requirements referred to in Part C clause [28.128.1](#) to have remained at the originating GrainCorp country site, or
- 29.1.3 'Stock swap' at the Port Terminal the rejected grain with grain of an equivalent quality profile to that specified in the CNA, in doing so, GrainCorp will assume ownership of the rejected grain at the Port Terminal.
- 29.2 If insect infestation is detected in grain arriving at the Port Terminal from a GrainCorp Storage, GrainCorp will comply with its obligations under the *Bulk Wheat Port Terminal Services Agreement*, the *Bulk Grain Port Terminal Services Agreement (Non wheat)* or the *Long Term Port Terminal Services Agreement*.

30. Grain Origination – Ex Non–GrainCorp Storage

- 30.1 GrainCorp will not assume any liability for any losses associated with grain sent to the Port Terminal from non-GrainCorp storage facilities that does not meet the quality specifications specified in an accepted CNA and related SAP.
- 30.2 If grain received from non-GrainCorp storage facilities fails to meet the quality specifications defined by the customer in the relevant CNA and related SAP, or such grain is rejected by AQIS as being unfit for elevation onto a vessel, the customer remains the owner of the grain until it is removed from the Port Terminal in its entirety. Until such grain is removed, the grain will be subject to any applicable storage and related fees detailed in Annexure A of either the *Bulk Wheat Port Terminal Services Agreement* or the *Bulk Grain Port Terminal Services Agreement (Non wheat)*.

31. Treated or Fumigated Grain

- 31.1 The customer must advise, prior to the dispatch of any grain to a Port Terminal, if that grain is to be, or has been, treated or fumigated with any grain protectants or insecticides approved for application to grain.
- 31.2 The customer must also provide advice on the chemical treatment used, or planned to be used on grain, and must not deliver grain to the Port Terminal
- (a) until advised that such treatments are acceptable to GrainCorp, or
 - (b) that poses any significant market risks that may cause AQIS to reject the grain on inspection, or would cause the grain to fail Australian or importing country residue surveillance.

Note - Port Terminals have a nil tolerance for fumigant residues above accepted Maximum Residue Levels.

32. Fumigation Clearance Certificate

- 32.1 Where grain has been fumigated, the customer must provide a '**Clearance Certificate**' stating that the commodity is free from all fumigant residues, issued by a licensed fumigator.
- 32.2 The requirement under this clause does not apply to grain received from GrainCorp Storages, as all grain treatment and fumigation activities are carried out in a manner that ensures they meet Port Terminal grain receipt requirements.
- 32.3 that GrainCorp may reposition or relocate grain to another (non–Port Terminal) site at the customer's cost, including storage, freight and weighing.

33. Where grain has Additional Terminal Storage Charge for Residual Grain at the Port Terminal

- 33.1 Any residual grain remaining in the Port Terminal after the completion of vessel loading, or as the result of a vessel cancellation, will accrue an **Additional Terminal Storage Charge** detailed in Annexure A of either the *Bulk Wheat Port Terminal Services Agreement* or the *Bulk Grain Port Terminal Services Agreement (Non wheat)*.
- 33.2 If the customer continues to retain title to residual grain, or is unable to relocate residual grain, the customer acknowledges been delivered to a Port Terminal from non-GrainCorp storage facilities and is rejected as being unfit for loading onto a vessel, GrainCorp will not be liable for any loss relating to the degradation of the quality of that grain. The customer remains the owner of this grain at all times and until the grain is sold or removed from the Port Terminal.
- 33.3 Clause [33.133-1](#) will not apply if:
- 33.3.1 Residual stock remaining in the Port Terminal as a result of a rejection to load to vessel by AQIS was moved to the Port Terminal from a GrainCorp country storage, or
 - 33.3.2 The customer has Booked Elevation Capacity with an Assigned Load Date within 14 days of the previous vessel's completion of loading, where previously rejected grain may be included as part of that cargo tonnage, or;
 - 33.3.3 The customer sells residual grain to another customer, or agrees that the grain can be included as a component of the cargo of a vessel of another customer, where cargo tonnage accumulation for that customer commences within 14 days of the completion of loading of the vessel upon which the rejected grain was originally to be loaded.

34. Provision of Transport for the Accumulation of Cargo Tonnage

- 34.1 For the avoidance of doubt, the customer is responsible for organising all matters related to the booking and / or provision of transport.
- 34.2 By accepting a CNA, GrainCorp does not undertake to provide to the customer any grain transportation services associated with the accumulation of grain for an accepted CNA.
- 34.3 Where a customer specifically contracts GrainCorp to provide cargo tonnage accumulation services, or where GrainCorp is specifically contracted to supply grain transportation services to a customer, a contract for the provision of such services will be entered into, and such a contract will be separate to the provision of Port Terminal services described under this Protocol.

35. Vessel Readiness to Load – In Transit Marine Survey

- 35.1 If GrainCorp assesses that a vessel presents a higher than acceptable risk of failing a marine, AQIS or related survey required under Regulation, GrainCorp may request that the customer provide assurance of the fitness or readiness of a vessel to load by procuring an 'in transit' marine surveyor report, either at the previous discharge port or at anchor at the Load Port. GrainCorp may refuse to accept a vessel 'alongside' to present for the marine, AQIS or related survey required under Regulation if such a request is not complied with, within three (3) Business Days.
- 35.2 Any costs incurred in relation to Part C clause [35.135-1](#), shall be the responsibility of the customer.
- 35.3 GrainCorp may record all information relating to the vessel readiness to load performance of the customer, its shipping agents and shipping lines, and may incorporate this information into relevant CNA assessment procedures in the future.

36. Vessel Authority to Load

- 36.1 Prior to calling a vessel to the berth and commencing loading, GrainCorp will forward to the customer an **Authority to Load** for the customer's approval. The Authority to Load will include all quality information relating to the customer's cargo.
- 36.2 The customer must approve the Authority to Load and return it to GrainCorp prior to the commencement of elevation of grain to a vessel.
- 36.3 The customer acknowledges that GrainCorp has the right to mitigate dust emissions at the Port Terminal.
- 36.4 Such mitigation may include moisture conditioning of grain paths.
- 36.5 Notwithstanding any other provision in this Protocol, the customer understands and accepts that matters and events beyond GrainCorp's control may occur, including but not limited to, changes in vessel scheduling and arrival or departure times, failure of vessels to pass any quarantine requirements or other inspections, grain quality related matters, harbour / port congestion, berth occupation by vessels under the direction of a Port Authority, lack of performance and delays due to freight or other service providers and rain or high winds, that prevent vessel loading which means GrainCorp cannot guarantee that cargo tonnage will be ready for loading, or that they can or will be loaded as scheduled. GrainCorp will try to avoid any changes or delays where possible, and will keep the customer informed.

37. Vessels Failing Regulatory Survey

- 37.1 The customer is responsible for the condition and state of readiness of vessels presented to GrainCorp for loading and for a vessel passing relevant marine, AQIS and any other survey required by regulation relating to the export of grain from Australia.
- 37.2 In the event of the customer's vessel failing a marine, AQIS or other survey that may be required by regulation, GrainCorp reserves the right to give berthing and elevating priority to other vessels on its Shipping Stem, and to assign any vessel that has failed a survey, which is re-presented for loading, a new ETA or Assigned Load Date.
- 37.3 Where a vessel fails marine, AQIS or other survey and loading is delayed until the Elevation Period following the Confirmed Elevation Period, the following will apply.
- a) On the 11th day after the original Assigned Load Date, GrainCorp will apply the Additional Terminal Storage Fee detailed in Annexure A of either the *Bulk Wheat Port Terminal Services Agreement* or the *Bulk Grain Port Terminal Services Agreement (Non wheat)* to the total tonnage of the assembled cargo until the commencement of vessel loading.
- b) GrainCorp will load the ship in a later Elevation Period in accordance with Part C clause 7 and [1717](#).
- 37.4 Where a vessel is not able to load until the Elevation Period following the end of a Confirmed Elevation Period, loading priority will be given to vessels that have Booked Elevation Capacity in the relevant Elevation Period.
- 37.5 Where a vessel fails marine, AQIS or other survey and the failure results in GrainCorp making changes to the order in which vessels are to be loaded to avoid the Port Terminal having no capacity to receive grain, any vessel costs which are incurred by other Customers arising from their vessel being moved off and/or onto the berth and which can be demonstrated by GrainCorp, or the Customer, shall be the

responsibility of the Customer of the failed vessel to a maximum of \$50,000 per vessel failure. This clause 37.5 will only apply where the vessel failure:

- a) would otherwise result in a port blackout; and
- b) requires another vessel to be moved off and/or onto the berth.

38. Late or Cancelled Vessels

38.1 If a vessel fails to be available for loading within ten (10) days of the Assigned Load Date or if a vessel has been cancelled by the customer then:

38.1.1 The customer forfeits any Booking Fee previously paid and remains liable for any Booking Fee not paid (even if not yet invoiced).

38.1.2 If the customer wishes to make a new Elevation Capacity booking, the customer must submit a new CNA per Part C clauses [2.12.1](#) through [99](#) and must pay a new Booking Fee.

38.2 All grain in a Port Terminal accumulated for a vessel that is late or cancelled, will accrue additional storage charges (in addition to the standard storage charges detailed in Annexure A of either the *Bulk Wheat Port Terminal Services Agreement* or the *Bulk Grain Port Terminal Services Agreement (Non wheat)*).

38.2.1 Such charges will apply from the 11th day after the Assigned Load Date relating to late or cancelled Booked Elevation Capacity (Part C clause [38.138.1](#) and [38.238.2](#)) until the grain is either elevated to a vessel or removed from the Port Terminal.

38.3 Any additional fees accrued are payable prior to the elevation of the relevant grain to a vessel or other transport.

39. Dispute Resolution

If a customer wishes to dispute a decision to reject a CNA (refer to Part C clause 7 for CNA assessment criteria) or to change the vessel loading order (refer to Part C clause [21.421.4](#)), the following procedures will apply:

39.1 The customer must notify GrainCorp in writing of their intent to dispute, the reason(s) for the dispute and any requested resolution (**Dispute Notice**) by 4.00 pm AEST of the next business day following issue of a notice of rejection of a CNA or the publication of a change to the vessel loading order.

39.2 GrainCorp must respond to the customer raising a dispute within two (2) business days after 4.00 pm AEST of the day of receipt of a Dispute Notice (**Response**).

39.3 A Response must set out whether GrainCorp intends to reverse its decision to reject a CNA, or to change the vessel loading order, and if not, must provide a written explanation or basis for GrainCorp's decision.

39.4 If the customer is not satisfied with the Response, or GrainCorp fails to respond in the manner set out in Part C clause [39.339.3](#), the customer may serve a notice to escalate (**Escalation Notice**) on GrainCorp no later than two (2) Business Days after 4.00 pm AEST of the day of receipt of a Response or from the last day the Response should have been received.

- 39.5 Upon receipt of an Escalation Notice, GrainCorp must at the request of the customer, arrange a meeting within five (5) business days of receipt of the Escalation Notice between GrainCorp's General Manager, Ports and the customer to discuss and resolve the dispute.
- 39.6 To avoid doubt, Part C clauses ~~39.139.1~~ to ~~39.539.5~~ do not apply to any other dispute under these Protocols including, to avoid doubt, a dispute relating to the grade, quality, sampling, testing, or classification of grain that accumulated for or has been accumulated for elevation onto a vessel.

40. Supply Chain Disruption

- 40.1 At any time during a period:
- 40.1.1 of Force Majeure as defined in either the *Bulk Wheat Port Terminal Services Agreement*, *Bulk Grain Port Terminal Services Agreement* or *Long Term Port Terminal Services Agreement*; or
- 40.1.2 where the operation of a Port Terminal is severely limited or stopped due to one of the following operational factors or supply chain disruptions:
- a) the disruption of rail services to a Port Terminal;
 - b) a closure of a Port Terminal due to mechanical breakdown;
 - c) a closure of a Port Terminal due to a direction from a port authority; or
 - d) a Port Blockage,
- GrainCorp may offer to load a Customer's vessel at an alternative Port Terminal (or at the Newcastle Port Terminal) or in a later Elevation Period, subject to there being sufficient capacity, and the Customer may agree to loading at that alternative Port Terminal or later Elevation Period.
- 40.2 Where a vessel is to be loaded at an alternative Port Terminal or a later Elevation Period in accordance with Part C clause 40.1, GrainCorp will not be required to comply with Part C, clauses 10, 13-15, 17, 22-25, 27, 33 or 35-38 of the Port Terminal Services Protocols, so long as GrainCorp does not discriminate between Customers in favour of its own trading division.
- 40.3 Where a vessel is to be loaded at the Port of Newcastle, the Newcastle Port Terminal Services Protocols will apply.

1. CONSIDERATION & TERM OF AGREEMENT

1.1 In consideration of the Client:

(a) paying to GrainCorp the Fees payable under this Agreement;
and

(b) complying with the terms and conditions of this Agreement,

GrainCorp agrees to provide the services set out in this Agreement, including the Port Terminal Services, to the Client at a nominated Port Terminal owned by GrainCorp ("**Services**") in accordance with the terms and conditions set out in this Agreement. This Agreement does not apply to services which are subject to separate agreements (**Bulk Grain Port Terminal Services Agreement (Non-Wheat) and Country Storage and Handling Agreement**).

1.2 This Agreement applies to all Services supplied by GrainCorp for or on behalf of the Client in relation to the Client's Wheat for the period commencing on 1 October 2011 ("**Commencement Date**") and

concluding on 30 September 2014 (“**Termination Date**”) (“**Term**”). To avoid doubt, GrainCorp will publish Reference Prices on GrainCorp’s website by no later than 31 August of each year.

- 1.3 Subject to **Clause 13.5**, this Agreement shall be deemed to have been accepted by the Client and the Client and GrainCorp will be bound by the terms and conditions of this Agreement from the earlier of:
 - (i) the later date of execution of this Agreement by either party; or
 - (ii) the date that GrainCorp provides any Services.
- 1.4 On and from the Commencement Date, this Agreement supersedes any prior agreement between the parties that relates to the Services.

2. SCOPE OF AGREEMENT

- 2.1 This Agreement applies to the Services provided by GrainCorp for the Client at a nominated Port Terminal, including in relation to:
 - (a) Wheat physically received into the Port Terminal directly from or on behalf of the Client;
 - (b) Wheat which is transferred to the Client where the transferred Wheat was the subject of a Grower Warehouse Agreement; and
 - (c) Wheat which is transferred to the Client where the transferred Wheat was the subject of a Bulk Wheat Port Terminal Services Agreement or a Country Storage and Handling Agreement.
 - (d) For the avoidance of doubt, where a Client has a relationship with GrainCorp governed by a Country Storage and Handling Agreement, a Bulk Wheat Port Terminal Services Agreement and a Bulk Grain Port Terminal Services (Non Wheat) Agreement, all of the Client’s stock contracted under the separate agreements will be considered in concert for the purposes of **Clauses 6.30 and 6.31** of this Agreement.
- 2.2 During the Term, GrainCorp will sample, provide quality testing services for, weigh, store and load to vessel or (if available) rail or (if available) road transport, all Wheat received by it under the terms of this Agreement.
- 2.3 The terms of this Agreement do not extend to loading Wheat into shipping containers at Port Terminals. Other than as set out here, the terms for loading containers are the subject of separate terms and conditions which may be agreed between the parties.
- 2.4 These terms and conditions do not extend to the importation of Wheat from vessels at the Port Terminal which are subject to separate terms and conditions between the parties.
- 2.5 This Agreement is not an open offer or a representation that GrainCorp will provide the Services to the Client for any minimum or maximum quantity or quality of Wheat, nor is it a representation that GrainCorp will provide the Services for all of the Client’s requirements. Where GrainCorp does provide the Services, it does so in compliance with the

terms of this Agreement which include the annexures, and both parties commit to the procedures included in the Agreement.

3. SERVICES PROVIDED BY GRAINCORP UNDER THIS AGREEMENT

Receival of Wheat

- 3.1 During the Term of this Agreement GrainCorp will use its reasonable endeavours to receive Wheat into the Port Terminal in accordance with the Client's request and subject to any restrictions, limitations or other conditions in this Agreement. At all times GrainCorp retains the final discretion as to what specifications and quantities of Wheat it will receive into the Port Terminal. Notwithstanding this Clause 3.1, all Wheat of the Client that forms part of an agreed Site Assembly Plan ("SAP") will be received at the Port Terminal provided it meets the standards as prescribed on the Cargo Nomination Application ("CNA").
- 3.2 GrainCorp will only receive Wheat at Port Terminals from sources other than GrainCorp Storages where the Client and the Wheat it seeks to deliver, satisfy the requirements specified in Annexure B: *Port Terminal Services Protocol*.
- 3.3 Notwithstanding any other provision of this Agreement, the Client acknowledges that:
- (a) Wheat received and stored by GrainCorp may be stored in common (i.e. commingled) with Wheat received from other GrainCorp clients, and Wheat may be segregated due to, but not limited to, pesticide residues, genetic status and phytosanitary requirements;
 - (b) Wheat received and stored by GrainCorp of Feed Grade may be commingled with Wheat of the same type and grade but of a different growing season;
 - (c) it understands and has advised all of its suppliers, that Wheat suspected to contain residues or which may otherwise be contaminated may **not** be delivered to or accepted at any GrainCorp facility. If such delivery is made for or on behalf of the Client, GrainCorp will not be responsible to any party for any Claim of Loss howsoever alleged or suffered; and
 - (d) this Agreement shall not be construed as a lease or licence of any storage facilities or land upon which any storage facility is located.
- 3.4 For the purposes of this Agreement, the grade of Wheat will be determined by GrainCorp in accordance with the Receival Standards unless otherwise agreed in advance of any testing or sampling by GrainCorp, and in writing between GrainCorp and the Client.

Quality Testing Services

- 3.5 Where Wheat has been received into GrainCorp Storages, the same grade classification of this Wheat given at the GrainCorp Storage will apply to Wheat being received into the Port Terminals.
- 3.6 GrainCorp will provide protein, moisture, screenings, defective grain and contaminant testing services for Wheat prior to or following receival at

Port Terminals. GrainCorp will provide falling number testing of Wheat upon receipt at Port Terminals as determined by GrainCorp. Wheat analysis resulting in grade or scale classification will be performed using instruments which comply with the provisions of the Commonwealth Government's National Measurement Act (1960) and National Measurement Regulations (1999). All other testing will be performed in accordance with the Receival Standard for the relevant Wheat type and grade.

- 3.7 GrainCorp defines "Nil" as less than 0.01% by weight where a Nil tolerance is specified in the Approved Receivals.

Pest Control

- 3.8 Unless otherwise agreed in advance by the parties in writing, GrainCorp may treat all Wheat with approved chemicals or treatments as per applicable codes and regulations including the Australian Pesticides and Veterinary Medicines Authority and Food Safety Australia and New Zealand codes. GrainCorp will provide a list of approved chemicals and treatments to the Client on an annual basis.
- 3.9 If the Client requests and GrainCorp agrees to a different chemical or treatment strategy for a specific Port Terminal, an additional fee may be charged by GrainCorp and payable by the Client for the agreed treatment.
- 3.10 Where fumigation or other certificates are required by the Client, GrainCorp will apply a charge for the administration of these certificates. Any certification requirements must be lodged as part of a Cargo Nomination Application or Grain Stock Order Form. These certificates may not be obtainable in a format suitable for some requirements. GrainCorp accepts no responsibility for certification requests that have not been agreed between the Client and GrainCorp prior to a Cargo Nomination Application or Grain Stock Order Form approval.
- 3.11 GrainCorp will regularly inspect Wheat stored for the Client. If infestation is detected in Wheat arriving at the Port Terminal from a GrainCorp Storage, the Wheat will be disinfested and treated at GrainCorp's cost. If infestation is detected in Wheat arriving at the Port Terminal which is not sourced from a GrainCorp Storage, the Wheat will be disinfested at the Client's risk and cost. Applicable fees for this service are detailed in Annexure A. GrainCorp is not required to obtain the Client's approval to disinfest Wheat.

Outloading of Wheat

- 3.12 If a Client wishes to remove a tonnage of its Wheat from a Port Terminal by loading rail or road transport, the Client must complete and execute a GrainCorp approved Grain Stock Order Form and follow the procedure set out in the instructions on that form. GrainCorp is not required to load Wheat until:
- (a) the Grain Stock Order Form has been properly completed and executed by the Client; and
 - (b) the procedures set out on the Grain Stock Order Form have been followed.

- 3.13 The minimum period for notifying GrainCorp of rail outloading is 12 noon on Monday (or the next working day if the Monday is a public holiday in the state of Queensland from where GrainCorp manages its company wide logistics operations) in the week prior to the week that the Client requires the outloading services.
- 3.14 The minimum period for notifying GrainCorp for road outloading Services, is prior to 3pm on the business day (in the state of Queensland from where GrainCorp manages its company wide logistics operations) before the date that the Client requires the outloading Services.
- (a) The Client must ensure that its road transport provider advises GrainCorp of vehicle registration details in writing, by 5pm on the business day prior to the date when the outloading services are to be performed. If the Client uses the GrainCorp web truck booking program (available at www.graincorp.com.au) this notice period will be extended to 6:00am on the day of outloading.
- (b) The Client must use best endeavours to provide destination details for all road orders to ensure load security.
- 3.15 The outloading of Wheat is subject to local operating arrangements, legislative and regulatory requirements and compliance, availability of rail and road transport, fumigation requirements and periods of non access and prevailing weather conditions.
- 3.16 If a Client wishes to remove a tonnage of its Wheat from a Port Terminal by loading to a vessel, the Client and GrainCorp must follow and are bound by the protocols and procedures as outlined in Annexure B of this Agreement.
- 3.17 Once Wheat is removed from a Port Terminal (ordinarily determined as the point where the Wheat passes over the rail of the vessel/ vehicle/rail carriage):
- (a) As per **Clauses 6.1-6.9**, the Wheat no longer forms part of the Stored Wheat and the Client becomes the full owner of that Wheat bearing all risk and responsibility; and
- (b) the GrainCorp Stock Management System will be updated either manually or automatically to reflect the remaining Interest (if any) of the Client.

Preconditions to Any Outturning or Outloading Services

- 3.18 Without limiting any other provision in this Agreement, the following preconditions apply before any outloading or outturning Services are to be provided:
- (a) GrainCorp relies on the Client to have in place, and in turn, the Client warrants that it shall have in place and maintain at all times during the Term, an appropriate and unconditional wheat export licence and any accreditation or similar as required under any law or by any government body (“Accreditation Requirements”). The Client undertakes not to request any outturning or outloading Services, or if requested, to cancel such request, unless and until the Accreditation Requirements are complied with. If GrainCorp reasonably suspects or is

otherwise notified of the Client's non compliance with the Accreditation Requirements then the Client is in breach of warranty and GrainCorp may at the Client's sole risk and cost, refuse to provide any Services in connection with this Agreement, until the Client proves compliance with these requirements. The Client indemnifies GrainCorp from and against any Loss or Claim arising in connection with any failure to comply, in whole or in part, with any Accreditation Requirements.

- (b) GrainCorp is not responsible for the cleanliness, fitness for loading or carriage of Wheat, of any mode of transportation nominated by the Client. If AQIS determines or if acting reasonably, GrainCorp in consultation with the Client determines that the Client's selected mode of transportation is not clean, fit for loading or carriage then it may suspend or refuse to provide any outturning or outloading Services and in no circumstances will GrainCorp be liable for any delay, Loss or Claim and the Client shall meet all of GrainCorp's costs, expenses or losses associated with the rejection, suspension or cancellation of the scheduled outturning or outloading services. To avoid doubt, this clause will apply where GrainCorp engages labour or is required to cancel the provision of services to other clients directly as a result of the Client's mode of transport failing to meet the statutory or regulatory requirements for the transport of Wheat (for example, failing regulatory surveys). The Client will be advised, in writing, of any Claim to be made by GrainCorp, within a reasonable time of the determination that the mode of transport has been declared not clean or unfit for loading or carriage of Wheat.
- (c) Prior to physically outturning or outloading any Wheat, GrainCorp reserves the right to invoice the Client and receive payment in full for any related outturning or outloading services, failing which GrainCorp is not required to commence any such outturning or outloading services. On completion of any outturning or outloading services, the Client must within 21 days pay for any additional costs, services and Fees for Wheat outturned or loaded additional to the quantity invoiced. If the quantity outturned or outloaded is less, then GrainCorp will within 21 days refund to the Client the difference.

4. CONDITIONS OF SERVICES PROVIDED BY GRAINCORP UNDER THIS AGREEMENT

New Season Agreement and Holding Over

- 4.1 The parties will be bound by the terms and conditions of the Bulk Wheat Port Terminal Services Agreement (or equivalent agreement) issued for the grain season or seasons commencing on 1 October 2011 (**New Season Agreement**) from the earlier of:
 - (i) the date of execution by the Client of the New Season Agreement; or

- (ii) the date that GrainCorp stores and handles Wheat on behalf of the Client during the grain season commencing on 1 October 2011.

In the event that such agreement is not published prior to 1 October 2011 or is otherwise delayed, then GrainCorp and the Client continue to be bound by the terms of this Agreement subject to agreed variations and any revised Fees that apply for the new season, as will be notified to the Client before 1 October.

Hours of Operation

- 4.2 GrainCorp is only required to provide a single day shift operation at a Port Terminal on any one normal business day, being a day which is a Monday to Friday where banks are open in the state where such Port Terminal is located. GrainCorp and the Client may agree that additional (overtime) shifts will be provided for the handling of the Client's Wheat and GrainCorp will use reasonable endeavours to procure the additional labour. This applies to both shipping services and the unloading of road and rail transport. If GrainCorp provides additional overtime shifts the Client must pay:
 - (a) the overtime fees (if applicable) as set out in Annexure A;
 - (b) any stevedoring charges or charges required to be paid to the Department of Agriculture Fisheries and Forestry or AQIS and other charges, paid, incurred or required to be paid by GrainCorp in connection with providing the additional overtime shifts.
- 4.3 Where overtime labour has been engaged by GrainCorp to load a vessel or unload road and rail transport in accordance with the Client's request and the vessel is unable to load for any reason, or the transport fails to arrive at the Port Terminal, cancellation or related Fees as set out in Annexure A must still be paid by the Client in full.
- 4.4 Notification of a request to load a vessel requiring overtime or weekend shifts must be provided to GrainCorp prior to cut off times as specified from time to time by the Port Terminal. GrainCorp cannot guarantee and does not represent that it will accept any such requests.

Rail Transport Providers

- 4.5 Where the Client procures rail services from GrainCorp then the following terms and conditions will be superseded by the terms of that agreement.

Where the Client has procured its own rail services, the following conditions will apply:

If GrainCorp receives the Client's Wheat by rail transport or is required to outturn the Client's Wheat to rail the Client must:

- (a) Ensure that the Client's rail service provider:
 - (1) has all approvals, licences and authorisations required to operate rail and related services, and has adequate systems to provide the necessary rail and related services to the Client in a timely, safe and professional manner;

- (2) provides rail wagons and other related equipment utilised in the transport of Wheat that are clean and empty of any grain residue and/or contaminants, free from defects, well maintained, rail and carriage worthy, and that avoid risk of any damage to property or injury to any persons including GrainCorp employees, agents and contractors;
- (3) where the train crosses certified rail weighbridges, issues actual weights of tonnage carted for the purpose of determining actual stock outloaded. This information must be forwarded direct to GrainCorp from the rail service provider;
- (4) provides a system for the notification of defects in rail wagons. Any defect reported by GrainCorp will be recorded and the Client must ensure that remedial action taken by the Client's rail service provider or alternative transportation must then be arranged by other means or a different rail service provider. GrainCorp will be advised when corrective action has been completed on the defective rail wagon. The rail service provider will not allow the defective rail wagons to be loaded until the defect has been remedied and confirmed to GrainCorp;
- (5) minimises and avoids all risk of damage or injury to all persons, and protection of same, including the protection of GrainCorp employees, agents and contractors by providing wagons with top door opening/closing mechanisms which do not require GrainCorp employees to climb onto the wagon to open or close the rail wagon doors; and
- (6) participates in safety audits conducted at or near GrainCorp Storages so that risks of injury to any persons including GrainCorp employees are identified, and addresses and remedies any risks related to rail wagons identified in the course of such safety audit.

The Client shall bear all risk and responsibility for the actions and / or omissions of its rail service provider, including any Loss or Claim howsoever connected to their engagement of the rail service provider or the performance of the rail or related services.

- (b) The Client acknowledges that, unless advised otherwise by GrainCorp, the loading of Wheat into rail wagons by GrainCorp does not include:
- (1) the movement or shunting of rail wagons by any means; or
 - (2) the opening and closing of wagon lids and discharge hatches on rail wagons.

- 4.6 GrainCorp will use reasonable endeavours to ensure that the tonnage loaded into rail transport provided by or on behalf of the Client from a Port Terminal will be loaded to the Nominated Capacity.

Road Transport Providers

- 4.7 If the Client requires GrainCorp to receive or outturn Wheat by road transport, the Client must:
- (1) ensure that vehicle operators engaged by the Client for the purposes of delivering or outturning Wheat by road to/from the Port Terminal comply with all laws and regulations, including those in respect of safety, the environment, carriage of goods and chain of responsibility, are conversant with site safety procedures and have undergone a site induction program prior to entering the Port Terminal;
 - (2) ensure that vehicle operators are advised that they must not, and thereafter do not, require or request GrainCorp staff to climb on vehicles for any purpose or assist with securing of loads;
 - (3) engage road transport providers and ensure that they provide associated equipment that is registered, insured, operated by licensed and physically capable operators, is clean, safe, and fit for purpose prior to entering the Port Terminal;
 - (4) provide the prescribed minimum business day's notice to outturn to road as set out in **Clause 3.14** above. Subject to clause 2.5 and 3.15, where the Client has provided the minimum business days notice GrainCorp will make available outloading operations. GrainCorp may levy additional charges as described in Annexure A where this minimum notice period is not observed; and
 - (5) provide the vehicle registration number of all road transport allocated to load Wheat from the Port Terminal for the purpose of transporting Wheat from the Port Terminal for or on behalf of the Client.
- 4.8 If the Client requires GrainCorp to outturn Wheat by road transport, GrainCorp will not permit loading beyond the legal mass prescribed by the relevant legislation in each state for that road transport configuration, and the Client will have no Claim against GrainCorp for any Loss connected to such directions or restrictions.

5. OBLIGATIONS OF THE CLIENT UNDER THIS AGREEMENT FOR PORT TERMINAL OPERATIONS

Shipping Information

- 5.1 The parties are bound by the protocols and procedures attached to and forming part of this Agreement as Annexure B, or as varied from time to time.
- 5.2 The Client acknowledges that AQIS may disallow the loading of some portion of the Client's Wheat at the Port Terminal for reasons of non conformance to AQIS export conditions as outlined in the *Export Control*

Act 1982 (such as, but not limited to, detection of live insects, rodents and rattlepod). GrainCorp is not liable for any Loss incurred by the Client in relation to the failure to load that portion of the Wheat or the replacement of that stock for the completion of loading, due to a decision by AQIS to disallow the loading of that portion of the Wheat, including vessel discharge or other post loading mitigation.

- 5.3 GrainCorp is not liable for any quality issues not caused by GrainCorp derived from Wheat rejected from shipping at the Port Terminal that has been delivered from any site, not being a GrainCorp Storage. The Client remains the owner of this Wheat at all times until the Wheat is sold or removed from the Port Terminal. Applicable fees to apply to this Wheat are detailed in Annexure A.
- 5.4 Where contaminated Wheat is received from or on behalf of the Client from any site, not being a GrainCorp Storage, and this Wheat contaminates other stock at the Port Terminal, the Client is the owner of the contaminated Wheat and is liable for all Loss incurred by GrainCorp (including from Claims by other clients) caused by and all costs associated with the contaminated stock,.
- 5.5 GrainCorp will load Wheat from the Port Terminal storage in accordance with:
- (a) the standard, notwithstanding Annexure B, advised to GrainCorp by the Client (provided that these are no more rigid than the Receival Standards for the receival of the Wheat); and
 - (b) the "Authority to Load Advice" form provided to GrainCorp by the Client and endorsed by GrainCorp; and
- any other market or blending requirements as agreed in writing by the parties.
- 5.6 The Client acknowledges that GrainCorp has the right to mitigate dust emissions at the Port Terminal. Such mitigation may include moisture conditioning of grain paths.
- 5.7 Notwithstanding any other provision in this Agreement, the Client understands and accepts that matters and events beyond GrainCorp's control may occur (including but not limited to changes in vessel scheduling and arrival or departure times, failure of vessels to pass any quarantine requirements or other inspections, Wheat quality issues, vessel congestion, lack of performance and delays due to freight or other service providers) which means GrainCorp cannot guarantee all cargos will be ready for loading, or that they can or will be loaded as scheduled. GrainCorp will try to avoid any changes or delays where possible and will keep the Client informed. GrainCorp will use reasonable endeavours to accumulate cargo and load vessels as scheduled.
- 5.8 For the avoidance of doubt, no mode of transportation can be cleaned at a Port Terminal without GrainCorp's prior written consent. If a vessel cannot be loaded for any reason including for failing to pass any inspection or survey, then GrainCorp is entitled to instruct a vessel to be removed from the berth, including to make way for another vessel to be loaded. GrainCorp will not be liable for any Loss or Claim howsoever suffered or incurred by any party connected to such a direction.

Port Charges

- 5.9 GrainCorp is not liable for any port or related charges in relation to receipt, storage and loading of Wheat at Port Terminals (including vessel, demurrage, stevedoring, Port fees or AQIS fees), and such charges will be borne by the Client. In addition, any charges that GrainCorp may incur under the Maritime Transport Security Act (2003) or any other applicable act or regulation, shall be passed onto either the vessel agent or Client after consultation.
- 5.10 The Client will be responsible for paying all costs associated with conducting the export inspection of Wheat by AQIS and/or its agent(s) as well as the cost of employing all labour connected with loading, storing, treating and transporting the Wheat for any such inspection.
- 5.11 For vessels at Geelong, upon completion of loading, the vessel must sail within two hours of completing cargo operations (at the Geelong Number Three berth). If the vessel does not sail the following hourly charges will apply after the expiration of the two hours:
- \$325.00 per hour for the first hour or part thereof and
\$650.00 per hour for each subsequent hour or part thereof.
- This additional fee will be charged to the shipper's agent.

6. TITLE TO GRAIN AND GRAIN ACCOUNTING OBLIGATIONS

Co-ownership

- 6.1 Notwithstanding any other provision of this Agreement (but subject to **Clause 6.25 and 6.26**), the Client acknowledges that when GrainCorp receives the Client's Wheat and both of the following occur:
- (i) the weighbridge documentation notates the tare weight and the final net mass of the load is known, and
 - (ii) the Client (or the Client's agent) has signed the Receival Docket,
- then the Client's Wheat becomes Stored Wheat. At this time, full ownership in the Wheat automatically transfers from the Client to the Co-owners, and in return, an Interest transfers from the Co-Owners to the Client. As a result, the Client becomes a Co-owner of all the Stored Wheat.
- 6.2 For the purposes of this Agreement, the percentage of the Stored Wheat which the Client makes up, and which therefore constitutes the Client's Interest in the Stored Wheat, will be determined by GrainCorp, using the records GrainCorp is required to keep pursuant to **Clauses 6.39 to 6.41**. For the avoidance of doubt the Client's Interest represents an ownership right to Wheat of the same type and grade of the Wheat that was classified by GrainCorp and delivered by the Client (and not the same physical Wheat that is delivered by the Client).
- 6.3 Each Co-owner holds its Interest as a tenant in common.
- 6.4 If GrainCorp becomes insolvent, each Co-owner will assert its right to retain ownership commensurate to its Interest.
- 6.5 A Co-owner may, subject to the terms and conditions of this Agreement, deal with its Interest as an owner, including:

- (a) transferring all or part of its Interest to another Co-owner;
 - (b) removing Wheat with GrainCorp's approval from the Stored Wheat;
 - (c) transferring all or part of its Interest to a third party;
 - (d) mortgaging or assigning all or part of its Interest by way of security; and
 - (e) granting a fixed or floating charge over all or part of its Interest.
- 6.6 In respect of each Co-owner, provided that the Co-Owner complies with all its obligations under this Agreement, GrainCorp has possession of the Co-owner's Stored Wheat but no legal or equitable title to any part of it, except to the extent that GrainCorp is a Co-owner.
- 6.7 GrainCorp may become a Co-owner by adding Wheat to the Stored Wheat. In accordance with **Clause 6.1**, full ownership in any Wheat added to the Stored Wheat by GrainCorp is transferred to the Co-owners. In return, the Co-owners transfer to GrainCorp an Interest.
- 6.8 GrainCorp must maintain records in respect of its Interest in accordance with **Clauses 6.39 to 6.41**.
- 6.9 Except as set out in **Clause 7.13**, in respect of each Co-owner, provided that the Co-Owner complies with all its obligations under this Agreement, GrainCorp may only deal with Stored Grain as owner of its own Interest and not as the owner of the Interest of the Co-owner. This applies in particular, to the removal of Wheat from the Stored Wheat.

Transfer of Title

- 6.10 If a Client (as seller) wishes to transfer a tonnage of Wheat (being all or part of its Accounting Stock Tonnage) to another GrainCorp client (or swap a tonnage of Wheat between the Client and another GrainCorp client), the Client must either:
- (a) complete and execute a Buyer to Buyer Title Transfer Form (or Stock Swap Form) and follow the procedures set out in the instructions on that form. Wheat is not transferred until the Buyer to Buyer Title Transfer Form (or Stock Swap Form) is also executed by both the GrainCorp client receiving the transfer and GrainCorp has processed the transfer into the GrainCorp Stock Management System. Using reasonable endeavours, the GrainCorp Stock Management System will be updated manually to reflect the revised Interests of the Client and the transferee within 2 business days of receiving the buyers acknowledgement. The transfer (swap) is effective, after execution by all parties, on the date on which the seller (initiator) signs the Buyer to Buyer Title Transfer Form (Stock Swap Form); or
 - (b) complete and execute the Buyer to Buyer Title Transfer Form on the GrainCorp web page using the GrainCorp Buyer to Buyer Software as per **Clauses 6.10 to 6.22** and follow the procedures as agreed to between the Client and GrainCorp from time to time. Title will transfer in the GrainCorp Stock Management System upon the Client clicking on the 'Confirm' button. The

transfer (swap) is effective on the date on which the seller (initiator) processes the transfer of title on the GrainCorp web page.

Wheat may be transferred in accordance with this provision only to another GrainCorp client who has signed a current Bulk Wheat Port Terminal Services Agreement or Country Storage and Handling Agreement.

- 6.11 GrainCorp provides this service to the Client to facilitate the transfer of all or a part of the Interest, as recorded in the GrainCorp Stock Management System, to another GrainCorp client. This service provided by GrainCorp does not constitute or represent the agreement or terms and conditions for the sale of Wheat from the Client to another GrainCorp client.
- 6.12 The Client must regularly update and keep secure the password created by the Client to access the GrainCorp Buyer to Buyer Software. To limit the Client's liability, the Client must notify GrainCorp immediately by telephone on (02) 9325 9191 during business hours in the state of New South Wales (9:00am to 5:00pmAEST, excluding bank and public holidays) if the Client believes that a user's password has become known to anyone other than the intended user.
- 6.13 The Client must provide a minimum of two (2) email addresses for the transmission of confirmation of transfer and it is the Client's responsibility to maintain the email addresses to be used for confirmation of transfers and these email addresses must be kept current. GrainCorp is not liable for any Claim or Loss incurred by the Client or any other person arising out of or in connection with the Client's failure to advise GrainCorp of the changes to email addresses.
- 6.14 GrainCorp may allow any employee of the Client, authorised by the Client in writing, access to this software. More than one user from the Client can have access to the application and password sharing is not required, nor recommended.
- 6.15 The Client must advise GrainCorp of all persons whom the Client no longer requires or authorises to have access to the software on behalf of the Client. GrainCorp is not liable for any Loss incurred by the Client or any other person arising out of or in connection with the unauthorised use of this software by a former staff member of the Client where the Client has failed to advise GrainCorp of changes to staff with access to this software.
- 6.16 The Client must not attempt to transfer to another party more than the Client's Accounting Stock Tonnage at the time of the transfer, as recorded in the GrainCorp Stock Management System. Any attempt to do so will result in the revocation of access rights to the software.
- 6.17 All or a part of an Accounting Stock Tonnage will transfer in the GrainCorp Stock Management System upon the seller clicking on the 'Confirm' button.
- 6.18 All or a part of an Accounting Stock Tonnage may be transferred in accordance with this **Clause 6** only to another GrainCorp client. The transfer is effective, upon the seller clicking on the 'Confirm' button.

- 6.19 GrainCorp may reverse any transfer if:
- (a) the user is in default of payment of any Fees that are not the subject of a dispute to GrainCorp; or
 - (b) the user has attempted to transfer more than their Accounting Stock Tonnage at the time of the transfer, as recorded in the GrainCorp Stock Management System; or
 - (c) in GrainCorp's opinion, the security of the Client has been breached and the Client confirms that breach; or
 - (d) the user is in breach of any term of this Agreement; or
 - (e) if the user has selected a Buyer who is not a GrainCorp client, in which case GrainCorp has no liability for any Claim or Loss in connection with the reversal.
- 6.20 GrainCorp may at any time add, remove, change or impose restrictions on the functionality of the software without limitation and without recourse by the Client. GrainCorp will notify the Client in advance of any changes to the service provided by the software.
- 6.21 The Client acknowledges that GrainCorp will not be liable for any Claim or Loss incurred by the Client or any other person arising directly or indirectly by the use of the Buyer to Buyer Software due to:
- (a) any breakdown or interruption to the service that related to circumstances beyond GrainCorp's direct and immediate control; or
 - (b) the buyer of all or part of the Client's Accounting Stock Tonnage failing to honour the transfer or any contractual agreement between the two parties.
- 6.22 If a tonnage of Wheat is transferred to the Client (as buyer) from another GrainCorp client (as seller) using the Buyer to Buyer Software as set out in this Clause 6, then:
- (a) if the Client rejects all or a part of the Wheat that is transferred by the seller, the Client must transfer that Wheat back to the seller within 5 days of the original transfer. If the Client fails to do so, it will be deemed to have accepted the transfer; and
 - (b) the Client acknowledges that the Wheat accepted from the seller may not be at the location agreed on the transfer at the time of outturn.

Stock Swaps

- 6.23 The Client acknowledges that GrainCorp can swap a grade of Wheat with the same grade of Wheat between GrainCorp Storages, including Port Terminals (and in the Natural Port Zone) by entering into this Agreement. Any proposed stock swap will require the Clients prior written authorisation. GrainCorp will affect these swaps by filling out a Stock Swap Form, forwarding this form to the Client and amending the location of the Client's Accounting Stocks in the GrainCorp Stock System.
- 6.24 For each stock swap effected under **Clause 6.23**, GrainCorp will advise the Client of the price differential in the applicable GTA location differential to the relevant Port Terminal. Where a payment is to be

made by GrainCorp a Recipient Created Tax Invoice (as required under the relevant GST legislation) and a payment by electronic funds transfer will be sent to the Client within 21 days of the transaction. The Client has the option of providing GrainCorp an invoice in lieu of a GrainCorp produced Recipient Created Tax Invoice. Where an invoice is to be sent to the Client the invoice will form a part of the Client's normal GrainCorp monthly invoice as per **Clauses 7.1 and 7.2**.

Shrinkage

- 6.25 GrainCorp will not reduce the recorded tonnage of Wheat by a shrinkage allowance for road and rail deliveries to port terminals from GrainCorp storages and Third Part Storages including each of the following Wheat handling actions:
- (a) Receival by road;
 - (b) Receival by rail and,
 - (c) Wheat sold between Clients by Title Transfer.
- 6.26 A shrinkage allowance of 0.25% will be deducted from all wheat that is outloaded from a Port Terminal by any of the following wheat handling actions:
- (a) Elevation to a vessel; and
 - (b) Loading of all road and rail transport, regardless of destination.
- 6.27 The Client may claim the dust extracted from the Port Terminal during the export of the Client's Wheat. If the Client waives the right to claim the dust, GrainCorp will dispose of the dust in accordance with local environmental guidelines.
- 6.28 These deductions will be applied such that the quantity of Wheat available to the Client for Outloading or Title Transfer will be the reduced quantity. Where a shrinkage allowance is deducted under **Clause 6.26** title in the shrinkage residue (being a volume of Wheat representing the amount deducted) will transfer to GrainCorp (and not the Co-Owners pursuant to **Clause 6.1**). After the Client's Accounting Stock Tonnage (which for the purpose of this **Clause 6.28** is taken to represent the Interest of the Client) as recorded in the GrainCorp Stock Management System has been outloaded, any shrinkage residue will be available for sale by GrainCorp as it sees fits. GrainCorp will retain all proceeds from the sale of any shrinkage residue.
- 6.29 All fees will be levied against the Accounting Stock Tonnage. Any dust and damaged Wheat disposed of by GrainCorp will be to the account of GrainCorp and will not be considered to be outloaded on behalf of the Client.
- 6.30 Further to **Clause 2.1(d)**, if the actual outloading (after the deduction of shrink) of a particular type and grade of Wheat is less than the Accounting Stock Tonnage, GrainCorp will in its discretion either:
- (a) provide sufficient additional Wheat of the same type and grade at the Port Terminal to ensure that the net outloading of Wheat to the Client is equivalent to the Accounting Stock Tonnage for the Client; or

- (b) provide financial compensation to the Client for the shortfall in the net outloading. The financial compensation will be based on the fair market price for Wheat of the relevant type and grade for the applicable season at the time of the last outloading.
- 6.31 If the actual outloading (after the deduction of shrink) of a particular type and grade of Wheat is more than the Accounting Stock Tonnage, GrainCorp will at its discretion either:
- (a) provide sufficient additional Wheat of the same type and grade the Port Terminal to ensure that the net outloading of Wheat to the Client is equivalent to the Accounting Stock Tonnage for the Client; or
 - (b) receive financial compensation from the Client for the excess in the net outloading. The financial compensation will be based on the fair market price for Wheat of the relevant type and grade for the applicable season.
- 6.32 Where the Accounting Stock Tonnage of a particular type and grade of Wheat at the Port Terminal is between the values –1.00 and +1.00 tonne, the Accounting Stock Tonnage of that particular type and grade of Wheat at the Port Terminal will be deemed to have no value and will be removed from the GrainCorp Stock Management System and neither party will have any liability to the other for that amount of Wheat.

Documentation and Weights

- 6.33 For receipt from and loading to road transport, GrainCorp weighbridges at the Port Terminal will be used to determine the Receipt and Outloading Tonnage.
- 6.34 For receipt from and loading to rail transport, the following will apply:
- (a) for rail movements from GrainCorp Storages to the Port Terminal, and for the receipt, by rail, at the Port Terminals of rail movements originating from a source other than a GrainCorp facility, GrainCorp's certified weighers at the unloading destination will be used to determine the final Receipt and Outloading Tonnage;
 - (b) the Client must ensure the currency of certification and compliance with the various state Trade Measurement Acts and Regulations of all end-user rail weighbridges providing final Outloading Weights;
 - (c) GrainCorp must ensure the currency of certification of the Port Terminal and compliance with the various state Trade Measurement Acts and Regulations; and
 - (d) the Client acknowledges that GrainCorp acting reasonably has the right to refuse to either load Wheat to rail or receive Wheat by rail if it believes that if in doing so there is not a certified weighing mechanism in operation. GrainCorp and the Client will use reasonable endeavours to determine a mutually acceptable alternative.
- 6.35 If GrainCorp determines that the Client or the domestic end-user has not declared detailed weights in a timely manner GrainCorp may use

appropriate GrainCorp average weights to determine the Outloading Tonnage until the Client provides details of weights or agreement is reached between GrainCorp and the Client. GrainCorp is to act reasonably if disputing timeliness of declared weights

- 6.36 GrainCorp may dispute at any time any weights declared to GrainCorp by the Client or the domestic end-user. If there is a dispute about declared weights, GrainCorp may substitute appropriate State-wide average weights in place of any weight declared by the Client or the domestic end-user or agreement is reached between GrainCorp and the Client. GrainCorp is to act reasonably if disputing the declared weights.
- 6.37 The Client acknowledges that as a result of variances between weighing devices, the actual Outloading Tonnage for a GrainCorp Storage or Port Terminal may be more or less than the tonnage received at that GrainCorp Storage or Port Terminal. Subject to Clause 6.31 and 6.38, the resulting negative or positive stock-on-hand at that GrainCorp Storage or Port Terminal, will still form a part of the Accounting Stock Tonnes for invoicing purposes and will still be subject to the shrinkage outloading adjustment provisions in **Clauses 6.30 to 6.31**.
- 6.38 If a variance occurs between Port Terminals and GrainCorp Storages as per **Clause 6.37**, GrainCorp may adjust Accounting Stock Tonnes to resolve the variances provided that the Client's total Accounting Stock Tonnes is unchanged and any GrainCorp fees pertinent to the transaction are reconciled. At all times this Clause 6.38 shall not operate to the disadvantage of the Client.

Record-keeping

- 6.39 GrainCorp will keep separate records for the Client, of the Receival Tonnage and Outloading Tonnage determined pursuant to **Clauses 6.33 to 6.38** for each type and grade of Wheat received or outloaded.
- 6.40 GrainCorp will keep daily records of the total amount of Stored Wheat in its possession and where the Stored Wheat is stored.
- 6.41 The Client warrants that all and any information or documentation it provides to, or arranges to be provided to GrainCorp including all shipping or other documents which contain details of grade, origin, location, treatment and type of Wheat ("Client Documents"), will contain accurate and truthful statements and descriptions. The Client indemnifies GrainCorp from and against any Loss or Claim suffered, threatened, or commenced in connection with any misrepresentation or error.

Provision of Stock Information

- 6.42 Upon request by the Client, GrainCorp will supply the Client with particulars of Wheat received, held in storage and outturned on behalf of the Client (**Stock Information**) in the manner agreed between the parties from time to time. GrainCorp will act with best endeavours and in the interest of the Client in providing the Stock Information in as timely and accurate manner as the available technology allows. The Client acknowledges that the Stock Information may be subject to further update upon the availability of additional Stock Information that may affect the Accounting Stock Tonnage of the Client. GrainCorp is not liable to the Client or any other person for any Claim or Loss arising out

of or in connection with the supply of Stock Information unless the result of gross negligence by GrainCorp. The Client expressly indemnifies and releases GrainCorp and its employees, agents and contractors for any Loss suffered or incurred by them in connection with any Claims.

- 6.43 If any documents issued to the Client contain incorrect information as to the quantity or other particulars of Wheat, then GrainCorp must promptly notify the Client by sending a new or amended version of the document.
- 6.44 If an error is not ascertained until after the complete outturn of the Client's Wheat, and it results in the Client receiving Wheat in excess of the Accounting Stock Tonnage, then the Client must either:
- (a) pay to GrainCorp an amount equal to the market value of the excess quantity of Wheat at the date of outturn, within 21 days of the date of invoice; or
 - (b) replace the Wheat with wheat of the same commodity and grade and in the quantity exactly equal to the surplus volume provided in excess to the Client's Accounting Stock Tonnage, as, when and where so requested by GrainCorp, acting reasonably.

7. PAYMENT OF FEES, CHARGES AND OTHER MONEYS

Invoices

- 7.1 The Client agrees to pay all Fees to GrainCorp in accordance with the terms of this Agreement and all other amounts claimed by GrainCorp.
- 7.2 Unless otherwise specified in Annexures A and B, Fees payable under this Agreement will be invoiced (other than amounts payable on demand by GrainCorp under this Agreement) after the end of the month or other period during which or in respect of which the Fees were incurred. Fees for the receipt of Wheat during the period September 2009 (August 2009 for Queensland sites) to January 2010 inclusive may be invoiced every 7 days during this period at the discretion of GrainCorp.

The Outloading to Vessel Fee, Minimum Cargo Lift Fee (if applicable), Shipping Overtime Fee (if applicable), the Geelong Wharf Facility Hire Fee (if applicable) Wheat Blending Fee and any other applicable vessel loading charges will be invoiced on the completion of loading each vessel.

Subject to **Clause 7.10**, all Fees, charges and other moneys payable which are invoiced must be paid within 21 days of the date of receipt of the invoice. GrainCorp may amend these credit terms at any time if the Client does not strictly adhere to these payment terms, and may reject Wheat from any party where they have outstanding accounts under this Agreement or any other agreement the Client has with GrainCorp or its Related Bodies Corporate which breach the terms of credit of the relevant agreement. GrainCorp reserves the right to make adjustments for any error in the calculation of Fees in one invoice in any subsequently issued claim for payment, and the Client must pay the adjustment amount as and when claimed by GrainCorp.

The Client is entitled to dispute invoices. Where there is a dispute, GrainCorp will continue to provide the Services in accordance with this Agreement. The Client cannot unreasonably withhold payment on any part of an invoice that is not in dispute.

Goods and Services Tax

- 7.3 If GST applies to any supply made under this Agreement, GrainCorp will, in addition to the Fees or any other consideration expressed as payable in this Agreement, subject to issuing a valid tax invoice, recover from the Client an additional amount on account of GST, such amount to be calculated by multiplying the fee or any other amount or consideration payable by the Client for the supply by the prevailing GST rate.
- 7.4 If it is determined on reasonable grounds that the amount of GST paid or payable on any supply made under this Agreement differs for any reason from the amount of GST recovered from the Client including by reason of:
- (a) an alteration in the GST law;
 - (b) the issue of or an alteration in a ruling or advice of the Commissioner of Taxation;
 - (c) the allowance to the Client of a refund of GST in respect of any supply made under this Agreement; or
 - (d) a decision of the Administrative Appeals Tribunal (or its equivalent) or a court,

then the amount of GST recovered or recoverable from the Client shall be adjusted accordingly.

Information

- 7.5 GrainCorp does not represent, warrant or guarantee, whether expressly or impliedly, that the information provided by third parties (e.g. NGR) under or in connection with this Agreement, is complete, sufficient or accurate. To the fullest extent permitted by law, GrainCorp accepts no responsibility for any inaccuracies, errors, false and misleading content or omissions contained in any such information, or any other information or matter arising or coming to its notice which may affect this information, or any party's reliance on same.

Payment

- 7.6 If a tonnage of Wheat is transferred to the Client (as buyer) from another GrainCorp client (as seller) where the transferred Wheat was the subject of a Grower Warehouse Agreement, then:
- (a) the Client must pay to GrainCorp under this Agreement all Country Receival Fees or Direct to Port Receival Fees in respect of the transferred Wheat relating to the period before and on the date of transfer as shown on the Grower Warehouse Grain Title Transfer Form. The Client acknowledges that these fees, shown on that Grower Warehouse Grain Title Transfer Form, are payable by the Client as Fees under this Agreement.
 - (b) If the warehoused Wheat has been moved by rail as part of an overflow movement during the harvest period, the Client must

pay GrainCorp the country outloading fee as prescribed in Annexure A of the GrainCorp Country Storage and Handling Agreement of the current season and the net difference in the location differentials as published by GTA between the GrainCorp Storage at which the warehoused Wheat was received and the Port Terminal.

7.7 Under a Buyer to Buyer Title Transfer form or Grower Warehouse Grain Title Transfer form, if Wheat which is stored by GrainCorp is transferred to the Client (as buyer) by another GrainCorp client or Grower (as seller), the Client must pay under this Agreement:

- (a) Storage Fees; and
- (b) Outloading Fees; and
- (c) all other fees, charges and other moneys payable to GrainCorp, in respect of the transferred Wheat relating to the period after the date of transfer.

7.8 Under a Buyer to Buyer Title Transfer form, if Wheat which is stored by GrainCorp is transferred by the Client (as seller) to another GrainCorp client (as buyer), the Client must pay under this Agreement and before the Wheat is transferred:

- (a) all unpaid Receival Fees; and
- (b) Storage Fees; and
- (c) all other unpaid fees, charges and other moneys payable to GrainCorp,

in respect of the transferred Wheat relating to the period up to and including the date of transfer.

Interest on Overdue Accounts

7.9 Subject to **Clause 7.10**, the Client will be liable for interest on overdue amounts due and payable under this Agreement from the date on which payment was due to the date on which payment is made. The interest rate applicable under this **Clause 7.9** is the rate which is 6% above the bank bill buying rate for bills with a tenor of 90 days quoted from time to time by National Australia Bank. The initial interest rate will be based on the average of the relevant bank bill rates quoted by National Australia Bank on the second last business day of the month before the date interest begins to accrue. The interest rate will be adjusted on the first day of every calendar month based on the average of the relevant bank bill rates quoted by National Australia Bank on the second last business day of the immediately preceding month. Interest will be calculated on a daily basis on the outstanding amount, until paid in full.

Credit Facilities and Requirements

7.10 In order to receive the Services from GrainCorp under this Agreement, the Client must comply with one or more of the following requirements, at GrainCorp's discretion, namely

- (a) the Client will have the benefit of the 21-day payment terms for the payment of Fees in **Clause 7.2**, provided that the Client otherwise complies with all of its obligations pursuant to this

Agreement and any other agreement with GrainCorp or its Related Bodies Corporate and makes payment to GrainCorp in respect of any service charges or any other moneys which may from time to time be due and payable by the Client to GrainCorp under this or any other Agreement with GrainCorp or its Related Bodies Corporate. It is further agreed and acknowledged that the Client shall make immediate payment of all moneys owing by the Client at any time upon written demand from GrainCorp in accordance with **Clause 7.10(b)**.

- (b) GrainCorp may require the Client to pay the Fees prior to providing the Services in which event notification of the amount to be paid shall be provided to the Client and paid by the Client, prior to provision of the Services.
- (c) Notwithstanding **Clause 7.10(a)** and **(b)**, GrainCorp may require the Client to pay in advance for Services in those circumstances where, taking into account the quantity to be loaded, the loading of the vessel would reduce the total Accounting Stock Tonnage of the Client in GrainCorp facilities of all Wheat to less than 1,000 tonnes.

Costs

- 7.11 The Client indemnifies, releases and holds harmless GrainCorp from and against all Claims and any Loss incurred by GrainCorp which may result from or be connected to the Client's failure to pay any Fees, charges and other moneys properly due and payable in accordance with this agreement.

Set-off

- 7.12 With the agreement of the Client GrainCorp may apply any amounts whatsoever then due and payable by it to the Client in satisfaction of any amounts whatsoever then due and payable by the Client to GrainCorp under this or any other agreement between the Client and GrainCorp or its Related Bodies Corporate.

Amounts Owing

- 7.13 Without limiting **Clause 7.10**, if any amount is owed to GrainCorp by the Client for any reason and on any account whatsoever (whether or not directly in connection with this Agreement or the Wheat) then GrainCorp may:
 - (a) execute a Grain Stock Order Form or load Wheat under **Clause 3.12**; or
 - (b) execute a Buyer to Buyer Title Transfer Form (or Stock Swap Form) or transfer Wheat under **Clause 6.10**,

in which case GrainCorp will instead retain possession of the Wheat that the Client would otherwise be entitled to and, on 30 days notice to the Client, may sell the Wheat (in a manner determined at the sole discretion of GrainCorp) and apply the sale proceeds to the amount owed by the Client to GrainCorp with any surplus to be paid to the Client. The rights of lien granted to GrainCorp under this **Clause** are in addition to any other rights of lien it has under statute or common law.

This **Clause 7.13** applies irrespective of the capacity in which the Client owes any amount to GrainCorp, whether or not the Client is liable as principal or surety, and whether or not the Client is liable alone, or jointly or jointly and severally with another person.

8. DAMAGES

- 8.1 Unless otherwise agreed in writing with the Client, GrainCorp will not be liable to the Client for any Claims or Loss in relation to any alleged or actual reduction in standard or quality of Wheat where:
- (a) the reduction in quality or standard of Wheat (as determined by the values for protein, moisture and screenings) has not resulted in the downgrading of the Wheat from the grade to which the Wheat was classified on receipt by GrainCorp; and/or
 - (b) GrainCorp has received and loaded the Wheat in accordance with the Receival Standards or other minimum receival specifications and sampling methodology agreed in writing between GrainCorp and the Client under this Agreement; and/or
 - (c) the Client has requested GrainCorp to blend two or more grades of Wheat into one grade of Wheat and the blended Wheat is at least the same quality of the lower Grade; and/or
 - (d) the moisture content of the representative sample for all grades loaded to road, rail, or vessel is within 0.3% of the maximum allowable under the Receival Standards; and/or
 - (e) the Client has not provided notification of the road outloading destination.
- 8.2 If the Receival Standards or the minimum receival specifications and sampling methodology as the case may be referred to in **Clause 8.1** are not met, any Claims made by the Client against GrainCorp in respect of Downgraded Wheat will be limited to: $T \times (P - V)$ where: T is the quantity in tonnes of Wheat downgraded from one grade to a lower grade; and P is the fair market value of the non Downgraded Wheat on the date at which the Claim was made by the client; and V is the fair market value of the Downgraded Wheat on the date at which the Claim was made by the Client.
- 8.3 Where a Claim is recognised by GrainCorp to be valid and GrainCorp agrees to compensate the Client or, in any other event where GrainCorp is liable to compensate or indemnify the Client, then GrainCorp's maximum liability in respect of any Claim shall not exceed \$500,000 for Wheat outloaded on any shipping vessel and \$25,000 for Wheat outloaded on to rail or road trucks on any one day for the Port Terminal, capped at 7 days.
- 8.4 GrainCorp's liability for a Claim under this **Clause 8** is subject to the Client:
- (a) advising GrainCorp promptly of suspecting Downgraded Wheat, ceasing discharging suspected loads, and allowing GrainCorp to inspect suspected Downgraded Wheat .;

- (b) allowing GrainCorp every possible opportunity to mitigate all actual or potential losses.
 - (c) informing GrainCorp of any potential Claim which it has against GrainCorp in respect of Downgraded Wheat received by the Client within 25 business days of receiving the Wheat; and
 - (d) providing GrainCorp with a sample of the Downgraded Wheat subject to the Claim; and
 - (e) allowing GrainCorp to test this sample and compare this sample with sample of Wheat retained by GrainCorp on the outloading of Wheat from the GrainCorp Storage or the Port Terminal.
- 8.5 GrainCorp may, in its discretion, mitigate or satisfy any Claim in respect of Downgraded Wheat by:
- (a) blending a sufficient quantity of other Wheat so as to upgrade the Client's Wheat; and/or
 - (b) substituting (at GrainCorp's expense) other Wheat of the same type of the required grade and quantity; and/or
 - (c) retaining the Downgraded Wheat and providing for the Claim as part of the outload adjustment under **Clauses 6.29 and 6.30**.
- 8.6 GrainCorp is not liable for any Consequential Loss relating to Downgraded Wheat made by or through the Client.
- 8.7 The Client acknowledges that GrainCorp cannot guarantee complete freedom from Wheat defects and contaminants listed with a nil tolerance in the Receival Standards, and is not liable for any quality Claims resulting from the detection of defects and contaminants whenever detected at levels of 0.01% by weight or less.
- 8.8 GrainCorp does not take responsibility for chemical residues in Wheat detected at levels below 0.1mg/kg. This is regardless of whether the chemicals were applied as part of GrainCorp's pest control program, or any fumigation process, or were received from grower deliveries or any other source.
- 8.9 The Client acknowledges that GrainCorp, while using best endeavours to outturn Wheat in accordance with the Receival Standards, is not liable for any non conformance to the specification where the attribute does not form part of the original testing procedure or cannot be comprehensively determined by GrainCorp at the time of receival at GrainCorp Storages. This includes, but is not limited to varietal purity, falling number, vitreous kernel in Durum Wheat, and the presence of objectionable, toxic and chemical residues.

9. EXCLUSION OF LIABILITY

- 9.1 Unless specifically provided otherwise in this Agreement, GrainCorp is not liable for any Loss or Claim including damage, destruction, contamination or loss of Wheat unless and then only to the extent such is caused directly by the negligence, wilful default or fraud of GrainCorp or its employees, officers, contractors or agents.

- 9.2 The Client acknowledges that GrainCorp is unable to test Wheat on receipt (whether received from the Client or from another person) for toxic or other chemical residues, genetically modified seed or other contamination. GrainCorp is not liable for any direct or Consequential Loss suffered or incurred by the Client caused by or otherwise relating to the storage or handling of contaminated Wheat at the Port Terminal. From time to time, GrainCorp may agree with the Client to provide additional testing of Wheat received at the Port Terminal and may agree to provide additional guarantees as to the freedom of Wheat from defects and contaminants. GrainCorp and the Client will agree additional fees and charges for this service.
- 9.3 The Client acknowledges that any transportation of Wheat is at the Client's risk, including transportation of Wheat arranged by or on behalf of or at the request of either the Client or GrainCorp. To the fullest extent permitted by law, GrainCorp is not liable for any Loss incurred by the Client caused by or otherwise relating to the transportation of Wheat. Where the Client acquires rail services from GrainCorp under a separate agreement, nothing in this Agreement affects the obligations and liabilities of GrainCorp under that agreement.
- 9.4 The Client acknowledges that GrainCorp can remove and dispose of dust or Downgraded Wheat generated from the Client's Wheat.
- 9.5 Without limitation, GrainCorp is not liable to the Client or any third party, or any person claiming through or on behalf of the Client, for any costs, losses or delays, whether direct or indirect, that may arise if wheat is not accumulated at the Port Terminal before the **Assigned Load Date** for any reason.

Insurance

- 9.6 GrainCorp will take out and keep in force an insurance policy, and may only by prior written agreement jointly insure with the Client, in respect of loss or damage to the Wheat whilst it is held in the Port Terminal.
- 9.7 If GrainCorp makes a claim under the insurance policy then in relation to determining the fair market price for the purposes of any shortfall liability under **Clause 6.31**, the Client:
- (a) authorises GrainCorp to:
 - (1) receive and give good discharge for all monies payable under the insurance policy;
 - (2) settle, adjust and compromise all claims under the insurance policy; and
 - (3) determine, by agreement with the insurer, the time of loss; and
 - (b) will not make any claim against GrainCorp, nor contest or dispute any GrainCorp decision, in relation to any action by GrainCorp in accordance with this **Clause 9.7** unless GrainCorp acts fraudulently and in bad faith.

Force Majeure

- 9.8 In this Agreement 'Force Majeure Event' means any event which is beyond the reasonable control of GrainCorp, including:

- (a) acts of God, fire, storm, lightning, floods, earthquakes, pandemic, epidemic;
 - (b) acts of the public enemy, war, rebellion, insurrection, terrorist act, sabotage;
 - (c) materials shortages, utility failures, adverse effects of weather or weather related events;
 - (d) changes in any laws, regulations or schemes; and
 - (e) blockade, embargo, strikes, lockouts, labour disputes or disturbances.
- 9.9 Subject to clause 9.10, neither party will be liable to the other or any other person for any delay in performance or inability to perform any of its obligations under this Agreement to the extent that such failure is caused or contributed to by a Force Majeure Event. If GrainCorp's performance is delayed by a Force Majeure Event, the time for performance will be extended for at least the time and to the extent that such performance is prevented by the Force Majeure Event.
- 9.10 The occurrence of a Force Majeure Event does not affect the Client's liability to pay the Fees to GrainCorp in accordance with the terms of this Agreement.

10. TERMINATION

- 10.1 GrainCorp may terminate this Agreement:
- (a) immediately upon written notice to the Client if the Client:
 - (i) has a liquidator or administrator appointed, or is no longer Solvent as defined in the Access Undertaking,
 - (ii) fails to pay any amount that is due and payable under this Agreement or any other agreement between the Client and GrainCorp or its Related Bodies Corporate;
 - (iii) breaches a material term, representation, obligation or warranty as set out in this Agreement or any other agreement between the Client and GrainCorp or its Related Bodies Corporate;
 - (iv) fails to follow a direction of GrainCorp made reasonably and lawfully and material adverse consequences arise from the failure to follow that direction;
 - (v) commits an act or omission which compromises the safety of any person or brings GrainCorp in to disrepute; or
 - (vi) fails to have in place or accurately declare the status of an Accreditation Requirements as set out in this Agreement.
 - (b) upon 14 days written notice to the Client if the Client breaches any other material provision of this Agreement or any other agreement between the Client and GrainCorp or its Related Bodies Corporate, and does not remedy the breach to

GrainCorp's satisfaction within GrainCorp's reasonably stipulated time frame.

- 10.2 The Client may terminate this Agreement:
- (a) immediately in the event that GrainCorp has a liquidator or administrator appointed;
 - (b) upon 14 days prior written notice where GrainCorp breaches any material provision of this Agreement or any other agreement between the Client and GrainCorp or its Related Bodies Corporate, and does not remedy the breach to the Client's satisfaction within the Client's reasonably stipulated time frame.

The Client must pay all Fees and other amounts due and payable in connection with this Agreement not later than 5 days following the termination date.

- 10.3 Notwithstanding expiry of the Term, or termination of this Agreement as set out in this **Clause 10**, the Client must ensure that prior arrangements are made to outturn and / or outload any Wheat held by GrainCorp prior to termination; otherwise the Client shall be bound by the terms of this Agreement or the new season Bulk Wheat Port Terminal Services Agreement (as applicable).
- 10.4 Termination of this Agreement shall not prejudice any rights of either party that have accrued prior to the date of termination and the provisions set out in **Clauses 7, 8, 9, 12.5, 12.6, 12.7** shall survive termination of this Agreement.

11. DISPUTES

- 11.1 Any dispute concerning the grade, quality, sampling, testing or classification of Wheat which GrainCorp and the Client cannot resolve themselves after using reasonable endeavours to do so within 10 business days may be referred to a mutually agreed accredited independent testing facility for resolution in accordance with the provisions of this Agreement. GrainCorp and the Client agree to be bound by the decision of the mutually agreed accredited independent testing facility. If an accredited independent testing facility cannot be agreed between GrainCorp and the Client, the CEO of Grain Trade Australia will determine the accredited independent testing facility. GrainCorp and the Client shall bear their own costs in determining the resolution to the dispute.
- 11.2 If any dispute between the parties relates to a decision by GrainCorp to reject a Cargo Nomination Application or change a vessel loading order under the Port Terminal Services Protocols set out in Annexure B, then the parties shall resolve such disputes in accordance with the dispute resolution provisions contained in Annexure B.
- 11.3 For any dispute not covered under **Clause 11.1** and **11.2**, a party raising a dispute under this Agreement ("**Initiating Party**") must give the other party ("**Recipient Party**") a notice setting out brief details of the dispute ("**Dispute Notice**"). Within five business days of service of a Dispute Notice, the Recipient Party must give the Initiating Party a notice setting

out brief details of the Recipient Party's position on the Dispute ("**Reply Notice**").

- 11.4 Within a maximum of ten business days of service of a Reply Notice, senior representatives from each party, with authority to settle the dispute, will meet and use reasonable endeavours acting in good faith to resolve the dispute by joint discussions.
- 11.5 If the dispute is not resolved within ten business days after the date of the Reply Notice, the dispute must, unless the parties agree otherwise, be submitted to mediation in accordance with the following:
- (a) The dispute will be referred to formal mediation in New South Wales to be mediated by a single mediator appointed by agreement of the parties or if they fail to agree within three Business Days, a mediator appointed by either:
 - (i) the President of the New South Wales Chapter of the Institute of Arbitrators and Mediators of Australia ("**IAMA**"); or
 - (ii) the CEO of Grain Trade Australia ("**GTA**").
- If the parties fail to agree on an organisation to appoint a mediator under **Clause 11.4(b)** within ~~three~~ business days, a mediator will be appointed by the President of the New South Wales Chapter of IAMA.
- (b) Unless the parties agree otherwise, a mediation conducted by a mediator appointed by IAMA will be conducted under the IAMA Mediation Rules and a mediation conducted by a mediator appointed by GTA will be conducted under the GTA Trade and Dispute Resolution Rules (whether or not the mediator is a legal practitioner).
 - (c) The parties may appoint a person, including a legally qualified person to represent it or assist it in the mediation.
 - (d) Each party will bear their own costs relating to the preparation for and attendance at the mediation.
 - (e) The costs of the mediator will be borne equally by the parties.
 - (f) The mediation process will terminate within 20 business days of the appointment of the mediator, upon which either party will be entitled to commence court proceedings in relation to the dispute.
- 11.6 A party must not start court proceedings in respect of the dispute unless it has complied with **Clauses 11.3 to 11.5**. Nothing in this clause prevents a party seeking urgent injunctive or similar interim relief from a court.
- 11.7 During any dispute resolution process, the pre-dispute status quo will continue. Accordingly:
- (a) each party will comply with its obligations, and may exercise its rights under this Agreement; and

- (b) the fact that a party ceases to do anything in dispute will not be taken to be an admission by that party that it had breached, or had been in breach of, this Agreement.

12. MISCELLANEOUS

Legal Operation

- 12.1 Neither party is required to perform any obligation under this Agreement if, in its reasonable opinion, it would contravene or might contravene any Commonwealth, State, Territory or Local Government statute, code or other law, including any condition of accreditation or access or under any laws, government or endorsed scheme or arrangement.

Notices

- 12.2 Any notice or other communication in connection with this Agreement (unless specifically permitted by e-mail):
- (a) is effectively signed by or on behalf of a party if it is executed by that party, any of that party's officers or that party's solicitor or attorney;
- (b) may be served on a party by being:
- (1) sent by post in a pre-paid envelope to;
 - (2) sent by facsimile transmission to; or
 - (3) personally delivered to or left at that party's registered office, address specified;

if the notice is served by GrainCorp on the Client, then the details for the purposes of **Clause 12.2(b)** will be specified on page 1 of this Agreement. If the notice is served by the Client on GrainCorp then that notice for the purposes of **Clause 12.2 (b)** will be served to the GrainCorp Company Secretary c/ the address for GrainCorp stated on page 1 of this Agreement.

- 12.3 Any notice or other communication in connection with this Agreement will:
- (a) if posted, be taken to be served two business days after the date of posting; and
- (b) if sent by facsimile transmission, be taken to be served on conclusion of successful transmission.
- 12.4 Service by any of the methods referred to in **Clause 12.2** will be valid and effective even though a party does not receive the document or if the document is returned to a party through the post unclaimed.

Exercise of Rights

- 12.5 A party may exercise a right, power or remedy at its discretion, and separately or concurrently with another right, power or remedy. A single or partial exercise of a right, power or remedy by a party does not prevent a further exercise of that or an exercise of any other right, power or remedy. Failure by a party to exercise or delay in exercising a right, power or remedy does not prevent its exercise. A party is not

liable for any loss caused by the exercise or attempted exercise of, failure to exercise, or delay in exercising the right, power or remedy.

Remedies Cumulative

- 12.6 The rights, powers and remedies provided in this Agreement are cumulative with and not exclusive of the rights, powers or remedies provided by law independently of this Agreement.

Governing Law

- 12.7 This Agreement is governed by and shall be construed in accordance with the laws for the time being in force in the State of New South Wales and the parties agreed to submit to the non-exclusive jurisdiction of the courts of that State.

Assignment & Privacy

- 12.8 This Agreement:
- (a) may be assigned by GrainCorp to any of its Related Bodies Corporate without the consent of the Client; and
 - (b) subject to **paragraph (a)**, must not be assigned by either party to this Agreement to any third party without the written consent of the other party, which may not unreasonably be withheld.
- 12.9 Both parties acknowledge the right of the other party to access information pursuant to this Agreement in line with the Privacy Act. Both parties agree that any information related to the performance of this Agreement may be collected, held and used by the other party as follows:
- (a) for any purpose required or permitted by any Governmental Department or regulator, or as required by any law;
 - (b) in order to maintain stock records and administer grower payments;
 - (c) used by GrainCorp for purposes connected with the provision of products or services by GrainCorp which the Client has agreed to obtain from GrainCorp;
 - (d) used by GrainCorp and disclosed to GrainCorp's Related Bodies Corporate to market other products and services to the Client (excluding GrainCorp Trading); and
 - (e) disclosed by either party to any party for the purpose of enforcing any rights that party may have in connection with the stated Wheat or commodity or variety.

Site Access

- 12.10 GrainCorp regards the health and safety of all persons, and protection of property and the environment at or about all GrainCorp Storages as paramount. In order to protect people, property and the environment, the Client must, and must also ensure that the Client's employees, agents, contractors and invitees comply with all procedures, policies and instructions of GrainCorp representatives prior to entering, while visiting and while leaving any GrainCorp facility or site. The Client must also provide prior advance written notice to GrainCorp if they are to attend

any GrainCorp facility, stating the date they wish to attend, the identity of the Client's representative and the purpose of the visit.

GrainCorp may, in its absolute discretion, refuse or reject a visitation request or propose alternative times and/or places for the visit and the Client shall not attend at any GrainCorp site without receiving the prior consent of GrainCorp for each visit and shall not enter or stay on any GrainCorp site without appropriate GrainCorp supervision.

The Client is responsible for ensuring that it and the Client's employees, agents, contractors and invitees comply with this clause, any laws and regulations, and all GrainCorp's Port Terminal and access/ egress requirements and they that do not cause and risk of harm, damage, injury, hazard, or cause any contamination of any Wheat, on or about any GrainCorp Port Terminal.

Confidentiality & Endorsement

- 12.11 The parties agree not to disclose the contents of this Agreement to any other party except for the purposes of professional or financial advice or as required by law. Further the Client shall not unless it has received GrainCorp's express prior written approval, make any statements or authorise or publish any material in relation to any GrainCorp personnel, site, facility or any matter connected to the Services or this Agreement, and in no circumstance will the Client make any statements or authorise or publish any material which may be construed as having been approved by or endorsed by GrainCorp.

Legal advice and costs

- 12.12 Each party agrees that it has had an opportunity to obtain its own legal advice. Each party must pay its own legal and other costs and expenses of negotiating, preparing, executing and performing its obligations under this Agreement.

Amendment

- 12.13 Subject to **Clauses 12.14 to 12.17** and **13.3 to 13.5**, this document may only be varied or replaced by a document executed by the parties.
- 12.14 By no later than 31 August of each year occurring after the date of this Agreement, GrainCorp must notify the Client of the new Annexure A, the Wheat Port Terminal Services and Fees Schedule, to apply for the next season commencing 1 October of that year.
- (a) Subject to **Clause 12.16**, the new Annexure A will form part of the Agreement and shall apply from 1 October of that year.
- (b) Subject to **Clause 12.15**, the new Annexure A must apply for a period not ending before 30 September of the next year.
- 12.15 GrainCorp may unilaterally vary Annexure A, the Wheat Port Terminal Services and Fees Schedule, at any time by providing at least 30 days prior written notice to the Client if there is a Change in Regulations after the date of this Agreement which results in a direct or indirect increase in GrainCorp's costs in providing the Port Terminal Services under this Agreement. GrainCorp will be entitled to increase the fees payable by the Client for Port Terminal Services provided under this Agreement to recover the full amount of the increased direct or indirect costs

referable to the provision of the Port Terminal Services to the Client at the relevant Port Terminal. Subject to **Clause 12.16**, the revised Annexure A will form part of the Agreement and shall apply from the later of 30 days from the date of the notice or such later date as specified in the notice.

- 12.16 Subject to **Clause ~~12.17~~12.17**, GrainCorp acknowledges the Client's rights to negotiate (including to raise a dispute in respect of) and GrainCorp's obligation to negotiate any changes to fees under **Clauses 12.14** and **12.15** in accordance with the Access Undertaking.
- 12.17 The Client agrees that GrainCorp may vary the Fees to reflect changes in the Consumer Price Index in accordance with the formula contained in Annexure A. The Client's right to negotiate, and GrainCorp's obligation to negotiate, under the Access Undertaking does not apply to a variation under this **Clause ~~12.17~~12.17**.
- 12.18 GrainCorp may unilaterally vary Annexure B, the Port Terminal Services Protocols, by providing at least 30 days prior written notice to the Client where permitted to do so under Clause 9.2 of the Access Undertaking. Following this notice period, the revised Annexure B will form part of the Agreement and shall apply from the date of such notice.

Counterparts

- 12.19 This document may consist of a number of counterparts and, if so, the counterparts taken together constitute one document.

Entire understanding

- 12.20 This Agreement contains the entire understanding between the parties as to the subject matter of this document. All previous negotiations, understandings, representations, warranties, memoranda or commitments concerning the subject matter of this document, including any interim access arrangements provided pursuant to the Access Undertaking, are merged in and superseded by this document and are of no effect. No party is liable to any other party in respect of those matters.

No oral explanation or information provided by any party to another affects the meaning or interpretation of this document; or constitutes any collateral agreement, warranty or understanding between any of the parties.

13. INTERACTION WITH ACCESS UNDERTAKING

- 13.1 To avoid doubt, not all Services provided under this Agreement constitute Port Terminal Services for the purpose of an Access Undertaking. Services which are not Port Terminal Services include:
- (a) services relating to Wheat which is not Bulk Wheat;
 - (b) loading Wheat to rail or road truck;
 - (c) services relating to Stock Swaps or the transfer of title of all or part of the Accounting Stock Tonnage of Stored Wheat between GrainCorp Clients, including the Client;

- (d) supply chain management from GrainCorp Storages to Port Terminals including liaison with the Client's transport provider.
- 13.2 The Client acknowledges that a new or varied Access Undertaking may be approved by the ACCC during the term of this Agreement.
- 13.3 The parties agree that any changes to the Port Terminal Services Protocols required by a new or varied Access Undertaking will be automatically incorporated into Annexure B of this Agreement.
- 13.4 The Client agrees that, if GrainCorp is required under an Access Undertaking to publish aggregated information on stock held at its Port Terminals, GrainCorp may include in the aggregated information, information relating to the Client's Stored Wheat. To avoid doubt, GrainCorp will not disclose information about the Client's Stored Wheat on an individual basis.

14. INTERPRETATION & DEFINITIONS

Interpretation

- 14.1 In this Agreement unless the contrary intention appears:
 - (a) a reference to this Agreement or another instrument includes any variation or replacement of any of them;

Port Terminal Services Access Undertaking

Schedule 6 – Independent Auditor

1 Appointment of Auditor

1.1 Appointment by GrainCorp

If, at any time during the term of this Undertaking, the ACCC issues a notice under clause 5.5(b) of the Undertaking, GrainCorp must, within five Business Days, advise the ACCC in writing of the identity of the person that it proposes to appoint as the auditor, together with such information or documents (including the proposed terms of engagement) that the ACCC requires to assess the skill and independence of the auditor.

1.2 Independence

The proposed auditor must be a person who has the relevant skill to perform the role of auditor and is independent of GrainCorp. Without limitation, an auditor is not independent if he or she:

- (a) is a current employee or officer of GrainCorp or a Related Body Corporate of GrainCorp;
- (b) has been an employee or officer of GrainCorp or a Related Body Corporate of GrainCorp in the past 36 months;
- (c) in the opinion of the ACCC, holds an interest in GrainCorp or a Related Body Corporate of GrainCorp;
- (d) has within the past 36 months been a professional adviser to GrainCorp or a Related Body Corporate of GrainCorp;
- (e) has a contractual relationship, or is an employee or contractor of a firm or company that has a contractual relationship, with GrainCorp or a Related Body Corporate of GrainCorp;
- (f) is a supplier, or is an employee or contractor of a firm or company that is a supplier, of GrainCorp or a Related Body Corporate of GrainCorp; or
- (g) is a customer, or is an employee or contractor of a firm or company that is a customer, of GrainCorp or a Related Body Corporate of GrainCorp.

1.3 Notification to ACCC

If, within five Business Days of receipt by the ACCC of the information or documents from GrainCorp referred to in clause 1.1 of this Schedule 6, or such further period as required by the ACCC and notified to GrainCorp:

- (a) the ACCC does not object to the proposed auditor, GrainCorp must appoint the proposed auditor as auditor as soon as practicable thereafter (but in any event within five Business Days) on terms approved by the ACCC and consistent with the performance by the auditor of its functions under this Undertakings and forward to the ACCC a copy of the executed terms of appointment of the auditor; or
- (b) the ACCC does object to a proposed auditor, GrainCorp must as soon as practicable (but in any event within five Business Days) appoint a person

identified by the ACCC at its absolute discretion as the auditor on terms approved by the ACCC and consistent with the performance by the auditor of its functions under this Undertaking.

2 Scope of the audit

2.1 Audit report

GrainCorp must, within 30 Business Days of the date on which the auditor is appointed in accordance with clause 1.3 of this Schedule 6, provide to the ACCC a written report from the auditor in relation to GrainCorp's compliance with its obligations under clause 5.5(a) of the Undertaking.

2.2 Assistance

- (a) GrainCorp must provide to the auditor any information or documents requested by the auditor that the auditor reasonably considers necessary and relevant for fulfilling its obligations in relation to compliance by GrainCorp with its obligations under clause 5.5(a) of the Undertaking or for reporting to or otherwise advising the ACCC.
- (b) GrainCorp must procure the auditor to provide information or documents or access to the ACCC, as required by the ACCC to ensure compliance with the Undertaking.
- (c) In complying with the obligations in this clause 2 of Schedule 6, GrainCorp must:
 - (i) take any steps directed by the ACCC in relation to any matter arising from the report of the auditor referred to in paragraph 2.1 of this Schedule 6 within 10 Business Days of being so directed (or such longer period agreed with the ACCC);
 - (ii) direct its personnel, including directors, managers, officers, employees and agents to act in accordance with the obligations set out in this clause 2 of Schedule 6 and ensure such personnel are aware of the auditor and its role; and
 - (iii) provide access, information and/or documents required by the auditor.

2.3 Audit costs etc

GrainCorp must maintain and fund the auditor and must indemnify the auditor for reasonable expenses and any loss, claim or damage arising from the proper performance by the auditor of functions required to be performed by the auditor under this Undertaking.

3 Limits on the audit process

- 3.1 The ACCC must not require GrainCorp to appoint an Auditor to undertake an audit in relation to GrainCorp's compliance with its obligations under clause 5.5(a) of the Undertaking more often than twice in each 12 month period during the term of the Undertaking.
