Dear Mr Ohri

Public inquiry to make a final access determination for the wholesale ADSL service

Thank you for your letter of 3 April 2013, where you outline iiNet's concerns regarding its ability to respond to the ACCC's Draft Report on the wholesale ADSL final access determination (Draft Report). In particular, we note your request that the ACCC take certain steps to address iiNet's concerns.

We will consider your requests to hold a private hearing and release relevant Regulatory Accounting Framework Record Keeping Rule data, and will respond to these requests in due course. However, we do not propose to further extend the period to make submissions to the Draft Report. We encourage iiNet to provide any submissions it can make on the Draft Report by close of business tomorrow, 5 April 2013.

As is the ACCC's usual practice, all public submissions to this inquiry will be published on the ACCC website. We intend to treat your letter as a public submission to this inquiry and propose to publish your letter and this response on the ACCC website early next week.

Should you wish to discuss this matter further, please contact Damien Kelly on (02) 9230 3820 or damien.kelly@accc.gov.au.

Yours sincerely,

Robert Wright
