Dear Mr Home

**ACCESS UNDERTAKINGS – ACCC’s DRAFT DECISION
DIGITAL RADIO MULTIPLEX TRANSMISSION SERVICES**

I write on behalf of the Community Broadcasting Association of Australia.

As you are aware, the CBAA is the peak body for community broadcasting licensees and is taking a lead role in the planning and implementation of digital radio in Australia.

We provided a submission on the 25th November 2008 in response to the ACCC discussion paper and proposed Access Undertakings in relation to digital radio. I have attached to this letter a further submission in response to the ACCC’s draft decision on this matter.

We welcome the opportunity to make this further submission and are keen to meet with you in the near future to discuss the points raised.

Yours sincerely
