Dear Ms van Beelen

Telstra's proposed amendment to Required Measure 5(B)

I refer to your letter dated 20 December 2018 advising that the consultation period for the proposed replacement Required Measure 5(B) (RM 5(B)) for CustomNet Spectrum has now concluded.

I note Telstra's advice that it has consulted with wholesale customers and they did not raise concerns on the replacement RM 5(B). I also note that NBN Co requested some minor changes to RM 5(B) to ensure consistency with other areas of the Migration Plan and these changes are now reflected in the proposed replacement RM 5(B).

The ACCC considers that this Required Measure is compliant with the Migration Plan Principles and does not object to Telstra publishing the replacement RM 5(B) on its Wholesale Customer Portal in accordance with clause 5.2(e) of the Migration Plan.

Please contact Rod Middleton on (03) 9290 1981 if you would like to discuss this matter further.

Yours sincerely
