What is important in your decisions about insurance?

1. How important is the price ('premium') in your decision?

You could also tell us: Did you know about the price of insurance in your town before you moved there? Has price changed a lot? Have you tried to get a lower price? :

The price is a huge factor, my insurance doubled a couple of years ago, so I rang around and found that a lot of companies wouldn't insure in my town. I now have to ring around every year. I have a 2 x 1 and mostly only house items as contents and pay 307 per month, last year it was 357 but I dropped my value as a single income mortgage payer I struggle to make ends meet. Insurance wasn't this high when I moved to Broome. I've never made a claim.

2. How much choice of insurers do you have?

You could also tell us: Where you live, how much choice is there between insurers? Do you think different insurers offer different policies (i.e. is coverage different)? :

I live in Cable Beach and I've been told the crime rate or the QLD floods are the reason for high rates, I struggle to find insurance.

3. What are you covered for?

You could also tell us: Can you get the sort of insurance you want? Do you want flood insurance? How confident are you that you know what you are covered for and what limits you have? If you have made a claim, were you covered for what you thought you were?:
