Subject: Power Bill

Dear Australia Government ACCC

I would like to have a say and express my opinion on why Power company are charging too much expensive money for customer. I believe power company are in placing /put in too much hidden fees late, cancelation, paper bill, connection fee. I believe these fees for power customer are just profit making is not officially plus they making too profit. There should a federal consumer law which stops power making large profit. Past the saving too consumer. Thank you very much.
