Premiums fluctuate considerably I bank with commbank and have retained a policy for \$680 k for m6 fully renovate house in Dampier . The house retained only front wall in renovation being new in 2017, arguably undervalued .

This is due to the policy being \$395 per month - November 24th this year comminsure rang to advise my policy would be going to \$515 per month for same value .

When asked why the insurers stated this is due to potential high winds

2. How much choice of insurers do you have?
