I am the Treasurer of a Not for Profit organization and President of another and on the committee of others and we are shocked that the Not for Profit organisations are being slugged with a rip off Service Fee.

The organization I am Treasurer of recently receiver an [REDACTED] account for \$189.25 of which \$128.54 was a service fee. This organization trains suitable dogs for people with physical disabilities. Yes we train Assistance Dogs at Mareeba and we get no government funding.

This is a blatant grab for money from organisations which are run by volunteers for the benefit of their communities.

I feel this should be eliminated as it is unfair to volunteers who work their guts out just to get screwed by government entities.

Very unfair
