RE: ACCC Draft Report Findings

Dear ACCC,

On behalf of Ryco Filters and the automotive aftermarket I thought to send you a quick note to thank you for your recent draft report findings.

For over 80 years our company has been proudly supplying the Australian automotive industry high quality genuine performance automotive filtration.

We are pleased to read the ACCC reaffirming New Car Warranty protection for consumers choosing to have their cars service by qualified independent repairers using non genuine parts.

We are also pleased to read the ACCC is committed to remove ambiguity regarding consumers understanding where they choose to have their vehicles serviced.

Kind Regards

GUY NICHOLLS
