Hi all

Please see below the meeting agenda for our next working group meeting on 13 September. As discussed at our last meeting, we have created a draft template for public facing outputs and updated our 2023-24 workplan for your consideration in advance of the meeting.

We have also circulated the LLMs examination of technology document to our internal data, scams, legal and economics teams for feedback by 11 September.

Agenda

- Agreement to [minutes of last meeting](#)
- Agency updates
- [LLMs examination of technology](#)
- Feedback on [template for public facing outputs](#)

- Selection of the next technology examination
 - See previous [Horizon-scanning workshop](#) which records the voting process for the last selection, and some potential other topics (noting we decided on generative AI before narrowing down to LLMs)
- Scheduling next WG meeting
- Any other business

Kind regards
