Hi JT and Ellie,
Just to wrap this up, I think later this arvo, we could send something like this:

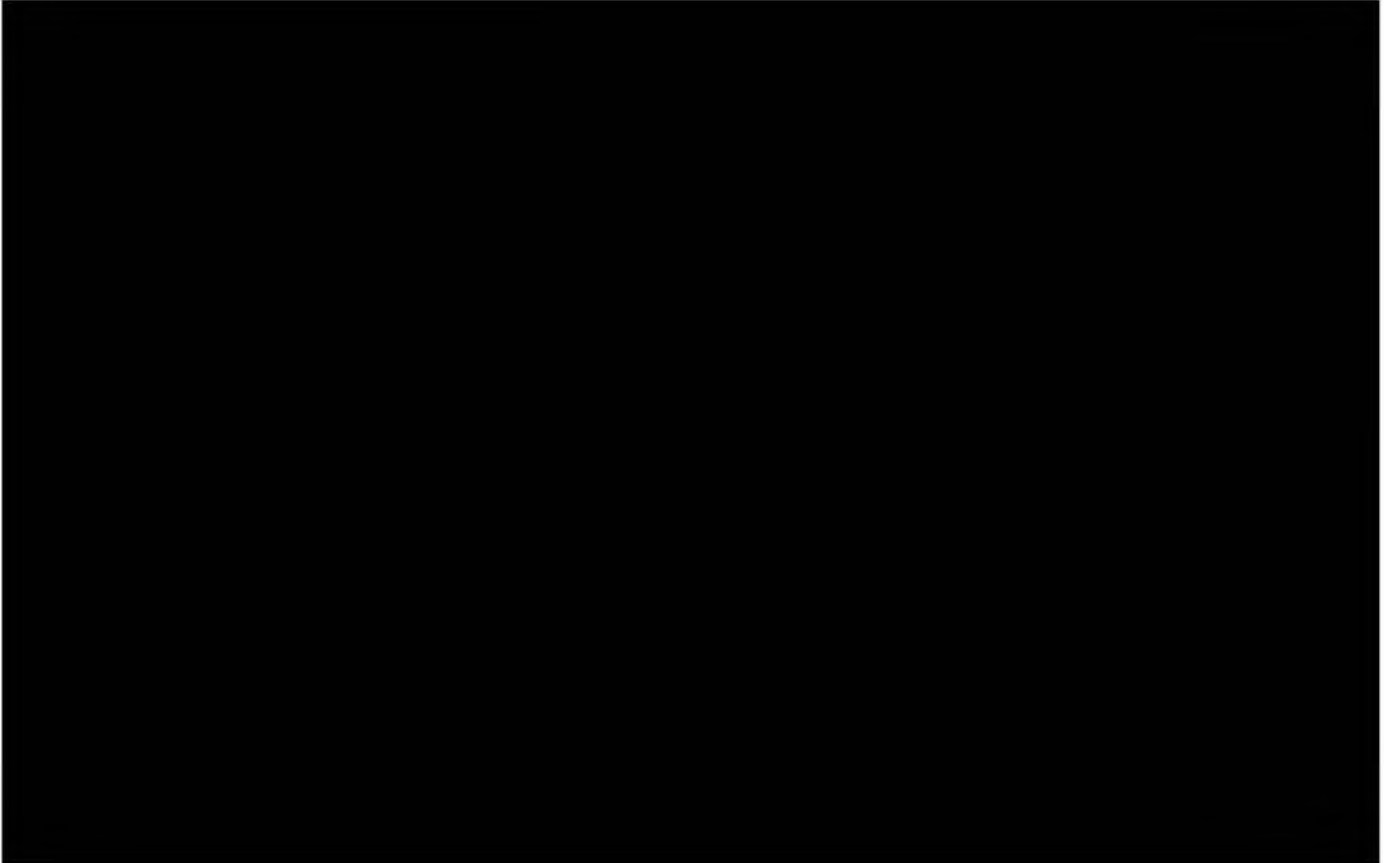

Dear Kara and Patrick,
Thank you for the correspondence.
We have no further questions at this stage.

I note the confidentiality of the correspondence. However, if we have media queries, I just want to confirm that we can refer to the fact that Canva has provided information to the ACCC. We would not refer to the specifics of any of the information.

If this raises concerns for Canva, please let us know as a matter of urgency.

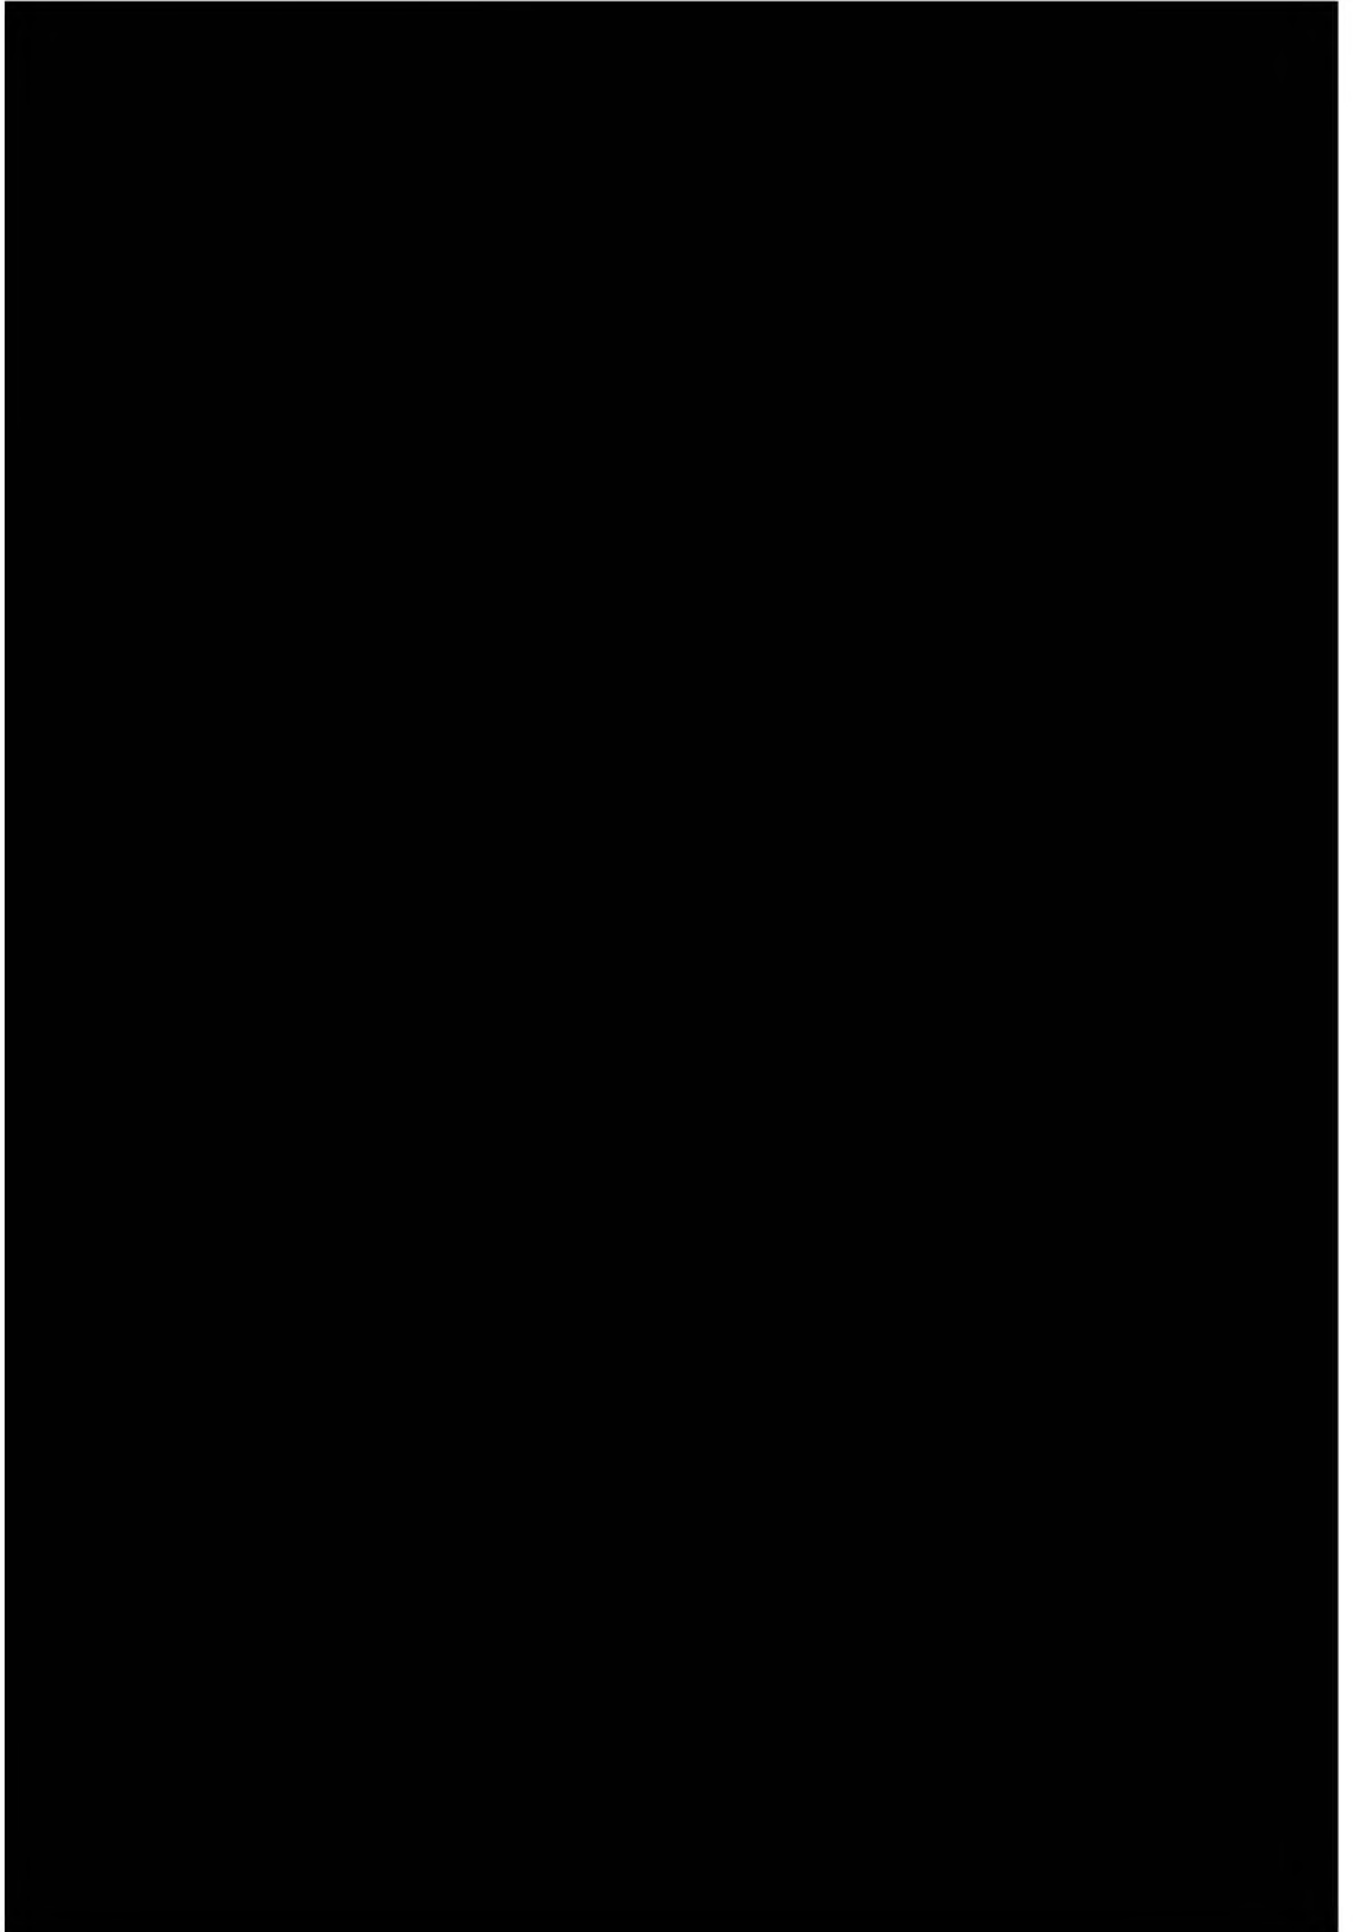

Also, I note our standard confidentiality restrictions when receiving correspondence. That is...[insert usual wording around confidentiality if required]

Kind regards
