Gifts, Hospitality and Benefits - Decision

Reviewed By	Gina Cass-Gottlieb
-------------	--------------------

Reasons for decision	
----------------------	--

I have considered the circumstances of Commissioner William's receipt of Qantas Chairman's Lounge membership in accordance with the Gifts & Hospitality Policy. I am satisfied it was appropriate for Commissioner Williams to have this membership which was provided in the course of official duties and allowed him to perform his duties more effectively while travelling.

While this may give rise to a perception of conflict this has been addressed through public disclosure on the ACCC gifts and hospitality register and standard agency operating procedures for matter management and statutory decision making.
