Dear Mr Gregson,

Thank you for your prompt response to my letter and the matters I raised.

I very much appreciate the time and consideration given to this matter by you and the ACCC. It is helpful for us to understand the process the ACCC follows when reviewing claims of this nature.

We have taken on board your view that the representations appear to have been made in the context of public discourse. We also note your comment that the law provides private rights of action.

If we obtain any additional information or if we become aware of other representations made by iiNet, we will consider whether to take the matter further.

Warmest regards

Graham Burke
