Mobile Roaming Inquiry
Australian Competition & Consumer Commission
Email: mobileroaminginquiry@acc.gov.au

To Whom it may concern

iBendigo Loddon Mallee welcomes the draft decision on mobile roaming and we recommend that this decision is ratified as soon as possible so the mobile carriers can get on with the important job of increasing coverage and services to regional areas.

We also support the continuation of the Mobile Blackspot program which this decision will certainly encourage participation from the mobile carriers.

Yours sincerely
