Dear Ms Halkett

Authorisation AA1000415 submitted by Recyclers of South Australia Incorporated (Recyclers SA) — request for material to be excluded from the public register

I refer to your submission regarding the above application for authorisation lodged with the Australian Competition and Consumer Commission (the ACCC) on 5 June 2018, namely Recyclers SA's Response to the ACCC's request for further information dated 17 May 2018.

I have considered your request that the attachments to this submission that you have identified as confidential be excluded from the ACCC's public register. These attachments are copies of contracts used by the super collectors. I note that you have also provided some contracts in redacted form which you have not requested be excluded from the public register.

As you are aware, the ACCC is generally required under section 89 of the *Competition and Consumer Act 2010* (the Act) to place documents provided to it in relation to an application for authorisation on the ACCC's public register. The Act provides that a person submitting a document in relation to an authorisation application may request that the document or parts thereof be excluded from the public register by reason of the nature of certain information contained in the document.

The ACCC also has discretion under the Act to exclude material from the public register if it is satisfied that it is desirable to do so, either because of the confidential nature of the material or for any other reason.

As a person authorised to make a decision for and on behalf of the ACCC in relation to excluding documents from the public register, the ACCC has decided not to place any of the contracts, including those that have been provided in redacted form, on the public register because they contain information that may be commercially sensitive.

This letter has been placed on the ACCC's public register.

Should you have any queries in relation to this matter, please do not hesitate to contact Miriam Kolacz on 03 9658 6476.

Yours sincerely
