Dear Sir

As a Member Body of the Australian National Kennel Council Ltd the Tasmanian Canine Association Inc (trading as Dogs Tasmania) supports the request to amend the National Code of Ethics of Responsible Dog Ownership (Code of Ethics) to mandate that members of ANKC Member Bodies (such as Dogs Victoria) register dogs bred or owned by them with canine registration bodies which are recognised by ANKC.

This amendment will ensure that members will have to comply with the clauses in the COE relating to breeding and ensure that bitches are not bred from more than twice in any 18 month period.
