Dear Rosannah,

We note that in the application it states that the Participants request that any interim or final authorisation granted by the ACCC apply (in addition to the Participants) to any current or future partners in the Participants instore soft plastics pilot program (Program Partners), being a class of persons within the meaning of section 88(2) of the CCA (page 3 of application).

Can you please clarify whether the Participants intend to seek authorisation for current or future program partners involved in the stockpile remediation, or whether the class of program partners is limited to those involved in the Participants' instore collection pilot program.

Please provide your response ideally by **10 am tomorrow morning 12 December 2024**. If you require additional time please let us know.
