Authorisation (Non-Merger) Application

1. Applicant

1.1 Country Press Australia (CPA) 1st Floor 163 Epsom Road, Flemington 3031 03 8387 5500 ABN 24 502 081 084

1.2 Contact

Bruce Ellen President

1.3 Business Activities

CPA is an industry body that represents the interests of over 160 independent regional and local newspapers throughout Australia.

1.4 Service of documents

2. Other persons on whose behalf authorisation is sought

2.1 CPA is seeking authorisation on behalf of current and future members of CPA.

Appendix 1 details the name, address, telephone number and ACN of the current members of CPA

- 2.2 Appendix 1 details the contact person's name, telephone number and email address
- 2.3 CPA members provide local news and information content through printed newspapers and other platforms to regional and local communities across Australia.

The funding to resource of journalistic staff to provide content, the production, distribution and dissemination of this content to respective communities is generated internally by each member through newspaper sales (if applicable) and revenue derived from advertising.

3. **Details of the proposed conduct**

3.1 Authorisation is sought to make and give effect to agreements arising from the collective negotiations, and engage in discussions and exchange information regarding those negotiations.

CPA members will be offered the opportunity to appoint CPA as their bargaining agent in negotiations with the Digital Platforms (Google and Facebook) outside the legislated Mandatory Code to secure fair recompense to individual publishers for the content they produce that appear s on the Digital Platforms and the resources required to produce this content.

It will be voluntary for CPA members to participate in the proposed conduct.

There is no proposal to engage in collective boycott conduct.

3.1 The relevant provisions of the Competition and Consumer Act 2010:

Cartel conduct (Division 1 of Part IV), and Contracts, arrangements or understandings that restrict dealings or affect competition (s 45).

3.3 The rationale for the proposed conduct

The ability to Collectively Bargain is recognised and approved if negotiations are conducted under the legislated Mandatory Code.

However the Digital Platforms and the Government are encouraging agreements to be struck outside the provisions contained in the Mandatory Code. As a result, the default Collective Bargaining approval included as part of the legislation will not apply.

CPA requests authorisation from the ACCC to act as a bargaining agent for its members to negotiate outside the Mandatory Code, should members choose this path.

CPA members are independent regional and local newspapers with limited resources. For each member to negotiate individually with the Digital Platforms is considered generally prohibitive from both a cost and practical perspective.

- 3.4 A term of 10 years is sort for this Authorisation Application
- 4. A minute of the CPA Board meeting on 26 February is included as Appendix 2
- 5. The persons who will be directly impacted by the proposed conduct are the Digital Platforms (Google and Facebook).

Market Information and concentration

6. The members of CPA provide a news service in regional and local communities published in print and most often online as well.

> The geographic areas serviced are spread throughout regional and suburban Australia, and reflect a community of interest for the news and information published.

There are various geographic regions or parts of regions where publications compete.

- 7. The section of the publishing industry represented by CPA provides for the news and information needs of the communities in which the information is published.
 - Local journalists are employed in each region by each member to provide coverage of news, events and activities within the community serviced.
- 8. Instances of substantially overlapping products are rare.
- 9. The authorisation does not limit or prevent CPA members from competing vigorously and the proposed conduct does not enable CPA members to raise prices, reduce quality or choice, reduce innovation or co-ordinate in the in the creation and provision of content.

Public Benefit

10. The public benefit of a diverse and independent media has been recognised by the Government and the ACCC.

Independent regional and local media have been identified as most at risk in the changed media landscape. This group have also been identified as performing a vital and non-replicable role in the communities they service.

The emergence of "news deserts" in communities where the viability of a local independent news provider has not proved sustainable due to commercial realities and the inability to leverage the economies of scale available to media conglomerates, and has been recognised as a threat to our democracy.

A negotiated outcome providing recompense to the original creators of news content from the Digital Platforms will provide some degree of assistance to sustain independent and diverse media across CPA membership, many of whom are very small businesses serving small communities.

Even CPA's largest members, could be at a severe disadvantage in both financial and human resources if they had no option but to negotiate individually with some of the largest companies in the world today.

Public Detriment 11

CPA is not able to identify any public detriment.

12. Contact details of relevant market participants

CPA is not able to identify likely interested parties other than Google and Facebook who have indicated their support for CPA to act as a bargaining agent in this matter.

13. Additional information

As a member organisation, CPA provide an active dialogue and communication with members on a variety of matters.

Throughout the evolution and development of what has become the Mandatory Code, members have been advised of progress and developments and been given the opportunity to provide comment and feedback.

The Authorisation to conduct Collective Bargaining on behalf of members who so chose, is an extension of an established consultation framework that has existed for many years, and used to advantage to progress this matter.

14. Urgent interim authorisation

CPA seeks urgent interim authorisation for the proposed conduct, so that it can commence negotiations with Google and Facebook as soon as possible.

Google and Facebook have negotiated and completed agreements with large corporate media groups since the Mandatory Code was legislated. However, to date there have been few agreements concluded with smaller organisations who are less sophisticated and have less resources.

To be able to negotiate at a level anywhere near similar to the large corporates and achieve a fair outcome there needs to be an authorisation to bargain collectively.

Recent discussions with the Digital Platforms have indicated they are speaking with individual publishers under an NDA. Often these publishers do not have the knowledge to make an informed decision about the comparative fairness of the offers may be presented with.

Granting of an urgent authorisation would enable those publishers who choose to bargain collectively to benefit from a larger knowledge base and achieve a greater weight to bargain on a more level playing field with some of the largest global companies.

An urgent interim authorisation would remove a perceived imperative to negotiate individually.

Mr Bruce Ellen General Manager Country Press Australia

Dear Mr Ellen

Re: Request for Fee Waiver – Country Press Australia – Application for Authorisation (non-merger)

I refer to your email of 21 April 2021 requesting a full fee waiver for an application for authorisation (non-merger), which Country Press Australia (CPA) intends to lodge with the ACCC.

I understand that CPA intends to apply for authorisation so that it can negotiate with digital platforms (Google and Facebook) on behalf of its members regarding the terms of and compensation for news content provided to the digital platforms.

In support of the request, CPA notes:

- CPA is a not-for-profit representational body, and
- CPA has limited funding and does not have a budget for an application with the ACCC.

Having regard to the above, <u>I wish to advise that the application fee to be paid by CPA has been waived in full.</u>

This decision will remain in force for a period of three months. The three month period will expire on **21 July 2021**.

A copy of this letter should accompany the application for authorisation to be lodged by CPA. The cover letter to the application should mention that a letter from the ACCC regarding a fee waiver is enclosed with the application. The application together with this letter will be placed on the public register at that time.

If the application for authorisation is lodged by CPA after **21 July 2021**, a full application fee of \$7500 will apply, unless you make, and the ACCC approves, another fee waiver.

Should you have any queries in relation to this matter, please do not hesitate to contact Steven Lee on (02) 6243 1347.

Yours sincerely

David Jones

1. PRESIDENT'S REPORT

The President, Mr B Ellen, tabled his report and noted the following:

• Extensive discussion around the table was held on the Mandatory Code after the President summarised the current situation. He noted that the legislation had passed both Houses of Parliament, and that the amendments, on the face of it, were disappointing. He noted that the Federal Treasurer, Mr Frydenberg had allowed amendments that he thought would be acceptable regarding the funding and that Google could potentially pick and choose who it funds.

"That the board delegate authority to Mr Ellen and Mr Thomas to represent CPA members in the negotiations with Google and Facebook to achieve an outcome beneficial to all members, understanding that individual members still had the right to not participate in the outcome."
