Alex

I refer to the Application for Revocation and Substitution lodged electronically on 16 May 2022.

For the avoidance of doubt, and to enable my clients to proceed with advertising the proposed Request for Tender in or about mid-June 2022, I also hold instructions to request an *Interim Authorisation* of the current Application for Revocation and Substitution at the time of handing down a Draft Determination.

I confirm that we consent to this Application and correspondence being disclosed on the Public Register.

Regards

Matthew Rogers Director
