3. Provide details of the notified conduct including:

3.1. a description of the notified conduct

The collective bargaining agreement is required for PaintRight Ltd to negotiate, on the members' behalf, the provision of wholesale and retail support services from suppliers. Prices are negotiated with the supplier and any list-off discount is also negotiated with the supplier. Freight costs and settlement discounts are negotiated on behalf of the members. Product returns procedures are included in the trading terms agreements, where applicable. PaintRight Ltd will not negotiate individual contracts between members and suppliers.

3.2. any relevant documents detailing the terms of the notified conduct

Please reference CB notification CB00289-322

No changes have occurred in the CB process

Suppliers are encouraged that we are in a collective bargaining arrangement

3.3. the rationale for the notified conduct

PaintRight Ltd proposes to negotiate, on behalf of its members, the maximum price at which members acquire paint and paint accessories from the suppliers. Trading terms ask for suppliers to provide 30 days' notice in the event of a price rise to be sent to members and PaintRight Ltd. Provisions are included for suppliers to provide substantiation of price rises before they are implemented. Freight costs are negotiated with the aim of making all product free into store (FIS).

The trading terms are for 12 months and renewable each year.

4. Provide documents submitted to the notifying party's board or prepared by or for the notifying party's senior management for purposes of assessing or making a decision in relation to notified conduct and any minutes or record of the decision made.

5. Provide the names and/or a description of the persons or classes of persons who may be directly impacted by the notified conduct (including targets in collective bargaining or boycott conduct) and detail how or why they might be impacted.

Market information and concentration

6. Describe the products and/or services supplied, and the geographic areas supplied, by the notifying parties. Identify all products and services in which two or more parties to the notified conduct overlap (compete with each other) or have a vertical relationship (eg supplier-customer).

PaintRight Ltd considers that the markets affected by the proposed collective bargaining arrangement include paint re-sellers, paint suppliers, accessories suppliers and road transport services.

7. Describe the relevant industry or industries. Where relevant, describe the sales process, the supply chains of any products or services involved, and the manufacturing process. 1 Notifying parties should consult with the ACCC prior to lodgement to discuss the scope and range of documents needed in the context of the proposed conduct the subject of the notification. November 2017

Paint resellers across Australia can be divided into paint specialists and hardware. Paint specialists can then be divided into groups or chains including Inspirations, Bristol, Paint Place Group, Paint

Spot, as well as manufacturer owned and controlled outlets and independents. Hardware includes Bunnings, Mitre 10, Home, as well as independents.

The paint suppliers to PaintRight also sell to other paint resellers. PaintRight comprises less than 2% of the paint reselling market in Australia.

8. In respect of the overlapping products and/or services identified, provide estimated market shares for each of the parties where readily available.

When combined, Haymes, Valspar, PPG and Dulux supply over 80% of the paint in Australia.

Suppliers of accessories to PaintRight also sell to other paint resellers. The combined accessories suppliers listed would supply over 80% of paint accessories in Australia.

Paint is not an easily transported product with part of the range including solvents and aerosols, making it difficult to send to Tasmania and North Queensland. Suppliers negotiate and organise their own transport.

9. Describe the competitive constraints on the parties to the proposed conduct, including any likely change to those constraints should authorisation be granted. You should address:

9.1. existing or potential competitors

9.2. the likelihood of entry by new competitors

9.3. any countervailing power of customers and/or suppliers

9.4. any other relevant factors.

Public benefit

10. Describe the benefits to the public that are likely to result from the notified conduct. Provide information, data, documents or other evidence relevant to the ACCC's assessment of the public benefits.

Increased Competition

By PaintRight Ltd entering into a collective bargaining agreement, members will be better able to compete against the large corporates such as Bunnings, offering the general public a choice.

Increased Consumer Awareness

The agreements are primarily set up for the collection of rebates which are used to market the group. Our marketing is aimed at highlighting the benefits of shopping at paint specialists for paint. Our marketing also benefits other paint specialists.

Increased Levels of Service

By entering into a collective bargaining agreement, members will have access to deals that they could not access individually. By consolidating their purchasing power they not only command better pricing from suppliers, but also gain leverage when discussing supply issues, product requests and additional support. This is also valuable in product development leading to a better product for the public.

Public detriment including any competition effects

11. Describe any detriments to the public that are likely to result from the notified conduct, including those likely to result from any lessening of competition. Provide information, data, documents, or other evidence relevant to the ACCC's assessment of the detriments.

PaintRight Ltd believes the anti-competitive effect of the arrangement will be small as:

- PaintRight Ltd does not mandate purchases from any suppliers. Members are flexible to buy from suppliers listed in Section 5 or others;
- Members are free to negotiate additional price relief and quantity breaks;
- Members are free to negotiate individual deals on local marketing and promotions;
- Members have not agreed on sell prices. This will be determined individually by members;
- Members are free to compete in their local markets with the diversification of their businesses and the services they offer;
- Members are encouraged, but not compelled, to participate in group marketing activity.

Contact details of relevant market participants

12. Identify and/or provide contact details (phone number and email address) for likely interested parties, such as actual or potential competitors, customers and suppliers, trade or industry associations and regulators. Any other information

13. Provide any other information you consider relevant to the ACCC's assessment of the notified conduct.
