Subject: Agreement with the ability to collectively bargain

Categories: Submission

Dear Sir/Madam

I support a considered approach to enabling collective bargaining. It would need to be done in a way that ensured the necessary 'good behaviour' of all parties.

Well done to the ACCC for taking this up as a potential way forward. Too many times I have seen the small business, club/association or individual suffer because they cannot match the knowledge resources and unwarranted self confidence of the larger entity (government and private sector).

Kind regards
