Dear Mr Grimwade

Revocation and substitution of Authorisation No A30204 – Resource NSW

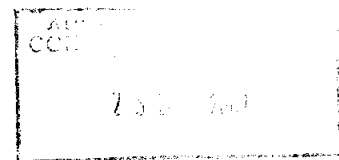

Thank you for your letter of 9 December 2002 regarding the application by Resource NSW for the revocation of the above authorisation and its substitution by a new authorisation.

I note that the Commission has varied the authorisation to the effect that the successful tenderer would be required to build at least one materials recovery facility in the geographical area encompassed by the Southern Sydney councils, or in an adjacent local government area, unless the tenderer already had such a facility in that area.

WSNSW supports this change in the interests of councils receiving the widest possible selection of competitive bids.

Yours sincerely

Ken Kanofski
Chief Executive Officer
