Re: A90816, A90817	Your ref: C2002/50

Dear Kathryn,

I confirm my telephone conversation with you yesterday that the National Council of the Drycleaning Institute of Australia has decided to *'take no further action in respect of the ACCC application'*.

In the strict legal sense of the wording of the resolution is that the DIA is to take 'no further action'. This does not state that the Application is to be withdrawn or not pursued.

It does request that the application be withdrawn or request that the ACCC not proceed with its final determination.

I trust that this does not inconvenience the ACCC.

Yours sincerely,

Michael Meere
Industry Consultant.
