Dear Peter

As President of the Clay Brick and Paver Association of Victoria, I advise that the Association gives its consent to the Victorian Brick & Blocklaying Training Foundation Limited to act on our behalf in making application to renew the current Authorisation (A90738) granted by the ACCC, and in particular grants consent and our support to the following actions -

- Revocation of the current determination (Authorisation No. A90738)
- Substitution of a new authorisation
- An interim authorisation to cover the period after the current authorisation expires and the date the new authorisation takes effect.

Should you require any further consents or support in this matter, please do not hesitate to contact the Association.

Yours sincerely

  
Brian Murphy  
President

Clay Brick and Paver Association of Victoria
