Dear Sir/Madam

I am replying to you regarding the application by the Victorian Brick & Blocklaying Foundation.

Daniel Robertson Australia Pty. Ltd has no objection to the proposed levy increases on Clay Brick and Concrete Masonry.

We see this as a major initiative to assist in the promotion of training young people in the art of bricklaying to ensure the future of the industry going forward.

There will be inherent benefits to consumers via this Foundation by ensuring there is enough quality brick & block layers going into the system to ensure pricing will remain competitive.

Please feel free to contact me in any manner regarding this subject.

Yours truly,

Mark O'Brien
