Dear Mr O'Neill

I am replying on behalf of the AMA to your letter CA93/4 JS:GH of 9 March 1993 wherein you invited the Association's comments on Application for Authorisation A90549 by the Proprietary Medicines Association of Australia Incorporated.

Having examined the copy of the Application which you enclosed with your letter, I advise that the AMA does not wish to oppose it. Thank you for providing an opportunity to comment on this matter.

Yours faithfully
