Subject: Application for Minor Variation to Authorisation A90880 lodged by the MIAA

We fully accept and endorse the proposed variation, as it is aimed at providing greater protection to borrowers who use the services of finance brokers. The MIAA's Rules and Standards ensure that industry participants who are MIAA members operate to a high level of professional requirements in respect of their knowledge and expertise, their business structure and their dealings with customers. The recent changes, that are the subject of the Variation, further strengthen these requirements and provide borrowers with a higher level of assurance and confidence in respect of their dealings with MIAA members.
