Dear Sir/Madam,

Application for Interim Authorisation by the Federation of Australian Wool Organisations

The National Council of Wool Selling Brokers of Australia Inc. is the principal representative organisation in the wool selling sector. Our members sell about 70% of wool sold at auction and 60% of Australia's total wool clip. This letter is concerned with the application by the Federation of Australian Wool Organisations (FAWO) for Interim Authorisation and we will write separately about the application for Authorisation.

The National Council is a member of FAWO and, as your letter has indicated, a party to Implementation Deed that will establish the procedure for collecting the levy. As such, the National Council has been an active participant in the development of the test marketing campaign, the levy proposal, and the application for interim Authorisation and Authorisation. We therefore support the claims by FAWO about the public benefits that we expect will arise from the test marketing campaign.

We support the application for Interim Authorisation.

Yours sincerely,

John O'Connor
Executive Director
