Dear Sir /Madam

Thank you for your offer to make a submission for the Application for revocation and substitution lodged by the Victoria Brick and Block Training Foundation Ltd on behalf of the Clay Brick and Paver Institute and the Concrete Masonry Association of Australia.

I have no issue with the application; in fact it can only add benefit to the objective of the industry which is to improve the volume of fully trained Brick and Block layers available to the building industry.

The Victorian approach has been successful in attracting a new breed of potential contractors to the industry and I would think that by having a fully supported approach by the industry across Australia would only benefit the long term growth in the future.

Should you wish to discuss this any further I can be contacted on 03 9875 3011 or by email: mark_obrien@danielrobertson.com.au

Yours truly,

Mark O'Brien
