RE – Changes to Licensing Program

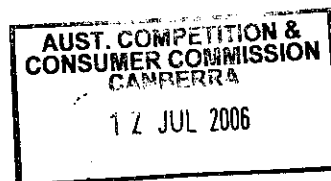

To Whom It May Concern

I have read with concern that the ACCC is looking to force the Australian Baseball Federation to make changes to the Licensing Program. As an administrator with Baseball WA, I am happy with the changes that the ABF has already made to the program and fully support the program as it currently stands. "Licensing Compliance" is as practice we encourage in this state and the financial benefits generated by the program assist BWA with providing grass roots development via the employment of Development Officers.

Should you require anything further please don't hesitate to contact me.
