General Manager  
Access Branch  
Australian Energy Regulator  
PO Box 1199  
Dickson ACT 2602

Dear Mike,

The Energy Users Association of Australia (EUAA), under Section 90A of the Trade Practices Act 1974, requests that the ACCC holds a conference in relation to its draft determination regarding authorisation in respect of the PNG Gas Project.

The EUAA is concerned solely with what is in the best interests of energy users and as such has difficulty with the draft determination. The EUAA has an interest in the PNG Gas Project, given its involvement in both national and state issues and its position as the national association of energy users.
