Dear Mr Miller

IATA further application for minor variation to authorisation A90791

I refer to the above application for minor variation to authorisation A90791 lodged by the International Air Transport Association (IATA) on 9 October 2006.

I would appreciate if IATA could provide the following information and document in relation to the changes to Resolution 850p by **Tuesday 7 November 2006**.

- a copy of the criteria established by IATA for the evaluation and approval of financial security providers and provider products
- Could IATA outline how it will ensure that travel agents and/or financial security providers are not disadvantaged by the annual review of all financial security providers and their products, as well as the criteria, in light of the required timing for agents to renew their financial security product

The ACCC has also sought the views of interested parties in relation to the application and will provide IATA with an opportunity to comment on any submission received in due course.

Should you have any query, please do not hesitate to contact me on 02 6243 1049.

Yours sincerely

Isabelle Arnaud
