Dear Dennis

You should of received by now copies of letters the ACCC sent to interested parties on 5 January 2007 seeking comments on Agsafe's application for revocation and substitution.

There are a number of further questions which I would like to follow up with regards to Agsafe's application which are outlined below.

At our meeting on 7 December 2006 we provided a list of questions to be addressed once Agsafe had lodged the application for revocation and substitution. Would you be able to give a timeframe of when the ACCC would be most likely to receive a response to these questions? If possible I would be grateful if a response could be provided by 31 January 2007.

The CropLife Australia Code of Conduct outlines the requirements on its members for complying with the Agsafe Guardian program (see clauses 22 - 25). I have been unable to locate on the Animal Health Alliance website a similar Code of Conduct. Does the Animal Health Alliance require its members to comply with the Agsafe Guardian program? If yes, could you please provide the document which outlines this requirement?

Could Agsafe please provide a copy of the 2005/2006 Annual Report? (I have checked on Agsafe's website but could only locate an annual report for the year 2004/05)

For the years 2002 - 2006 could Agsafe please provide a breakdown year by year of the following:

- the number of personnel accredited under the Agsafe Guardian Program
- the number of premises accredited under the Agsafe Guardian Program
- the number of warning letters issued each year ( I note on page 7 of Agsafe's public interest statement it is stated that since 2002, 1922 warning letters have been issues to premises. If possible, could this figure please be broken for each year during this period)
- the number of trading sanctions imposed each year during this period

Just as a reminder, I have also requested a list of current Agsafe members.

If you have any questions please contact me on the number listed below.

Regards

Danielle
