Dear Richard

As discussed, in addition to the questions provided on 20 August 2007 could RWWA please address the following questions:

- Is the requirement to obtain workers compensation a legal requirement? If yes, what legislation provides for this?
- What transitional measures will be put in place for those horse trainers who have workers compensation insurance with a different provider, to the provider which will be selected by RWWA?
- When does RWWA intend to implement the notified conduct on horse trainers?
- Are there difficulties for horse trainers seeking to obtain workers compensation insurance?

Should you have any questions please contact me on 02 6243 1362. Please note that this email will be placed on the ACCC's public register.

Regards

Danielle
