We had always held a Victorian

Chemical Resellers licence, we sell very little chemical but we do sell fertilizers and some farm products, occasionally picking up chemicals for farmers that aren't available locally. Some of our staff have done chemical courses that were organised by myself through various authorities including the V.F.F. We trust that section 12 be maintained in any act.

Their communication re sanctions was extremely poor, in fact we would call it an insult.

Yours sincerely

Les Horsfield
