Your Ref: C2007/96-01

Dear Isabelle,

**Subject: IATA application for minor variation to Authorisation A90855
Cargo Agency System – interested party consultation**

Thank you for your letter of the 29th August, 2007 in regard to the proposed minor variation to the above detailed authorisation as requested by IATA.

After due consideration, the Australian Federation of International Forwarders (AFIF) as both a direct respondent to the ACCC and also as a member of the IATA Cargo Executive Committee for Australia, will support the request by IATA for this minor variation to extend the duration of the protection afforded the Cargo Agency System by three months beyond the current expiry date of 31st August, 2007 to 30th November, 2007.

We look forward to working with yourselves and IATA during this period to ensure the continuing viability of the program within Trade Practice Law.

Kind regards

Brian Lovell
