Dear Ms Arnaud

**IATA application for minor variation to Authorisation A90855
Cargo Agency System**

Further to the letter of 29 August 2007 in relation to the variation to Authorisation A90855 the Customs Brokers & Forwarders Council of Australia Inc. (CBFCA) has noted the issues raised in the application for variation by the International Air Transport Association (IATA) and see no effect on competition or any other public detriment likely to arise from the proposed minor variation.

As noted in the IATA application, and as supported by the CBFCA, the IATA Cargo Agency System delivers significant public benefit and other efficiencies. Also the Cargo Agents Settlement System, as referenced by IATA, remains, in the CBFCA's opinion, an appropriate system for parties to work for financial outcomes and payment processes.

Kind regards

STEPHEN J MORRIS
