Dear Ms Randall,

I refer to Joanne Palisi's letter of the 22 October 2008 addressed to Mr Peter Gardner, former CEO of this Board, about a draft determination in respect of the application by the Australian Dental Association for possible price-fixing conduct and exclusionary provisions with respect to shared dental practices.

This matter was considered by the Dental Practice Board of Victoria at its meeting on 11 November 2008. The Board supports the draft determination.

Yours sincerely,
