Hi Monica,

I am very sorry I did not reply to this, I really do not have a good excuse except that I have that much going on I do not know were the time has gone.

All our Association said was;

we feel there should be one governing body for speedway in Australia, they should only control, licensing, insurance and racing rules and NASR has done a good job so far in regard to this.

They should not have any say in the regulations for specifications of any existing Division.

Thanking you
yours in racing
