To Whom It May Concern:

I would like to register a complaint that the proposed ebay payments system(using exclusive paypal method) will impact my ability to use choice on the site. Currently I use another payment method for the majority of the time(bank transfer payments). This method is chosen because the costs are considerably reduced. To be forced to use the paypal method will considerably add cost to my transactions, these extra cost all directly flow to ebay and I consider the method a restraint on the way I trade.
