Hi,

I have been an Ebay user for over 5 years with over 50 purchases.

Paypal glitched my Visa card on a zero Dollar transaction, during a Pay Pal Trial period, locking me out of using Paypal, unless I get a new credit card. I have been paying by direct debit without any issues, but with the new Pay Pal ruling, I will stop using Ebay and have to pay much more in standard online stores rather than Ebay online auctions.

Please block the limiting of Ebay transactions to Paypal only!
Regards,

Trent O'Callaghan
